Fairmont Road bridge project underway in Leavenworth County

A County of Leavenworth bridge replacement project, administered by the Kansas Department of Transportation, began this week on Fairmont Road over Little Stranger Creek, approximately 4.9 miles west of K-7, in Leavenworth County.

Bridge improvements include grading elevation modifications and asphalt pavement reconstruction. For the duration of the project, Fairmont Road will be fully closed to traffic, from Tonganoxie Road to 171st Street.

Construction signs and barricades are in place to direct traffic through the project work zone and provide advance warning to motorists of closures.

Work will take place daily, Monday through Friday, from 7 a.m. to 3:30 p.m., and Saturdays, as necessary.

Ebert Construction Company, of Wamego, is the contractor for the $1.5 million project, which is expected to be completed in early November.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1. Drive safely and always wear your seat belt.

Map below shows project location marked in blue.
