Annual Average Daily Traffic (AADT)  
Traffic Counts Recorded in FY 2006 (July 2005 - June 2006)

## LEGEND

	Road Key		Count Key
	Under 1000		Permanent Counter
	1001 to 2500		Portable Counter
	2501 to 5000		Vehicle Classifier
	5001 to 7500		- Total Volume
	7501 to 10000		- Heavy Commercial Volume
	Over 10000		

The traffic counts shown on this map represent estimates of the Annual Average Daily Traffic (AADT) for the year ending June 30, 2006. These AADTs are derived mainly from 24-hour volumes recorded by portable traffic counters. These short-term counts are adjusted for day-of-week and seasonal variations using data from 80 continuous permanent counters. An axle correction factor has been applied to each short-term count. Heavy commercial volumes were derived from short-term vehicle classification counts. These count locations are indicated by bold numbers on the map. Heavy commercial counts at other locations are estimated from nearby counts on the same route or from other routes known to have similar traffic characteristics.
