Two projects in Topeka postponed

The Kansas Department of Transportation has postponed two projects scheduled to begin today, due to the weather.

A guardrail maintenance project on U.S. 75 at mile marker 162 between the Northwest U.S. 24 overpass and the railroad overpass and a pothole patching project at K-4 and I-70 will be rescheduled as soon as possible.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1. Drive safely and always wear your seat belt.
