Work at I-70/I-635 interchange will resume tomorrow in Wyandotte County

After a scheduled winter shutdown period, a bridge deck replacement project on the westbound I-70 to southbound I-635 flyover ramp will resume Saturday, March 4 in Wyandotte County.

The Kansas Department of Transportation project began in May 2022 and includes demolition and replacement of the westbound I-70 to southbound I-635 flyover ramp bridge deck. Remaining work includes bridge painting and restoration of ground in the area.

Short-term daily lane and ramp closures will be scheduled, as needed, for setup and removal of large equipment required for the project. Work will occur Monday through Saturday, from 7 a.m. to 5 p.m., with occasional overnight work.

Traffic will be controlled using portable message signs, arrow boards, signage and traffic cones.

Clarkson Construction, of Kansas City, Mo., is the contractor for the $6 million project, which is scheduled to be completed in late May.

Map below show project location in orange.
