### **I-70 lane reductions in Topeka June 25**

Portions of eastbound and westbound I-70 through Topeka will be reduced to one lane on Friday, June 25. Kansas Department of Transportation maintenance crews will be patching potholes between mile markers 353 and 366 from 9 a.m. to 3 p.m., weather permitting.

The right or left lane will be closed around the active work area as it moves along I-70. Traffic control around the mobile operation will include crash attenuators, message boards and signs. There will also be a speed reduction through the work zone, and drivers should be prepared for slow-moving traffic.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
