Lane reductions on U.S. 75, K-4 will affect traffic Aug. 14

The Kansas Department of Transportation will provide traffic control on northbound U.S. 75 and also eastbound K-4 on the Kansas River bridges on Friday, Aug. 14, from 8 a.m. to 2 p.m. for water sampling of the Kansas River.

KDOT crews will direct motorists as water samples are taken from the Kansas River. The right shoulders of northbound U.S. 75 and eastbound K-4 will be closed. Drivers should expect delays and add extra travel time to their commute.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1. Drive safely and always wear your seat belt.
