KDOT Secure FTP instructions for Contractors and Consultants

NOTE: The Secure FTP site is PUBLICLY accessible. All Files placed in the Incoming folder will be accessible to all KDOT employees. Computer Services strongly recommends using password-protected ZIP files for sensitive data.

NOTE: Once a file has been uploaded to the Secure FTP site it cannot be removed. The server will systematically delete all files that are seven calendar days old.

1. From a browser add the following URL to the address field: <u>https://secftp.ksdot.org/login</u>

- (
e Edit View Favorites Tools Help	P ← A C Kansas Department of Tran ×	↑ ★

Login ID: kdotftp

Password: ftpuser

Select the Blue Sign in button

NOTE: If you intend to use a third-party FTP client (like FileZilla or CoreFTP), you will need to use the Login ID and Password specified above and select (SSH/SFTP) as the connection type.

1. From the File Manager screen click the folder named **Incoming**.
