

Recreational Trails

RECREATIONAL TRAILS PROGRAM

Under the FAST Act, the projects and set asides covered by TAP including recreational trails (RT) are funded with the Transportation Alternatives (TA) a set aside of the Surface Transportation Block Grant (STBG) program. The amount of federal funding reserved for the Recreational Trails program (RTP) continues at the same levels provided under previous authorizations. For RTP a portion of the State of Kansas TA set aside funds equal to the funding that the state of Kansas received for the RTP apportionment in 2009 is set aside for recreational trails with 1% of the funds being returned to FHWA for administration of the RTP as outlined in the act. Until a new federal transportation act is adopted, funding levels for the RTP will continue to be estimated at the levels specified in FAST. In the years of this STIP, federal funding for RT is estimated at \$1.37 M for each year.

The RTP program provides funds to develop and maintain recreational trails and trail related facilities for both motorized and non-motorized trail uses. The requirements and provisions under section 206 of title 23 remain in effect including the funding ratio requirement that 40 percent of funds be delegated for diverse use, 30 percent for motorized recreation use and 30 percent for non-

motorized recreation use when making project selections.

In Kansas, at the authority of the Governor, administration of the recreational trails program is the responsibility of the Kansas Department of Wildlife, Parks and Tourism (KDWP&T)- Parks Division (<https://ksoutdoors.com/>). Since RTP projects are not under the administration of KDOT, the RTP projects are not included in project listings in Appendixes A-C of this document. Instead, RTP master projects for the Federal Fiscal Years 2021-2024 STIP are listed on the following pages. The funding estimated for each of these projects is based upon the funding guidelines outlined in the FAST Act. All RT projects are funded based on a ratio of 80 percent federal funds with a 20 percent local or state (KDWP&T) match.

KDWP&T is responsible for project solicitation, selection and management of RTP projects. For further information concerning RTP in Kansas, please contact:
