INTERSTATE SEVENTY

SAFETY REST AREAS
STATE PARKS

1970-2020
Celebrating
50 Years
424 Miles

Celebrating a legacy: 50 years ago, the last section of the 424-mile stretch of I-70 was completed in Kansas. In 1970, I-70 was the longest continuous segment of Interstate highway to be completed in the U.S.

Kansas' own, President Eisenhower is known as the father of the Interstate system. We continue his legacy today with the IKE program.

Jo'Heem Meredith
(Bureau of Safety & Technology)
Topeka West High School
Jo'Heem passed away May 2020

Headquarters Graduate

Samantha Houser
Washburn Rural High School
Parents: Shane and Matilde Houser
Topeka

Want your grad featured? Send their photo, school and location to mallory.goeke@ks.gov and we will feature them in various newsletters this summer!

TECH TIPS

To map a network drive, make sure you connect to Cisco AnyConnect from your KDOT machine before logging in.

The image shows a Windows login screen with a Cisco AnyConnect Secure Mobility Client window open. The login screen displays a user icon, the text "Other user", and input fields for "User name" and "Password". The Cisco AnyConnect window shows a "YIP!" status, "Ready to connect", and a dropdown menu with "KS276VPH1.KSDOT.ORG" and a "Connect" button. Red callout numbers 1, 2, and 3 are overlaid on the screen: 1 points to the taskbar, 2 points to the dropdown menu, and 3 points to the Connect button.

#HumbleHeroes

COVID-19 has changed a lot of things in our country. While we continue efforts to help slow the spread of the disease, we know that we can't do this without our humble heroes who are working every day to provide services.

Thank you for helping to keep Kansans safe and healthy and our economy moving. Please check out the video below:

'we are just doing our jobs.'

KDOT KUDOS!

I'm not sure who to direct this to but the gal who takes care of the rest area between McPherson & Lindsborg deserves some recognition!

She is friendly, polite and does one heck of a job cleaning! That facility is the cleanest one we have ever been to.

Even though we interrupted her cleaning, she spoke to us and let us know that everything was wet due to the sanitizer she just sprayed. She waited until we were done to continue cleaning. She had a smile on her face and told us to have a wonderful day.

I was completely amazed and wanted someone to know what an awesome job she is doing!!! So please give her some recognition!!! It's so nice to have a facility like that to stop at and know it's so clean. So much cleaner than the gas station restrooms!

Thank you so very much! My family and I are very appreciative!!!

Note: KDOT contracts cleaning services at our rest areas, but we are grateful for their hard work. When our rest areas are clean, it benefits everyone!

Summer arrives this weekend! Stay cool and remember to stay safe and healthy!

**It's going to be very
toasty outside.**

**Make sure you look before you lock. NEVER
leave pets or children alone in cars.**
