Missouri River Bridge Inspection to Close K-92 in Leavenworth County

Weather permitting, on Monday, November 5, the Missouri River Bridge on K-92 in Leavenworth County will close for a hands-on inspection. The Missouri River Bridge will close to all traffic on Monday, November 5, from 9:00 a.m. to 3:00 p.m., and then again on Tuesday, November 6, from 9:00 a.m. to 1:00 p.m.

Bridge inspection crews will conduct a hands-on inspection of the top arch support sections on the bridge. After the inspection, engineers will review the findings and determine if any repair work or other actions need to be undertaken.

Message boards will alert traffic to the bridge closure. No marked detours will be provided. Drivers should expect some minor delays during the closure for the bridge inspection and are encouraged to use alternate routes, if possible.

The Kansas Department of Transportation urges all motorists to be alert, obey the warning signs, and "Give 'Em a Brake!" when approaching and driving through the work zone. For more information on this bridge inspection, please contact Kimberly Qualls, Northeast Kansas Public Affairs Manager, at (785) 296-3881.
