### **Work resumes on U.S. 54 bridge over railroad in Augusta**

Crews have resumed work on the eastbound U.S. 54 bridge over the BNSF railroad in Augusta.

During the project, traffic will be restricted to one lane, and motorists should expect some delay.

The work includes deck patching and repairing of deck joints.

The project, overseen by the Kansas Department of Transportation, is expected to be completed around July 20.

Work on the westbound bridge at that location was completed last year.

Wildcat Construction Co. is the primary contractor for the \$2.25 million project.
