Kansas Department of Transportation
Topeka, Kansas 66603

Dear Mr. Younger:

As requested by your September 16, 2010 letter, the Federal Highway Administration (FHWA) has reviewed the proposed Amendment to the FY 2010-2013 Kansas Statewide Transportation Improvement Program (STIP), which includes projects funded by the American Recovery and Reinvestment Act (ARRA).

Based on our review, we find that this STIP Amendment is based on a statewide transportation planning process that substantially meets the requirements of 23 U.S.C. 134 and 135, 49 U.S.C. 5303 and 5304, and 23 CFR 450. We also find that the referenced revisions to the metropolitan Transportation Improvement Programs (TIPs) are consistent with the metropolitan transportation plans produced by the continuing and comprehensive transportation process carried out by the Metropolitan Planning Organizations, the Kansas Department of Transportation (KDOT), and the public transportation operators in accordance with 23 U.S.C. 134 and 49 U.S.C. 5303.

The STIP Amendment is hereby approved. If you have any questions or need additional information, you may contact Byron Low at (785) 271-2448, extension 205.

Sincerely,
