Pavement investigation project on U.S. 24 resumes on Nov. 25

A Kansas Department of Transportation pavement investigation project on U.S. 24, west of Perry between mile markers 380 and 382, will resume Monday, Nov. 25, weather permitting.

This is a one-day project that will begin in the west bound lane about 9 a.m. and should conclude about 3 p.m. One-lane traffic will be controlled by flaggers and a pilot car. Motorists should expect delays and add extra time to their travel schedules.

Pavement investigation includes core drilling, which gathers samples to test to determine the condition of the pavement.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1.
