I-435 & Roe Avenue Interchange Bridge Demolition Schedule

EXPECT DELAYS! WEEKDAY & WEEKEND LANE/RAMP CLOSURES: The following closures are scheduled to take place for the demolition work of the four Roe Avenue Bridge structures over I-435 for the week of May 28-June 1 in Leawood/Overland Park area (Johnson County). **Beginning at 9:00 a.m. on Friday, May 30, Roe Avenue over I-435 will be CLOSED to all traffic through late October 2014,** as crews complete construction work on the new Roe Avenue bridges.

On Friday evening, prep work will be done including removal of steel girders and bridge deck on middle bridge structure. On Saturday evening, crews will first place a bed of dirt under the Roe Avenue Bridges on I-435 to provide a cushion of sorts to help protect the roadway pavement. Once the dirt is in place, the Roe Avenue bridges will then be imploded to collapse onto the bed of dirt. Crews will then spend the remainder of the overnight closure on Saturday removing the bridge debris and cleaning up the I-435 roadway.

NOTE: There will be no available public viewing of the Roe Avenue bridge demolition work. Due to the 1,500-foot radius of the no-man safety zone,

there are not any public spaces that will have a visible view of the bridges for the Saturday evening implosion. KDOT will provide photo and video footage of the weekend bridge demolition work that we will share on Sunday via email, Facebook and Twitter. For everyone's safety, please stay home and stay safe and watch the video that KDOT and our KC Media Partners will be sharing with you.

Wednesday, May 28

- 9:00 a.m. Westbound I-435 collector-distributor road just past Roe Avenue exit will be CLOSED, 24/7 round the clock, and will reopen to all traffic on **Friday, June 6.**
