Pavement marking work in metro area starts July 5

A project to replace pavement markings on three stretches of highways in the metro area will begin Wednesday, July 5, according to the Kansas Department of Transportation.

The work areas will be on both directions of highway and include all of I-670, I-70 from east of 38th Street to the Missouri line and K-5 from I-635 to Sunshine Road. Work on I-70 and I-670 will take place at night. K-5 work will take place during the day. There will be lane reductions at various times throughout the project.

I-70 and I-670 can be reduced to two lanes starting at 7 p.m., then to one lane at 8 p.m. All lanes will be open by 5:30 a.m. Numerous ramps will be closed for a night as work continues. Ramp closures will be from 10 p.m. to 5:30 a.m. and will be listed in the daily closures link below.

K-5 work will be during the day with restrictions near I-635 and Sunshine Road during peak hours.

Twin Traffic Control of Kansas City is the contractor on the \$415,000 project.

Updated daily traffic information for this project and for the entire Kansas City Metro Area can be viewed at: www.ksdot.org/kcmetro/laneclose.asp.

Motorists are asked to use extra caution in the work zone area.
