### **K-61 portion in Reno County to get new pavement markings**

A contractor will apply new pavement markings on part of K-61 in Reno County.

The project, overseen by the Kansas Department of Transportation, is expected to begin around March 2. New pavement markings will be applied on an 8.6-mile section of K-61: from north of the intersection with East 30<sup>th</sup> Avenue in Hutchinson to the McPherson County line.

The work is expected to be completed in late March, depending on the weather.

During the work, there will be daily lane closures. Drivers should expect to slow down where traffic will be channeled in some places to one lane.

RoadSafe Traffic Systems, with an office in El Dorado and headquarters in Chicago, is the contractor for the \$183,135 project.
