

# FAQ

## 2024 KSICS radio feature requirements

- Q: Will my old radio be shut off or deactivated after the deadline?  
A: NO
- Q: Does my old radio have to be upgraded to work?  
A: NO
- Q: Can I purchase a used radio after the deadline?  
A: Yes, if the radio meets the requirement capabilities.
- Q: Do I have to purchase the radio with phase 2, AES, multi key, and OTAR/OTAP options?  
A: NO, But the radio MUST be capable of being upgraded
- Q: What if my new radio comes with encryption but not AES  
A: The radio must be capable of upgrading to AES.  
\*if the radio is purchased with homeland security funds it must have AES if any other form of encryption is already installed
- Q: If one of my old radios becomes inoperable after the deadline will the replacement radio have to meet the requirements  
A: Yes
- Q: I have other questions, who can I ask.  
A: Please email us [ksics\\_encryption@ks.gov](mailto:ksics_encryption@ks.gov)
