## Resurfacing project underway in Jewell County

The Kansas Department of Transportation has begun a surface recycle and chip seal on U.S. 36 in Jewell County.

Work on U.S. 36 will extend east from about 4.6 miles east of K-14 to the Jewell/Republic County line, approximately 5.6 miles.

Flaggers and a pilot car will direct one lane of traffic through construction. Drivers should be prepared for a delay of up to 15 minutes and plan extra time in their travel schedules.

Dustrol Inc. of Towanda is the prime contractor and has scheduled this \$581,087 project to be completed by September, weather permitting.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas, go to [www.kandrive.org](http://www.kandrive.org) or call 5-1-1.
