On east side of El Dorado, U.S. 54 bridge work resumes

Work has resumed on deck repair to the U.S. 54 bridge over the Walnut River on the east side of El Dorado.

The project, overseen by the Kansas Department of Transportation, is expected to be completed around Aug. 19.

During the work, motorists should be prepared to stop for traffic signals and expect delays. Traffic will be limited to a single 11-foot-wide lane.

Most construction will take place during the day; traffic will be controlled by signals around the clock.

Pedestrians will not be able to cross the bridge during the construction period.

B&B Bridge Co. is the main contractor for the \$531,433 project.
