### **Survey to begin for proposed U.S. 54 passing lanes in Kiowa County**

Starting around July 6, the Kansas Department of Transportation will begin surveying two areas for proposed passing lanes along U.S. 54 in Kiowa County.

The first area would be for an extension of existing passing lanes between Greensburg and Haviland. The survey will begin about 1 mile west of Haviland and go west for about 5 miles.

The second area would be for new passing lanes between the Ford County line and Mullinville. The survey will begin at the Ford/Kiowa County line and go east for about 3 miles.

The survey will be based on existing highway alignment, and the work is expected to last 12 weeks.

The survey will gather information for detailed design of the proposed improvements.
