FHWA Approval of the December 14, 2009
Amendment to the FY 2010 Kansas
Statewide Transportation Improvement
Program (STIP)

Ms. Deb Miller
Secretary of Transportation
Kansas Department of Transportation
Eisenhower State Office Building
Topeka, Kansas 66603

Dear Ms. Miller:

As requested by your December 14, 2009 letter, our office has reviewed the FY 2010 STIP amendment to include the Halstead Main Street Bridge project in Harvey County. This is an ARRA funded improvement. We have determined that the amendment is based on a statewide transportation planning process that substantially meets the requirements of 23 U.S.C. 135, 49 U.S.C. 5304 and 23 CFR 450. Based on our review, the STIP amendment is approved. Please contact Byron Low at 785-271-2448 if you have any questions.

Sincerely yours,

J. Michael Bowen, P.E.
Division Administrator
Federal Highway Administration

RE: FY 2010 STIP Amendment – ARRA Funding

Dear Mr. Bowen:

The project on the enclosed amendment list to the FY 2010 Statewide Transportation Improvement Program (STIP) was published in the Kansas Register for public comment on November 12, 2009. Since the comment period for this project has been concluded, we request that it be added to the FY 2010 STIP.

If you have any questions, please contact Susie Lovelady at 785-296-0281.

Sincerely,

A handwritten signature in blue ink, appearing to read "Deb Miller", is written over a horizontal line.

Deb Miller
Secretary of Transportation

Request for Comments

The Kansas Department of Health and Environment is proposing to issue a five-year permit to the Sunflower Electric Power Corporation-Holcomb Station (Plant Code: 0108) pursuant to Title IV (Acid Deposition Control) of the Federal Clean Air Act and implementing regulations found at 40 CFR Parts 72 through 78. The effective date of the permit is from January 1, 2010 through December 31, 2014.

One (1) utility boiler is affected by this permit action, identified as Unit SGU1, located at 2440 Holcomb Lane (S29, 30, 31, 32), T24S R33W, Holcomb, and operated by Sunflower Electric Power Corporation, Hays, would receive 4018 allowances for each year from 2010 through 2014. Sunflower Electric Power Corporation's Holcomb Station proposes to comply with the Acid Rain Program emission requirements by holding enough allowances to cover all sulfur dioxide emissions.

Holcomb Unit SGU1 also proposes to comply with the Acid Rain Program nitrogen oxides (NO_x) emission requirements by not exceeding the Phase II standard emission limitations of 0.46 lb NO_x/mm BTU, annual average for dry-bottom wall-fired boilers. Issuance of this permit would not affect the responsibility of Sunflower Electric Power Corporation-Holcomb Station to meet all other existing local, state and federal sulfur dioxide emission requirements.

The designated representative for Sunflower Electric Power Corporation's Holcomb Station is Wayne E. Penrod.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for public review during normal business hours at the KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, and at the KDHE Southwest District Office, 302 W. McArtor Road, Dodge City. To obtain or review the proposed permit and supporting documentation, contact Lynette Bayless, (785) 291-3271, at the KDHE central office; and to review the proposed permit only, contact Ethel Evans, (620) 225-0596, at the KDHE Southwest District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Lynette Bayless, KDHE, Bureau of Air, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. Written comments must be received before the close of business December 14 in order to be considered in formulating a final permit decision.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Sharon Burrell, Bureau of Air, not later than the close of business December 14 in order for the Secretary of Health and Environment to consider the request.

Roderick L. Bremby
Secretary of Health
and Environment

State of Kansas

Department of Transportation

Request for Comments

The Kansas Department of Transportation requests comments on the amendment of the Statewide Transportation Improvement Program (STIP) FY 2010-2013 by adding the following American Recovery and Reinvestment Act project:

Project U-0004-01, Bridge Rehabilitation, Main Street Bridge in Halstead, Harvey County

The amendment of the STIP requires a public comment period of 30 days. To receive more information on any of these projects or to make comments on the STIP amendment, contact the Kansas Department of Transportation, Bureau of Program and Project Management, 2nd Floor Tower, Eisenhower State Office Building, 700 S.W. Harrison, Topeka, 66603-3754, (785) 296-3526, fax (785) 368-6664.

This information is available in alternative accessible formats. To obtain an alternative format, contact the KDOT Bureau of Transportation Information, (785) 296-3585 (Voice/Hearing Impaired-711).

The comment period regarding the STIP amendment will conclude December 14.
