Patching work resumes on I-135 in Newton

Work has resumed on concrete patching on I-135 in Harvey County, mostly in Newton.

The remaining work involves both southbound lanes through Newton and the northbound passing lane through the city. The remaining job also includes ramps along I-135 from Newton north to the Harvey/McPherson County line.

During the work, traffic will be channeled through a single lane, and the speed limit will be reduced to 60 mph.

The work is expected to be completed around May 20.

The Kansas Department of Transportation is overseeing the project.

Pavers Inc., of Salina, is the primary contractor for the \$993,782 project.
