K-4 guardrail project to begin Monday

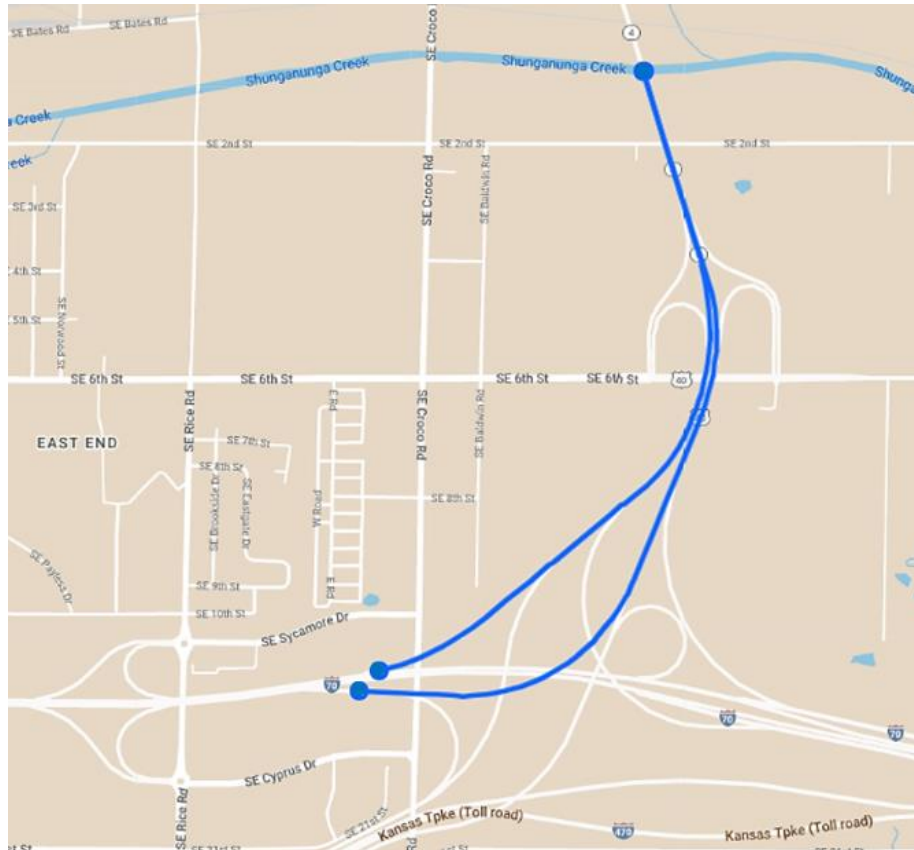

The Kansas Department of Transportation will begin a guardrail improvement project on K-4 just east of Topeka on Monday, Aug. 21, weather permitting. The project spans less than 1 mile from I-70 north to Shunganunga Creek.

Traffic impacts should be minimal with most project activity taking place along the roadway's shoulder. Occasional lane reductions may occur in the area. Flaggers will direct traffic when necessary.

Work will take place from 9 a.m. to 3:30 p.m., Monday through Friday, and Saturdays as needed. It is expected to be completed by late November, conditions permitting.

Bettis Asphalt & Construction, of Topeka, is the contractor on the \$316,000 project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of highway construction projects across Kansas, go to www.kandrive.org or call 5-1-1.
