\$2.24 million job to resurface about 13 miles of K-14 in Kingman County

Work will start soon on a \$2.24 million project to resurface almost 13 miles of K-14 in Kingman County.

The project is a mill and overlay on K-14 from the K-42 junction near Rago north to 8th Street in Kingman. The project also will widen shoulders by 2 feet. The main roadway and shoulders will be paved with asphalt. The length of the project is a little over 12.6 miles.

The tentative start, depending on weather, is around April 20. The expected completion is around June 1.

Motorists on the affected part of the highway should be prepared to stop for flaggers and to be controlled by a pilot car during the project, and motorists should expect delays of up to 15 minutes during the work.

The Kansas Department of Transportation is overseeing the project.

Cornejo & Sons is the primary contractor for the \$2,245,359 project.
