K-16/Parallel Road reopened to traffic ahead of schedule in Leavenworth County

Work on a Kansas Department of Transportation intersection improvement project at K-16/Parallel Road has been substantially completed seven weeks ahead of schedule.

K-16 and Parallel Road are fully open to traffic.

The project in Leavenworth County includes improvements to sight distance at the intersection and the addition of shoulders to the roadway.

Remaining project work, with no impact to traffic, includes, but is not limited to, light pole installation, erosion control and permanent grass seeding.

King’s Construction, of Oskaloosa, is the primary contractor for the $1.3 million project.

KDOT urges all motorists to be alert and obey the warning signs when approaching and driving through a highway work zone. To stay aware of all road construction projects across Kansas go to www.kandrive.org or call 5-1-1. Drive safely and always wear your seat belt.

Map below shows project location marked in orange.
