### **Current Road Conditions**

Currently roadway conditions across Northeast Kansas range from wet/slushy in the Topeka and Kansas City Metro Areas to drifting to partly or completely snowpacked/icy throughout the remaining counties. See the chart below for current roadway conditions for individual Northeast Kansas counties. Blowing and drifting snow, along with very cold temps, are still causing area roadways to be slick due to snowpacked/icy conditions.

KDOT daytime crews will continue plowing and treating into the evening hours as needed. Daytime crews will head home around 8:00 p.m. and nighttime crews will head out shortly thereafter for another 12-hour overnight shift.

Drivers should allow extra time for their commutes home this afternoon and should drive for the conditions on the roadways they are travelling on. Roadways may be SLICK due to the snowpacked/icy conditions, so drivers need to use caution as they travel about this evening and/or during the overnight hours. Black ice may be a possibility during the late evening/overnight hours, so drivers should TAKE IT SLOW!

COUNTY/METRO AREA	CURRENT ROAD CONDITION
KC Metro Area (Johnson/Leavenworth/Wyandotte Counties)	Wet/Slush
Topeka Metro Area (Shawnee County)	Wet/Slush to Partly Snowpacked/Ice
Atchison County	Partly Snowpacked/Ice
Brown County	Partly Snowpacked/Ice
Doniphan County	Partly Snowpacked/Ice
Douglas County	Drifting
Jackson County	Partly Snowpacked/Ice
Jefferson County	Drifting
Lyon County	Partly Snowpacked/Ice
Marshall County	Partly to Completely Snowpacked/Ice
Nemaha County	Spots Snowpacked/Ice
Osage County	Spots to Completely Snowpacked/Ice
Pottawatomie County	Drifting to Completely Snowpacked/Ice
Riley County	Spots to Partly Snowpacked/Ice
Wabaunsee County	Drifting to Spots Snowpacked/Ice

### **Driver Safety Tips**

Please remind DRIVERS as they travel about to:

1. Take it SLOW!
2. Allow plenty of extra drive time.
3. Watch for icy/slick spots on the roadway; don't assume that if the pavement looks clear, that it is.

4. Buckle up every passenger, every time.
5. If they get stranded, to stay IN their vehicle and call \*47 on a state highway/interstate route (any highway that begins with I-, K-, and US-), \*KTA on the Kansas Turnpike, or #911 at anytime.

*For travel during winter storms, drivers should use caution, allow plenty of driving time, buckle up (every passenger, every time) and be sure to turn on their headlights, and turn off their cruise control. Drivers should also provide for a safe distance or cushion between themselves and vehicles ahead of them.*

*We also want to remind drivers to stay a safe distance back from KDOT snow plows, and if drivers should pass the snow plows, to be extra careful and allow plenty of room as the trucks do travel slower than surrounding traffic.*

No closed roads to report at this time.

### Updated Road Conditions (via phone or online 24/7)

Updated Kansas road conditions are at your fingertips. **KanDrive** is the new online travel info portal, [www.KanDrive.org](http://www.KanDrive.org), that displays information from KDOT's traveler information technology, including highway cameras, dynamic message signs, traffic management centers and 511 phone, online and mobile (<http://511mm.ksdot.org>). Snapshots from more than 30 closed-circuit cameras along I-70 between Topeka and Colorado and along other highways in the state, as well as camera views from the KC Scout system are available through the new online site, so users can see the roadway conditions.

Travelers can also obtain updated road conditions simply by calling 511 from any phone (landline or cellular), or by clicking on the following link: <http://511.ksdot.org>, drivers can obtain updated all of Kansas road conditions at **anytime, day or night.**

Additional weather-related information can be found online at <http://www.ksdot.org/offTransInfo/511Info/511traffictavel.asp>. This KDOT web site link includes informational brochures on 511 Winter Storm Survival, Managing Snow and Ice on Kansas Highways, and Safe Winter Driving Tips. Drivers...“If the weather is bad, remember with ICE AND SNOW, Take it Slow, or just don't go.”
