K-10 patching will detour drivers in Lawrence next week

According to the Kansas Department of Transportation (KDOT), maintenance crews will complete patching work on the Clinton Parkway overpass bridge on K-10 in Lawrence on Tuesday, March 8. Work will occur between 9 a.m. and 3 p.m., weather permitting.

Westbound traffic will be detoured down the Clinton Parkway off-ramp and back onto K-10 via the on-ramp. When crews complete the westbound lane, the process will be repeated for the eastbound lane. Eastbound traffic will then be diverted using the off- and on-ramps. A flagger will be at the bottom of the off-ramp to direct motorists.

Drivers should be prepared for slow-moving traffic and use extra caution through the work zone.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
