b. NTPEP Prequalification. Results of testing from the AASHTO National Transportation Product Evaluation Program (NTPEP) will also be accepted. Submit a copy of the most recent NTPEP test report to the Engineer of Tests. Include evidence that the product being offered is identical to the one reported in the NTPEP report.

Page 1500-3, subsection 1502.4. Add a new subsection as follows:

c. Prequalified List. The Bureau of Materials and Research will include products complying with **subsection 1502.2** on a prequalified list. Failure of any field installation in less than the anticipated life will be cause for removal of the product from prequalified status. Products removed from prequalified status will be considered for re-qualification if the manufacturer can provide evidence that the cause of failure has been positively identified, and necessary formulation changes and quality control measures have been implemented to eliminate that cause. Complete prequalification under **subsection 1502.4** is required for products removed from the prequalified list.
