Survey to begin Monday in Morris County

The Kansas Department of Transportation (KDOT) plans to begin a field survey on Monday, Apr. 19 for the detailed design of proposed road improvements and shoulder widening on K-177 in Morris County.

The location surveyed begins 500 feet north of 850 Road and continues north to the intersection of Velie Street/K-177 in Council Grove.

The survey will take place on the existing highway alignment.

KDOT expects the survey to be completed by Aug. 1. Activities include the use of survey instruments on the ground to determine locations of existing features within the corridor.

A member of the survey crew will contact property owners or tenants for permission to enter private property.

Bill Fox, P.S., Survey Project Manager, of Garber Surveying will be in charge of this survey for KDOT. Persons with questions may contact KDOT Public Affairs Manager Ashley Perez at (785)826-6799.
