KDOT K-10 Highway Corridor Survey Executive Summary

Purpose

ETC Institute administered a survey in September 2023 for the Kansas Department of Transportation (KDOT). The purpose of the survey was to gather statistically valid input from residents in Johnson and Douglas counties about improvements that are being considered to the K-10 corridor between I-435 and the Johnson/Douglas County line. Data collected from this survey will be used to ensure that the needs and priorities of the community are incorporated into the decision-making process.

Methodology

ETC Institute mailed a survey packet to a random sample of households in Johnson and Douglas Counties in September 2023. Each packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at K10Survey.org.

To prevent people who were not residents of the survey area from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not counted.

The goal was to obtain completed surveys from at least 800 residents. This goal was far exceeded, with a total of 1,051 residents completing the survey. Of these, 338 were residents of Lenexa, 321 were residents of Olathe, 163 were residents who lived north or east of the corridor, and 229 were residents who lived west of the corridor. The overall results for the sample of 1,051 respondents have a precision of at least $\pm 3.0\%$ at the 95% level of confidence.

This report contains the following:

- Section 1: Charts showing the overall results of the survey
- Section 2: Tabular data showing the results for all questions on the survey
- Section 3: Tabular data showing results for residents who use the K-10 corridor for work or business-related travel
- Section 4: Crosstabulations that show the results by study area (north/east of the corridor, Lenexa, Olathe, and west of the corridor)
- Section 5: Crosstabulations that show the results for the cities of Olathe and Lenexa by Ward
- Section 6: Crosstabulations that show the results by frequency of travel on the K-10 corridor
- Section 7: Crosstabulations that show the results by household income
- Section 8: A copy of the cover letter and survey instrument

The major findings of the survey are summarized on the following pages.

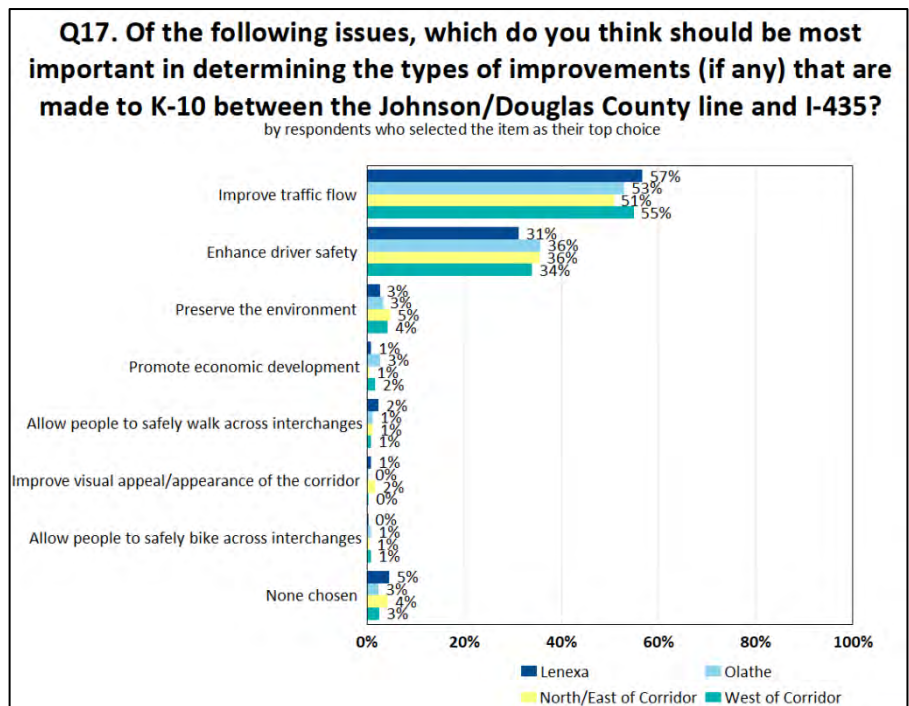

KDOT K-10 Highway Corridor Survey Executive Summary

Major Findings

Residents Think it is Important to Make Improvements to K-10

- Most of the residents surveyed (94%) thought it was important to make improvements to the K-10 corridor between K-7 Highway and I-435; 89% thought it was important to make improvements between K-7 Highway and the Johnson/Douglas County line, and 80% thought it was important to make improvements west of the Johnson/Douglas County line.
- In the four areas surveyed, the issues that respondents thought should be most important in determining the types of improvements that are made to K-10 between the Johnson/Douglas County line and I-435 were improving traffic flow and enhancing driver safety.

Residents Are Concerned About Traffic Flow on the K-10 Corridor

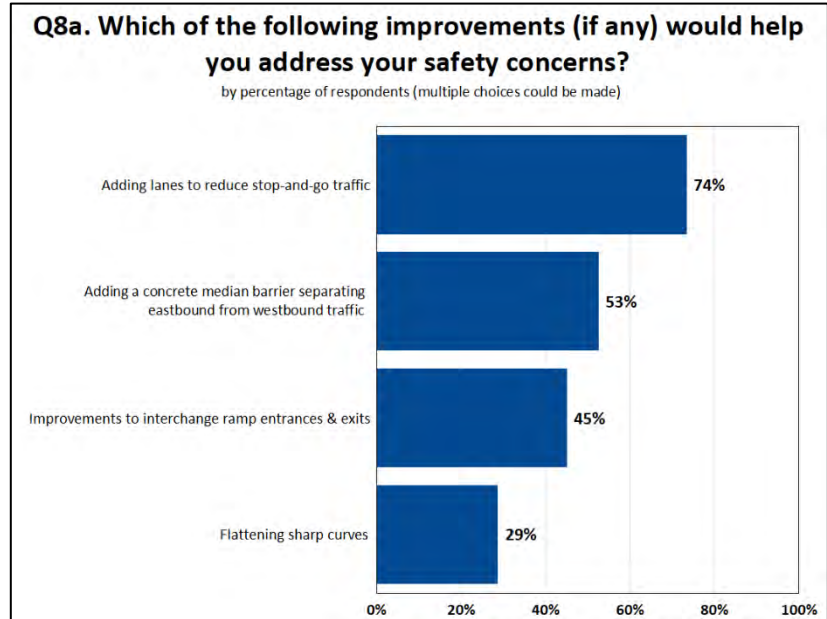

- 73% of the residents surveyed from Lenexa and 68% from Olathe were concerned about the predictability of travel times on K-10 between the Johnson/Douglas County line and I-435; 63% who live north/east of the corridor and 81% who live west of the corridor were concerned.
- Nearly two-thirds (65%) of the residents surveyed thought congestion is worse on K-10 between K-7 and I-435 than other Kansas highways; 50% thought congestion is worse on K-10 between K-7 and the Johnson/Douglas County line than other highways in Kansas.
- Sixty-six percent (66%) of residents surveyed were dissatisfied with westbound traffic flow during weekday evenings between 3:30 and 6:00 p.m.; 61% were dissatisfied with eastbound traffic flow during weekday mornings between 6:00 and 9:00 a.m., and 45% were dissatisfied with eastbound traffic flow during weekday evenings between 3:30 and 6:00 p.m.

KDOT K-10 Highway Corridor Survey Executive Summary

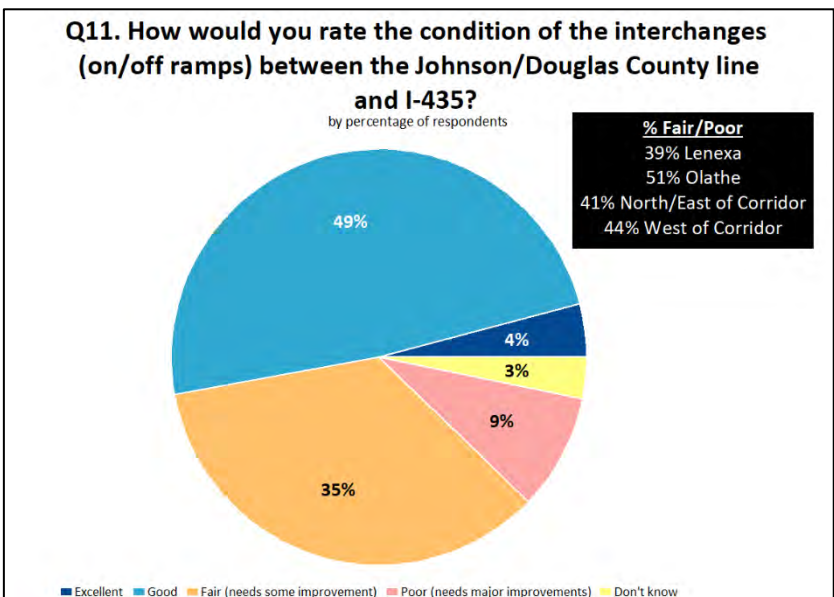

Driver Safety is a Concern for Residents

- Eighty-one percent (81%) of residents surveyed were concerned with driver safety when traveling on K-10 between the Johnson/Douglas County line and I-435. Among the 4 areas surveyed, 85% of Lenexa residents and 81% of Olathe residents were concerned with driver safety; 73% of respondents north/east of the corridor and 86% living west of the corridor were concerned with driver safety.
- When asked what improvements could be made to help address safety concerns, 74% indicated that adding lanes to reduce stop-and-go traffic would help, and 53% felt that adding a concrete median barrier separating eastbound from westbound traffic would help address safety concerns.

Ratings Are Mixed for Condition of Road Surface and Interchanges on K-10

- One-third (33%) of respondents surveyed rated the road surface on K-10 between the Johnson/Douglas County line and I-435 as fair (needs some improvement) or poor (needs major improvements).
- Forty-four percent (44%) of respondents surveyed rated the condition of the interchanges (on/off ramps) between the Johnson/Douglas County line and I-435 as fair (needs some improvement) or poor (needs major improvement). The percentage of residents by area who gave fair/poor ratings are shown in the chart to the right.

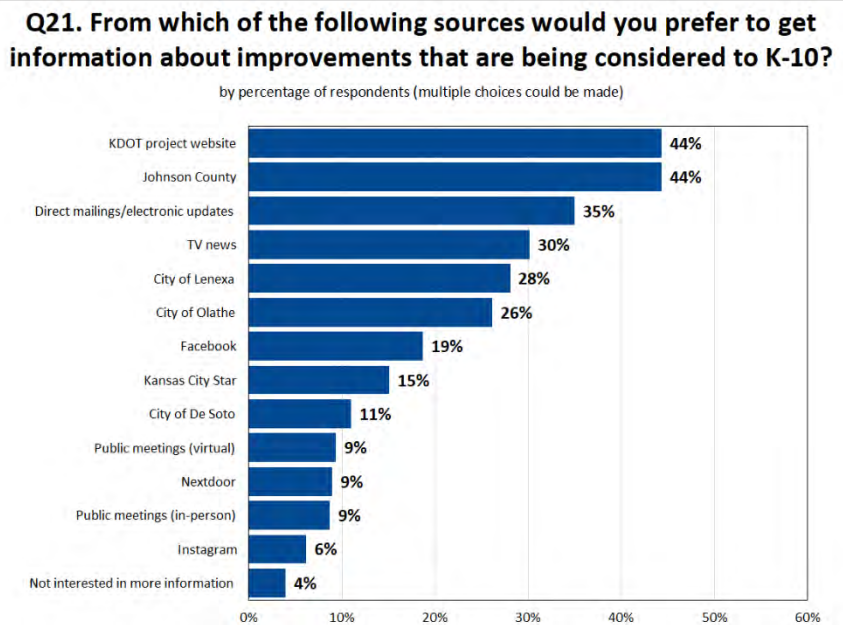

KDOT K-10 Highway Corridor Survey Executive Summary

OTHER FINDINGS

- Thirty-eight percent (38%) of the residents surveyed indicated they knew KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line before they received the survey.
- Fifty-eight percent (58%) of those surveyed indicated they travel on K-10 between I-435 and the Johnson/Douglas County line at least once a week.
- The top three reasons residents travel on K-10 between the Johnson/Douglas County line and I-435 are:
 - for recreation or entertainment (including sporting events) (65%),
 - to visit friends/relatives (58%), and
 - to shop/run errands (54%).

- The sources that residents would prefer to get information about improvements that are being considered to K-10 were the KDOT project website, Johnson County, direct mailings/electronic updates, and TV news. The chart to the right shows the percentage of respondents who preferred each of the sources that were assessed on the survey.

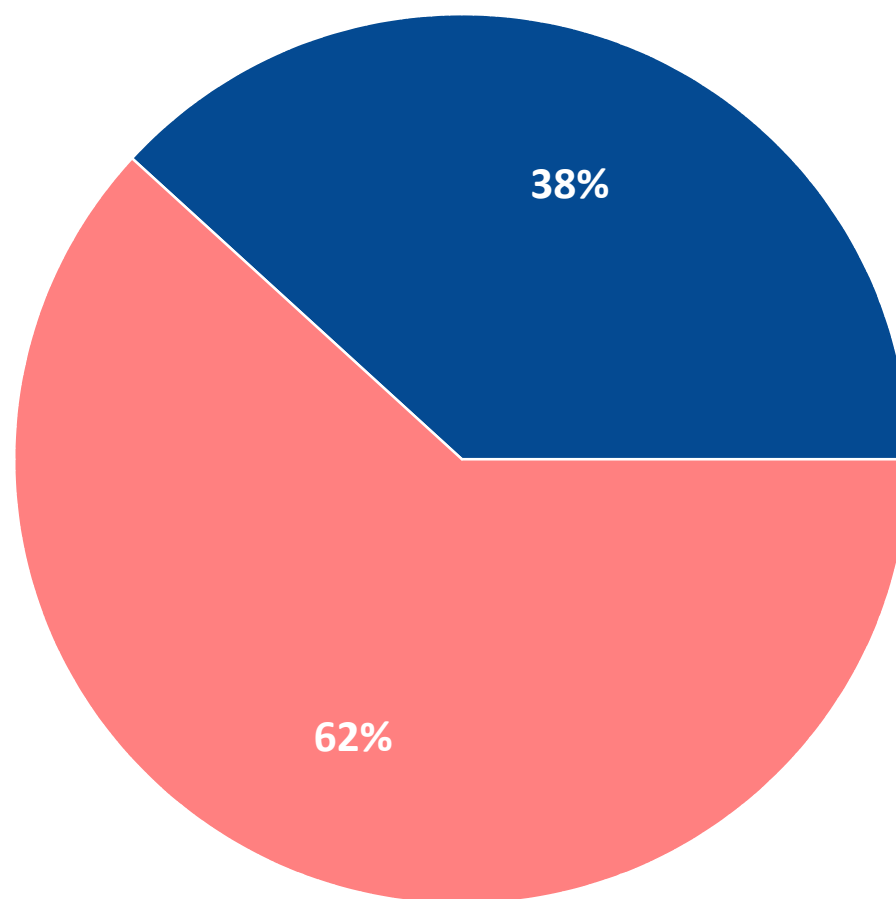

- Eighty-one percent (81%) of respondents surveyed are familiar with the improvements currently being made to U.S. 69 Highway in Overland Park that includes the addition of new lanes in each direction; 77% are aware that the new lanes will be express toll lanes.

Section 1: Charts & Graphs

Q1. Before receiving this survey, did you know that KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line?

by percentage of respondents

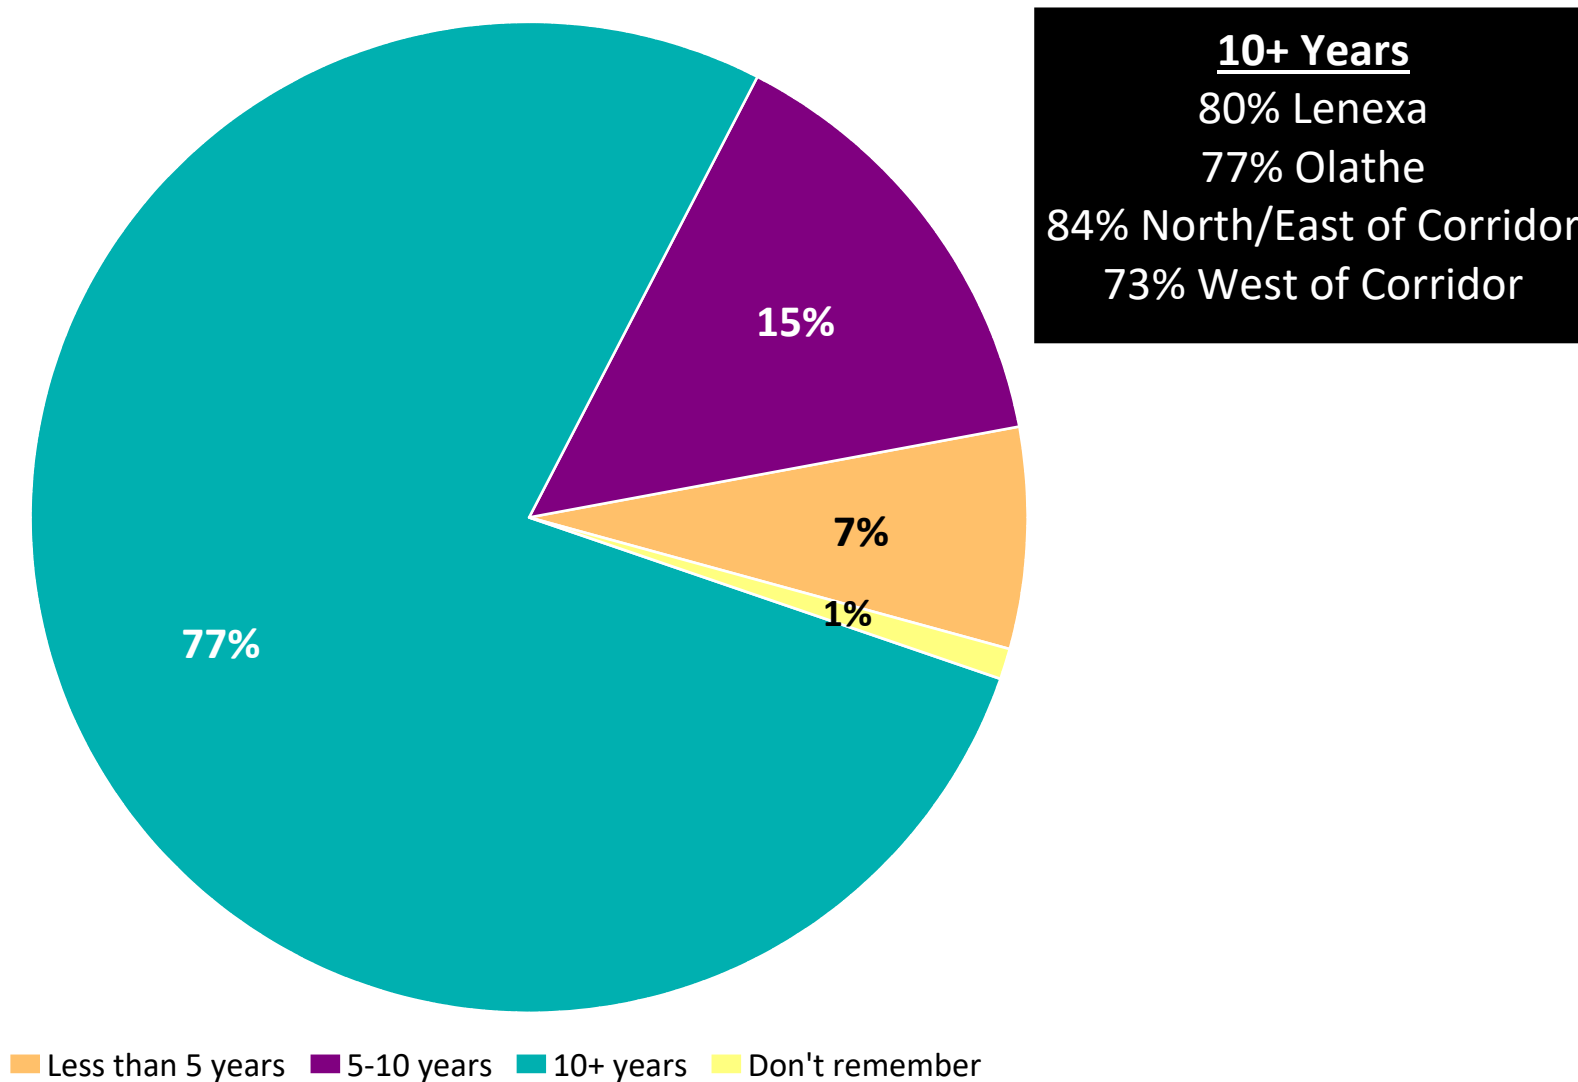

■ Yes ■ No

<u>% YES</u>
37% Lenexa
39% Olathe
31% North/East of Corridor
45% West of Corridor

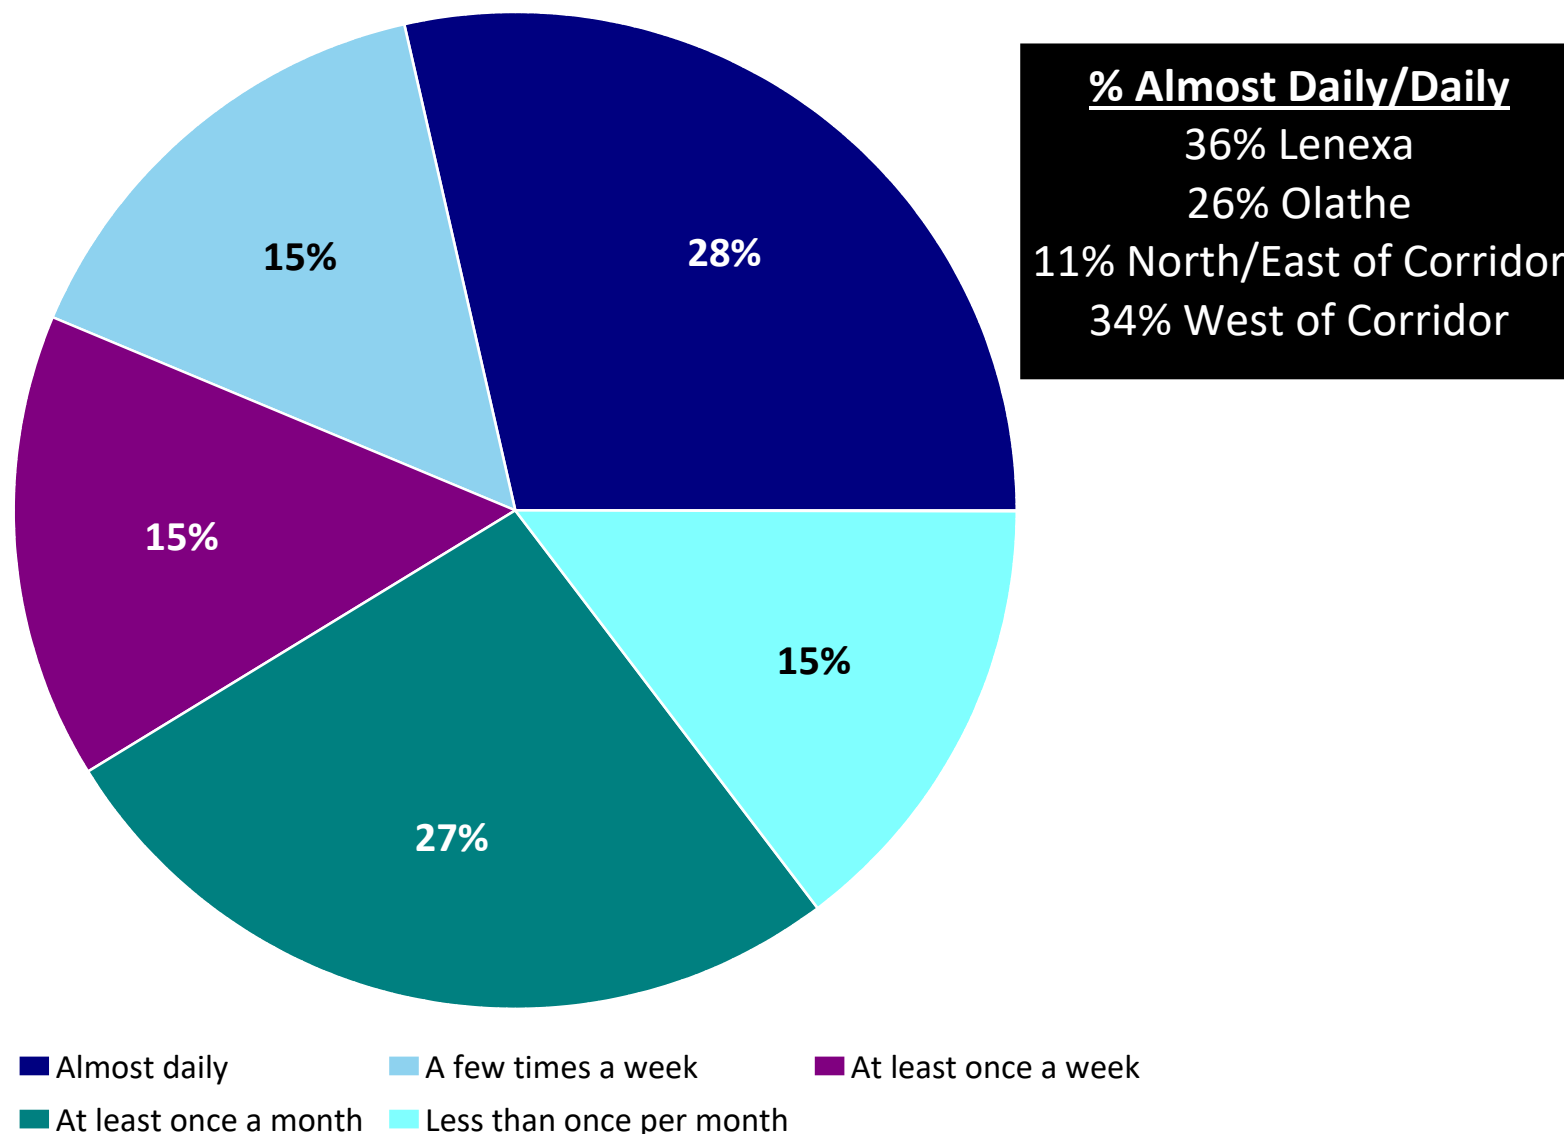

Q2. How many years have you been driving on K-10 between I-435 and the Johnson/Douglas County line?

by percentage of respondents

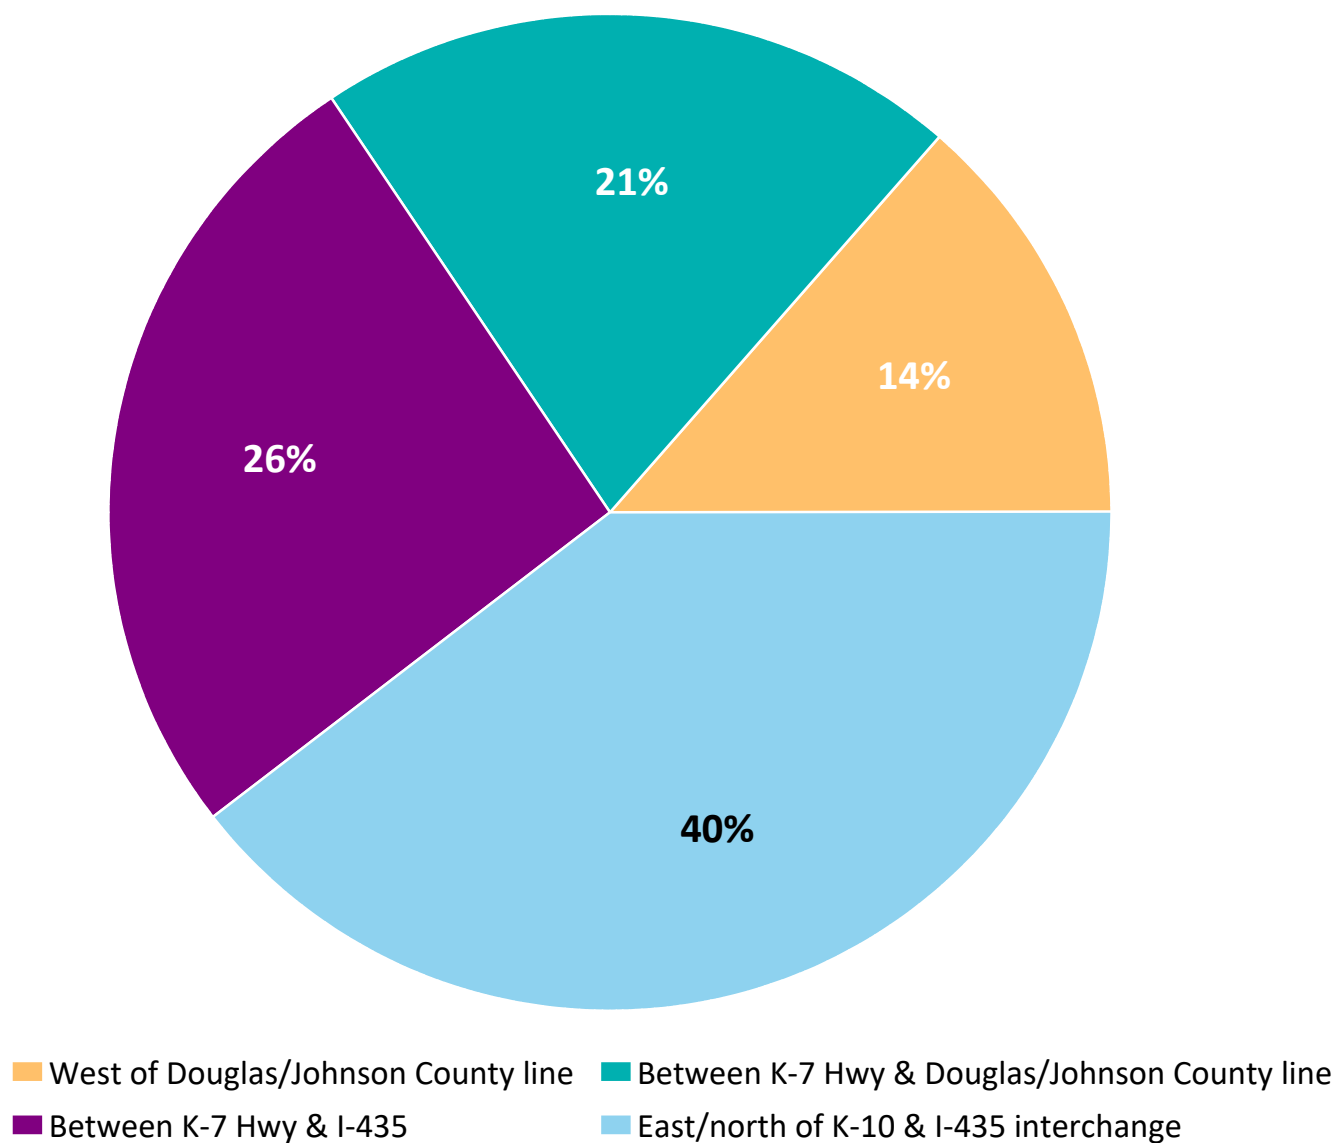

Q3. How frequently do you travel on K-10 between I-435 and the Johnson/Douglas County Line?

by percentage of respondents

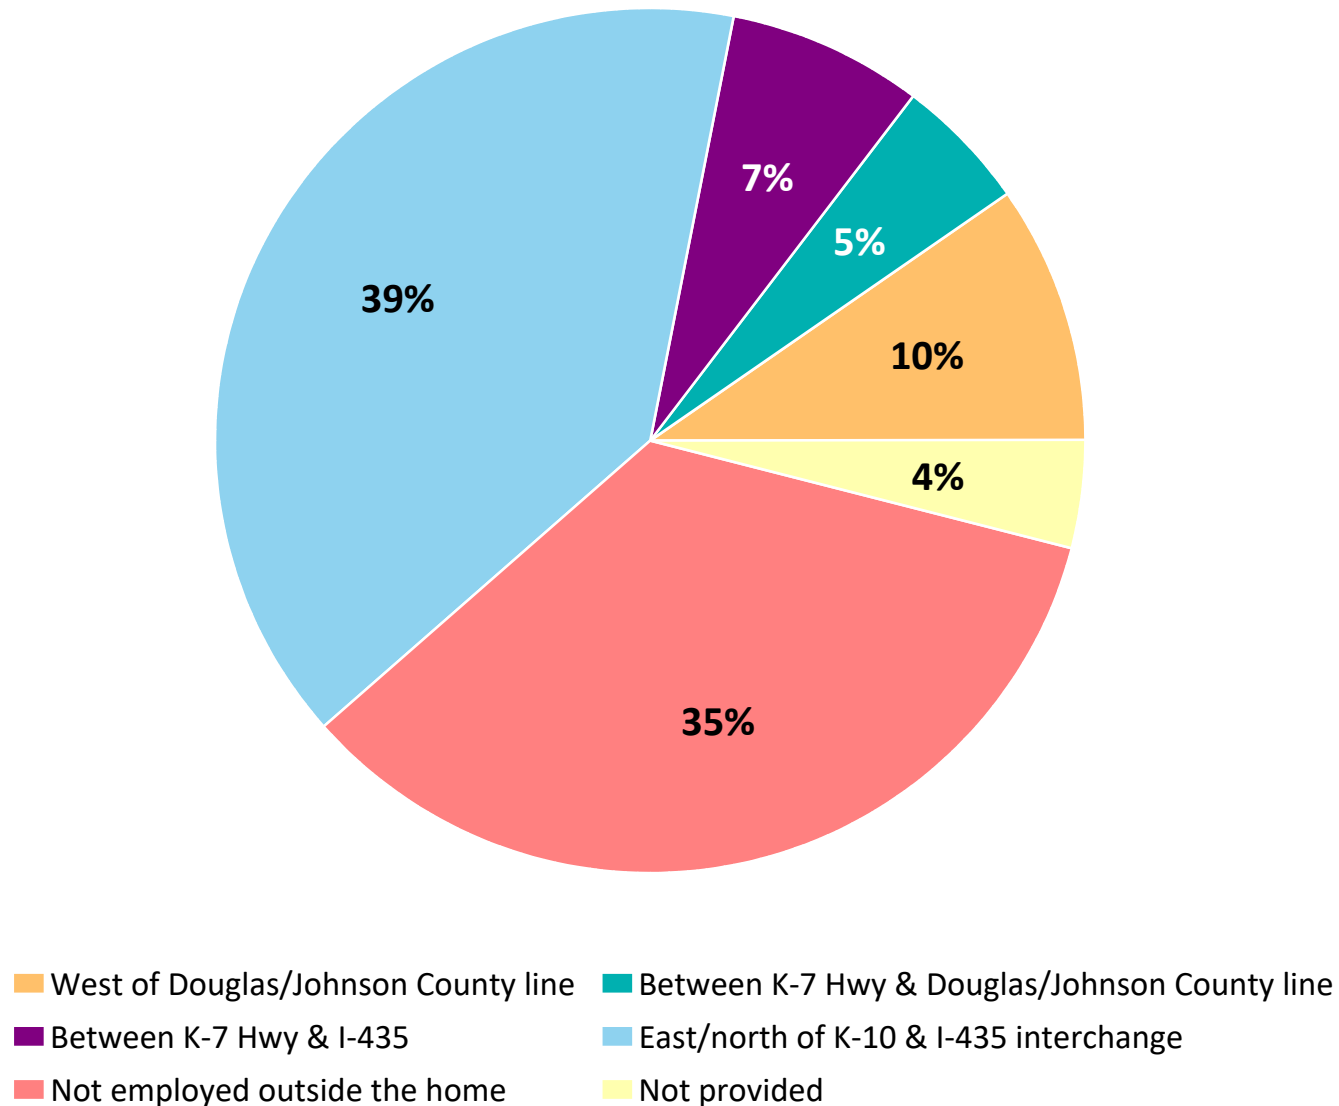

Q4. Which ONE of the following describes the location of your home?

by percentage of respondents

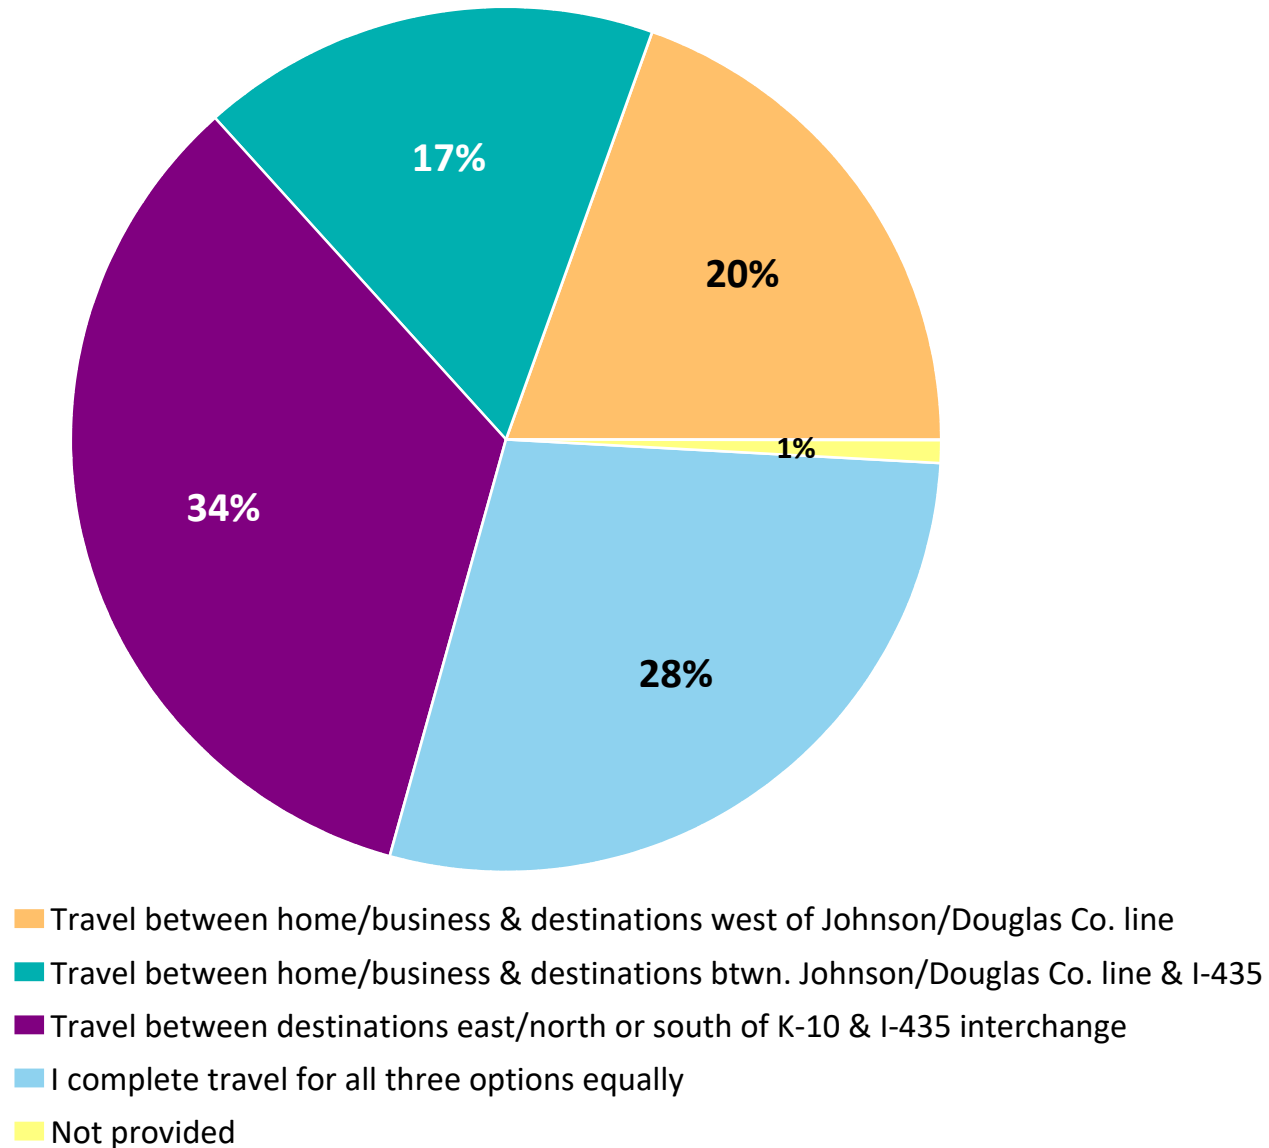

Q5. If you are employed outside the home, which ONE of the following best describes the location of your workplace?

by percentage of respondents

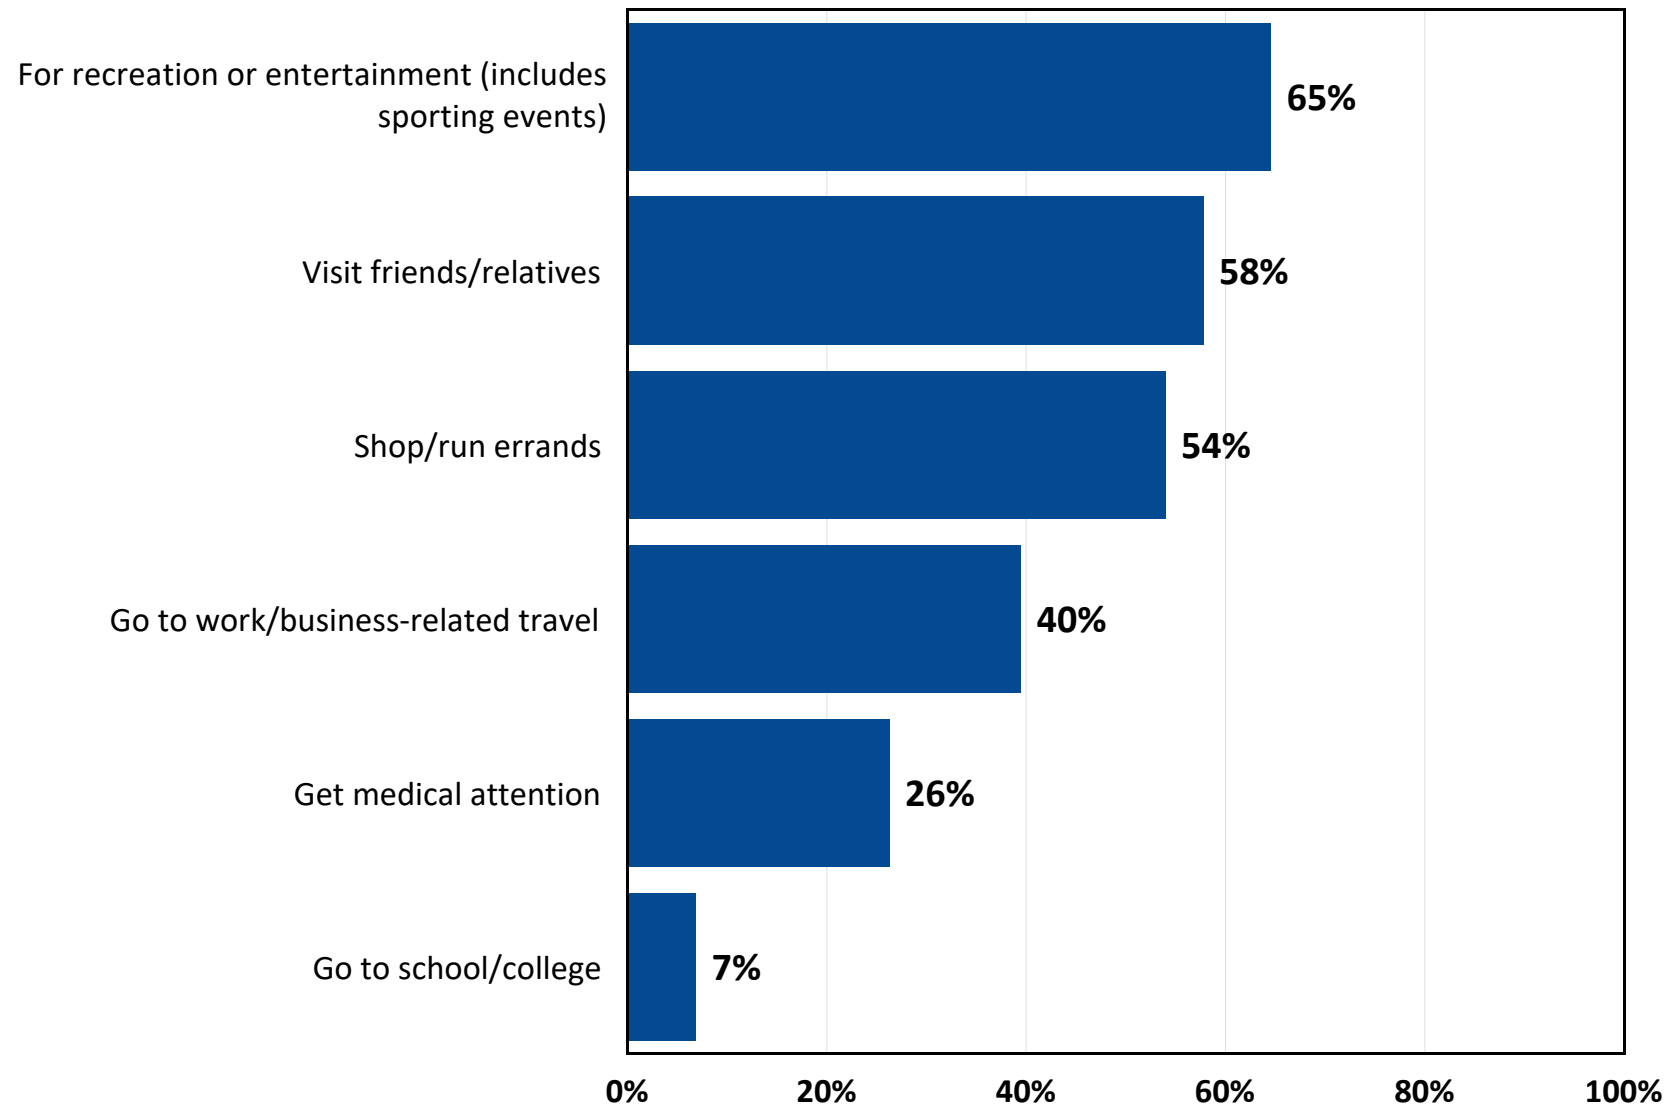

Q6. For which of the following types of trips do you use K-10 most?

by percentage of respondents

Q7. For which of the following reasons do you typically travel on K-10 between the Johnson/Douglas County line and I-435?

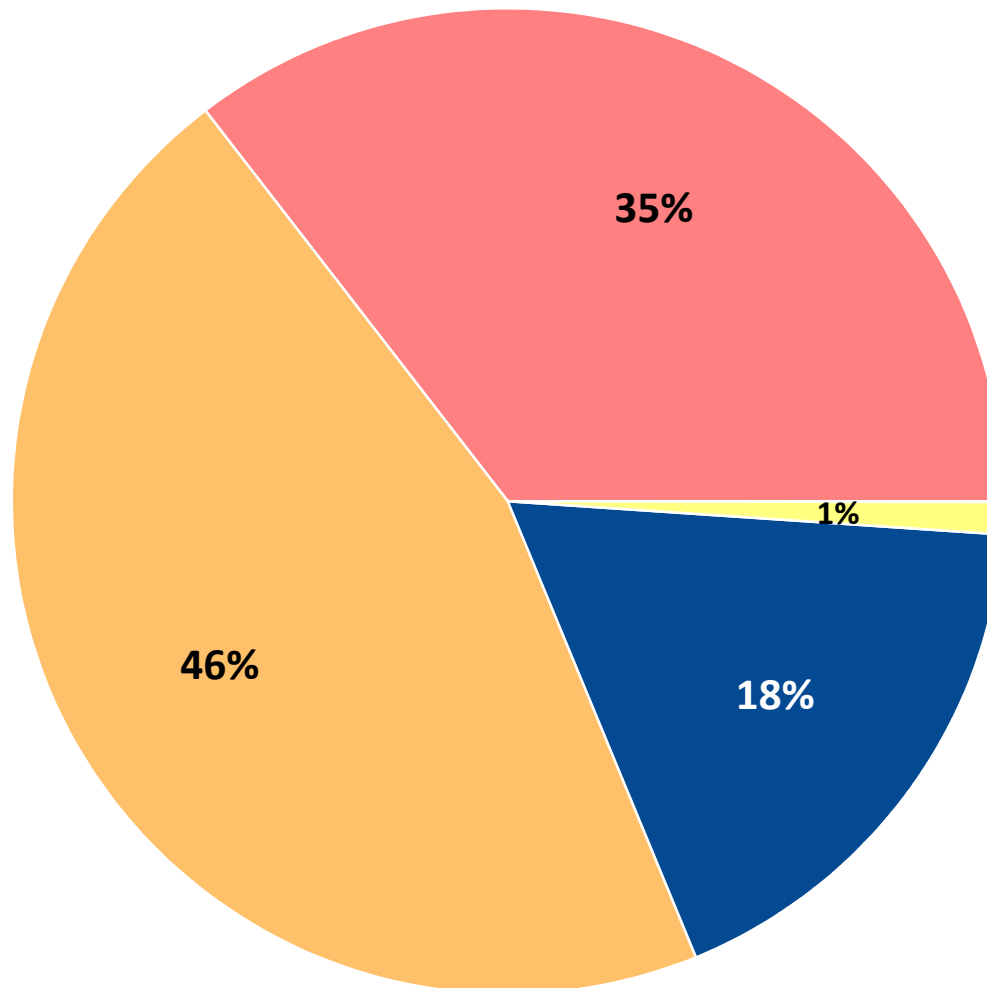

by percentage of respondents (multiple choices could be made)

Q8. How concerned are you with driver safety when you travel on K-10 between the Johnson/Douglas County line and I-435?

Would you say you are...

by percentage of respondents

% Very/Somewhat Concerned

85% Lenexa

81% Olathe

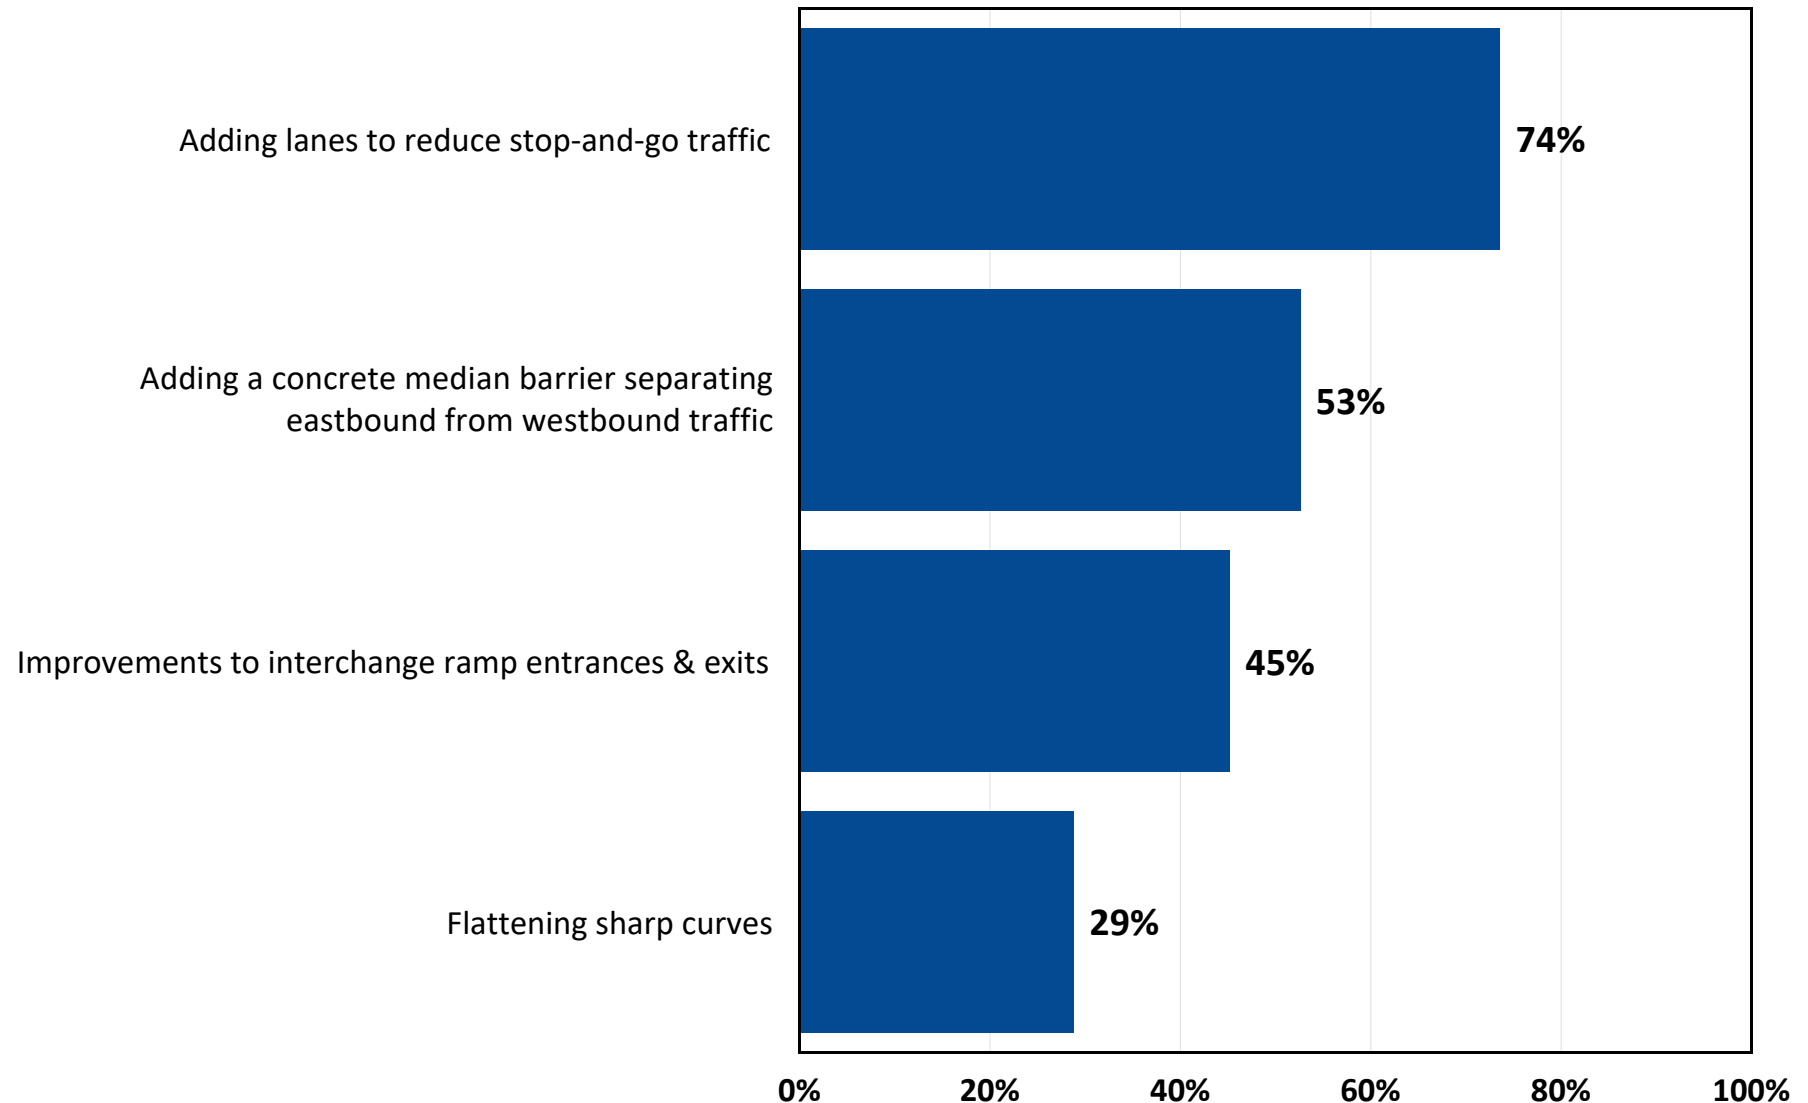

73% North/East of Corridor

86% West of Corridor

■ Very Concerned
 ■ Somewhat Concerned
 ■ Not Concerned
 ■ Don't Know

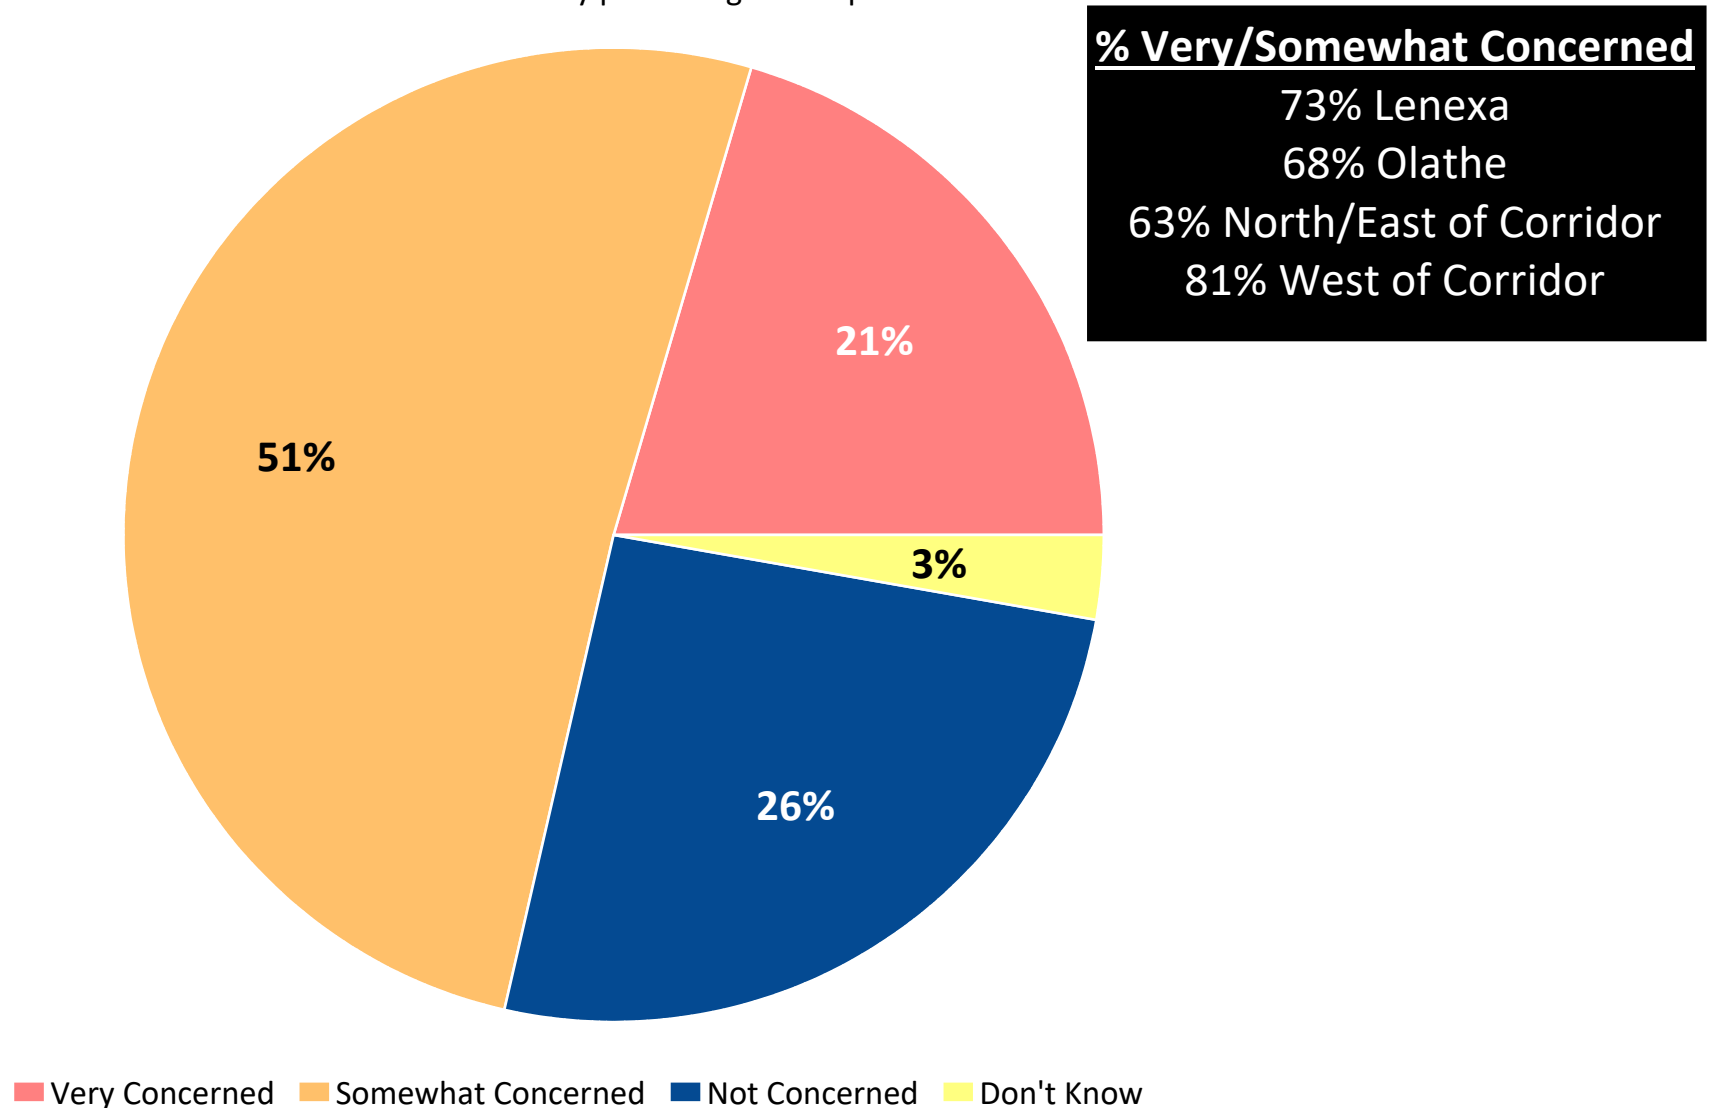

Q8a. Which of the following improvements (if any) would help you address your safety concerns?

by percentage of respondents (multiple choices could be made)

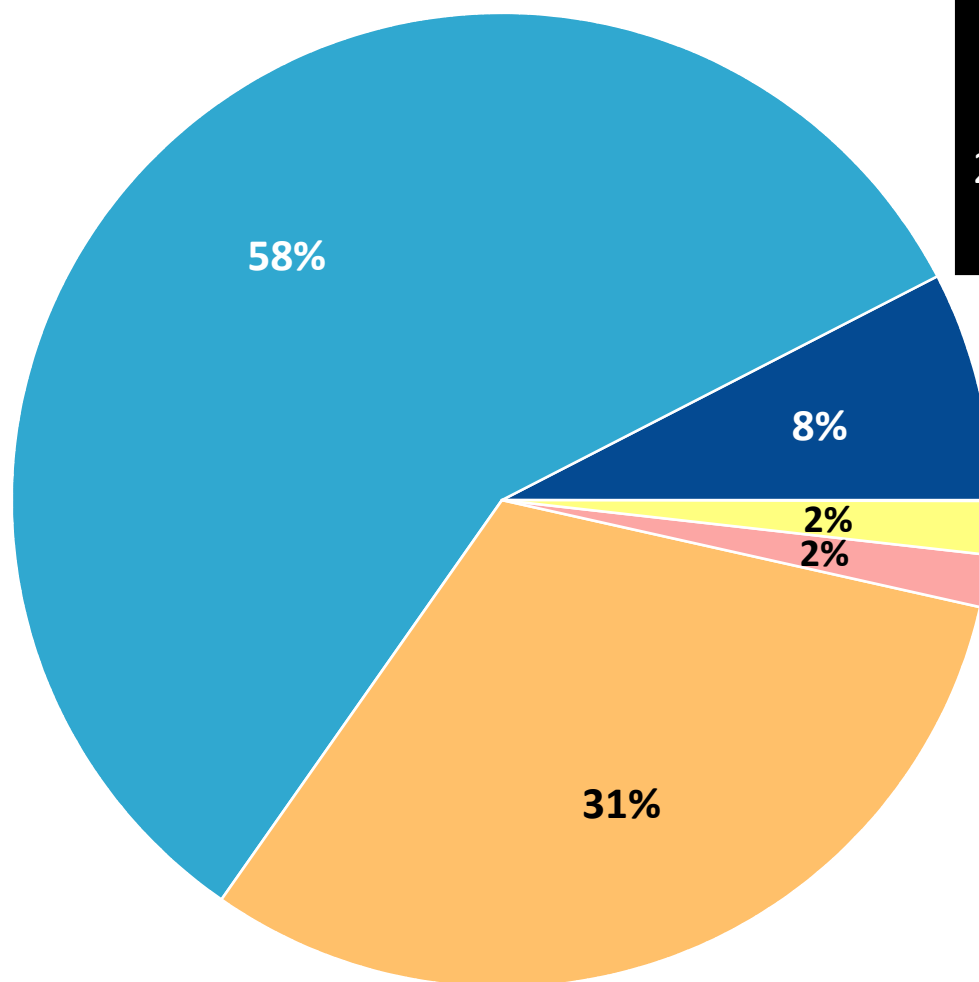

Q9. How concerned are you with the predictability of travel times when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are...

by percentage of respondents

Q10. How would you rate the condition of the road surface on K-10 between the Johnson/Douglas County line and I-435?

by percentage of respondents

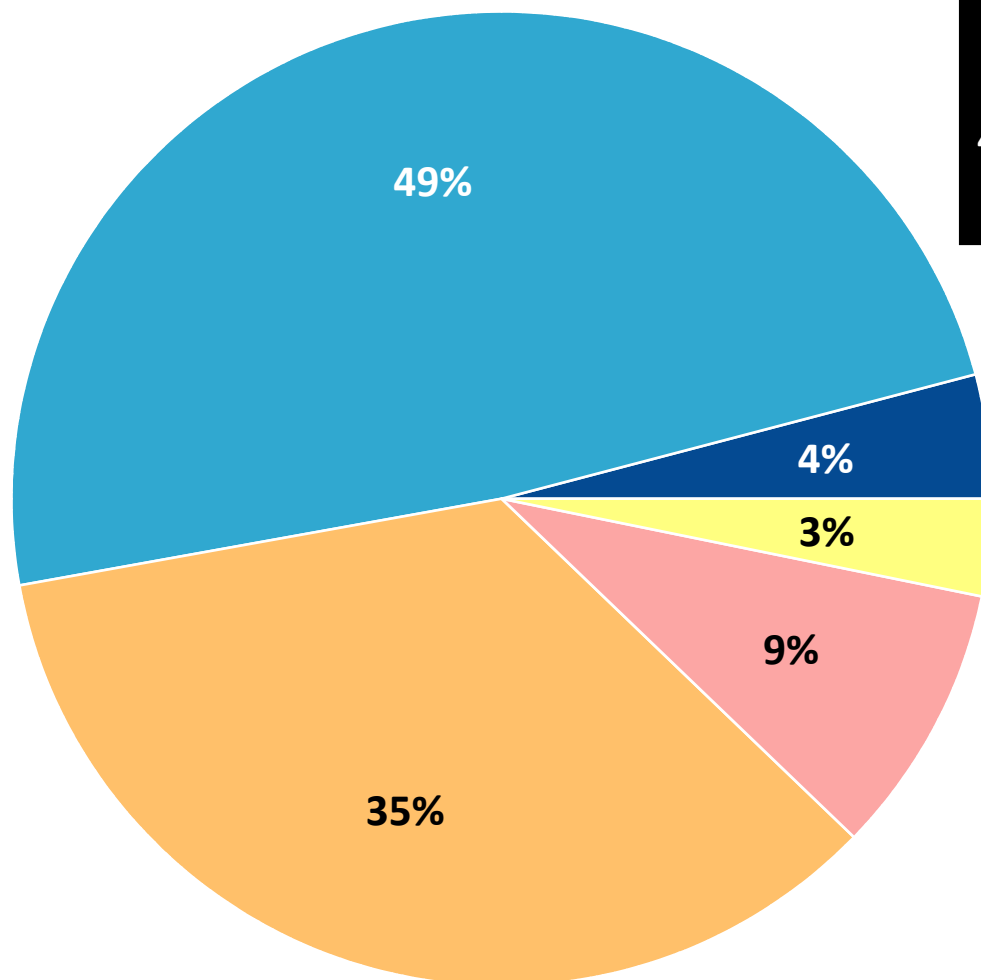

% Fair/Poor
 31% Lenexa
 35% Olathe
 28% North/East of Corridor
 37% West of Corridor

■ Excellent ■ Good ■ Fair (needs some improvement) ■ Poor (needs major improvements) ■ Don't know

Q11. How would you rate the condition of the interchanges (on/off ramps) between the Johnson/Douglas County line and I-435?

by percentage of respondents

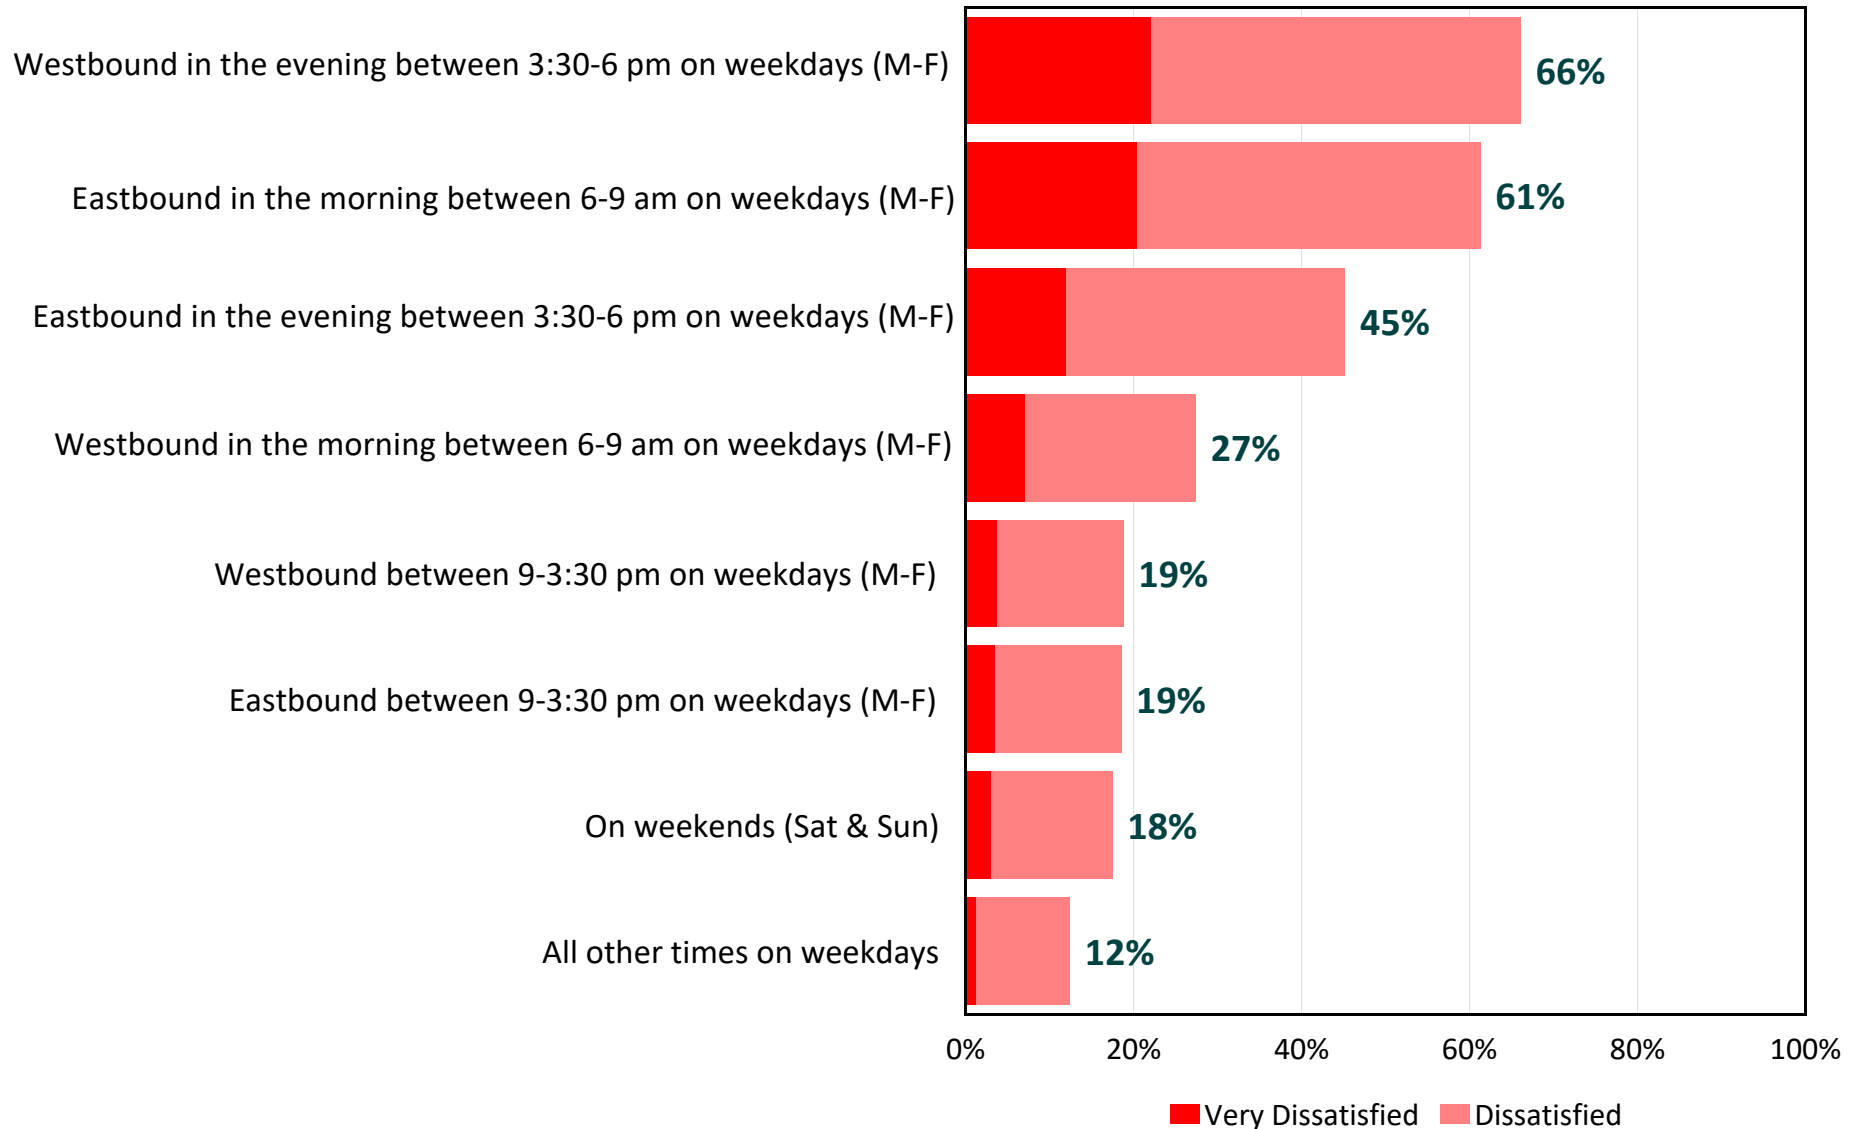

<u>% Fair/Poor</u>	
39%	Lenexa
51%	Olathe
41%	North/East of Corridor
44%	West of Corridor

■ Excellent ■ Good ■ Fair (needs some improvement) ■ Poor (needs major improvements) ■ Don't know

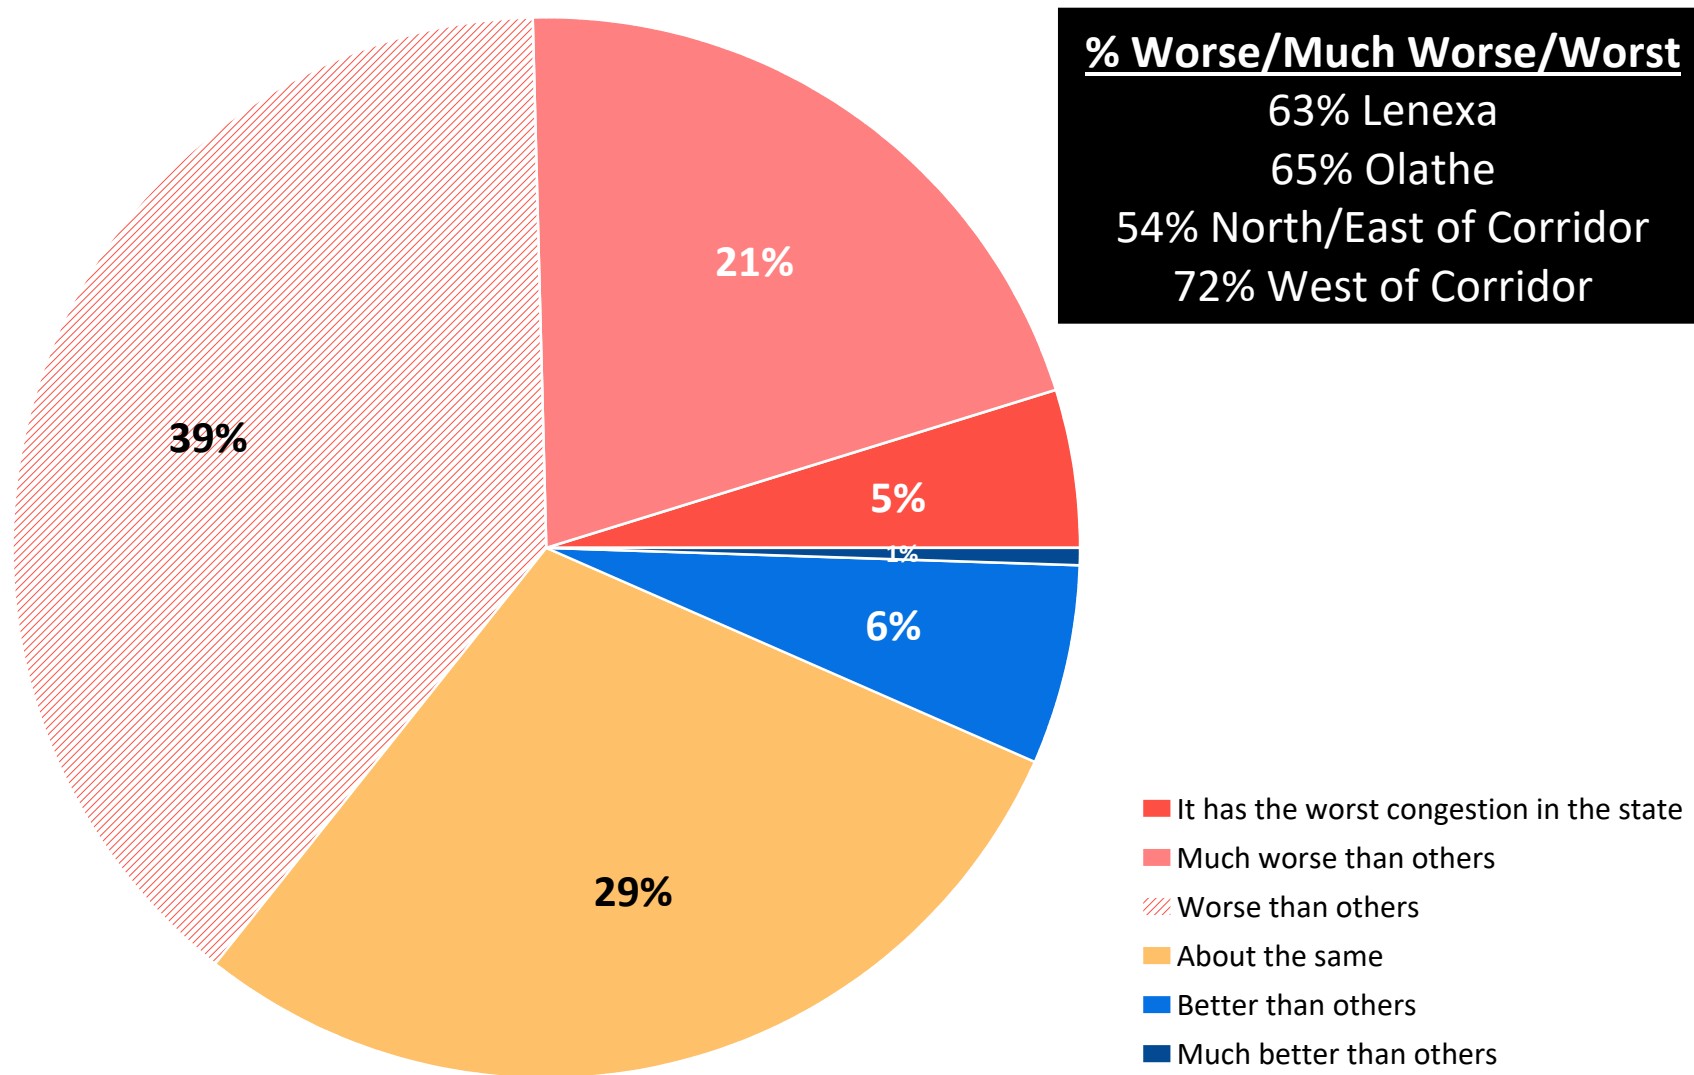

Q12. Dissatisfaction with the flow of traffic on K-10 between the Johnson/Douglas County line and I-435 during the following time periods

by percentage of respondents who were "very dissatisfied" or "dissatisfied" (without "don't know")

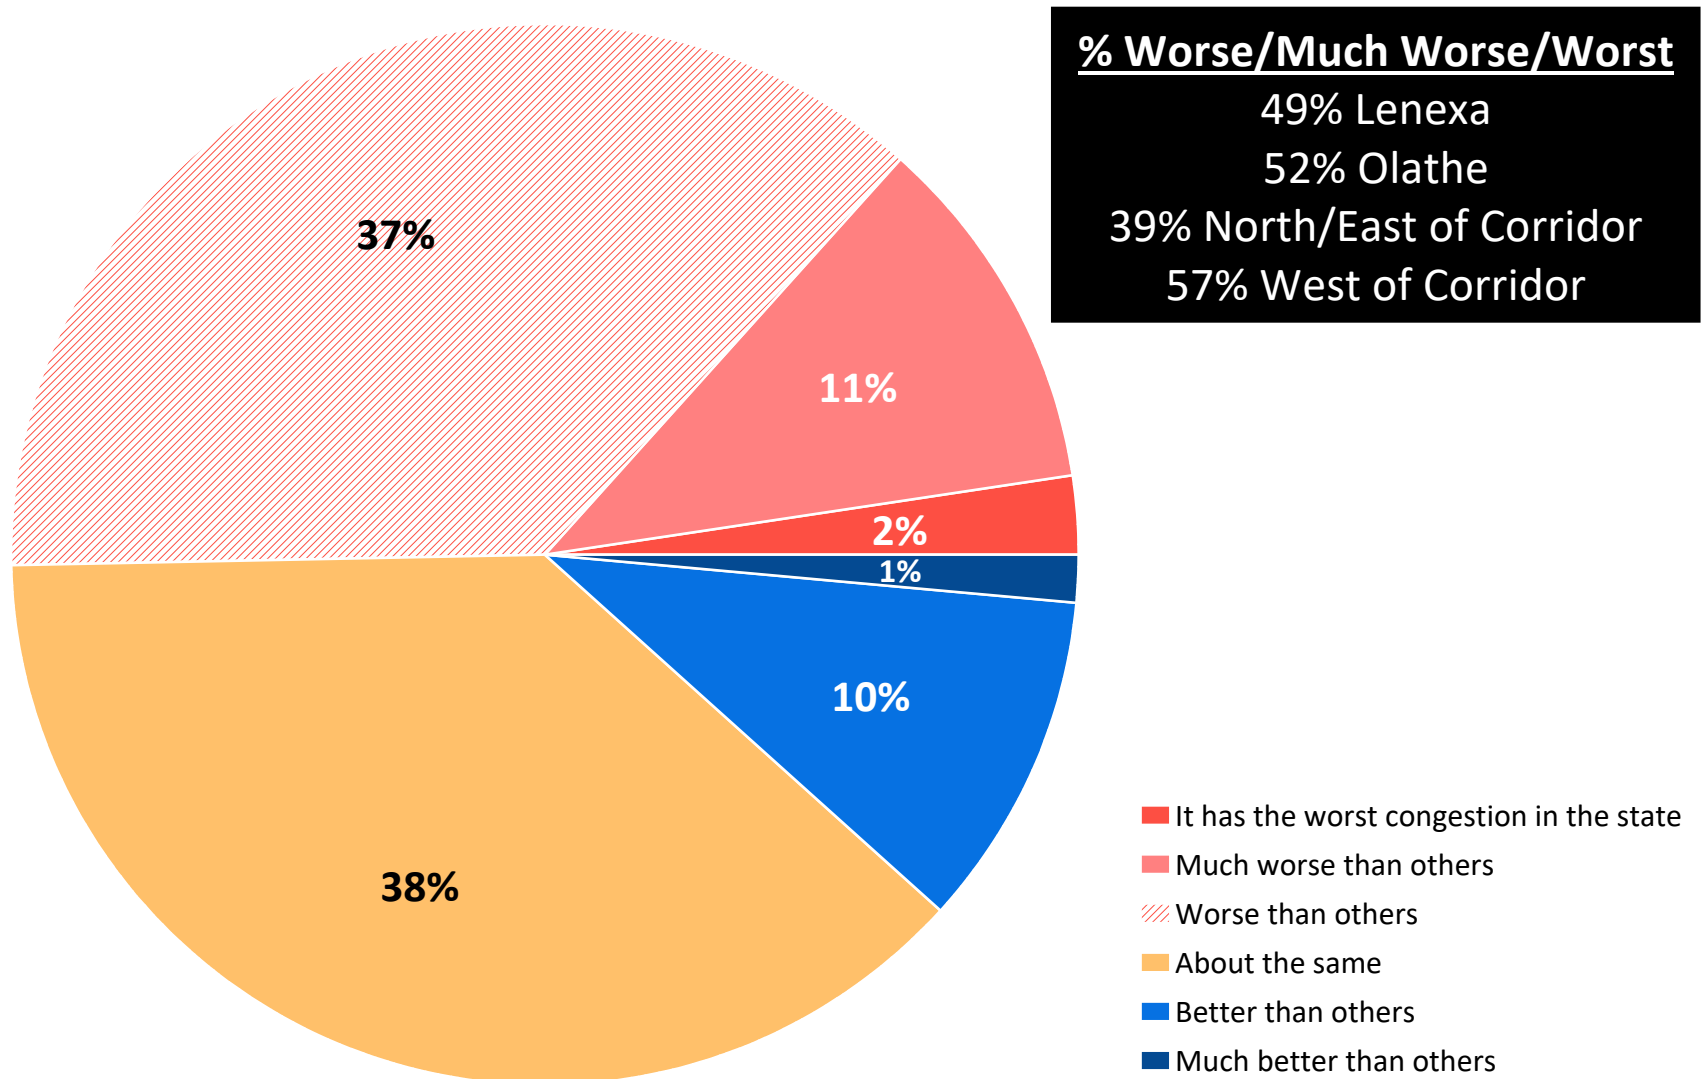

Q13. How does congestion on K-10 between K-7 and I-435 compare to other highways in Kansas?

by percentage of respondents (excluding don't knows)

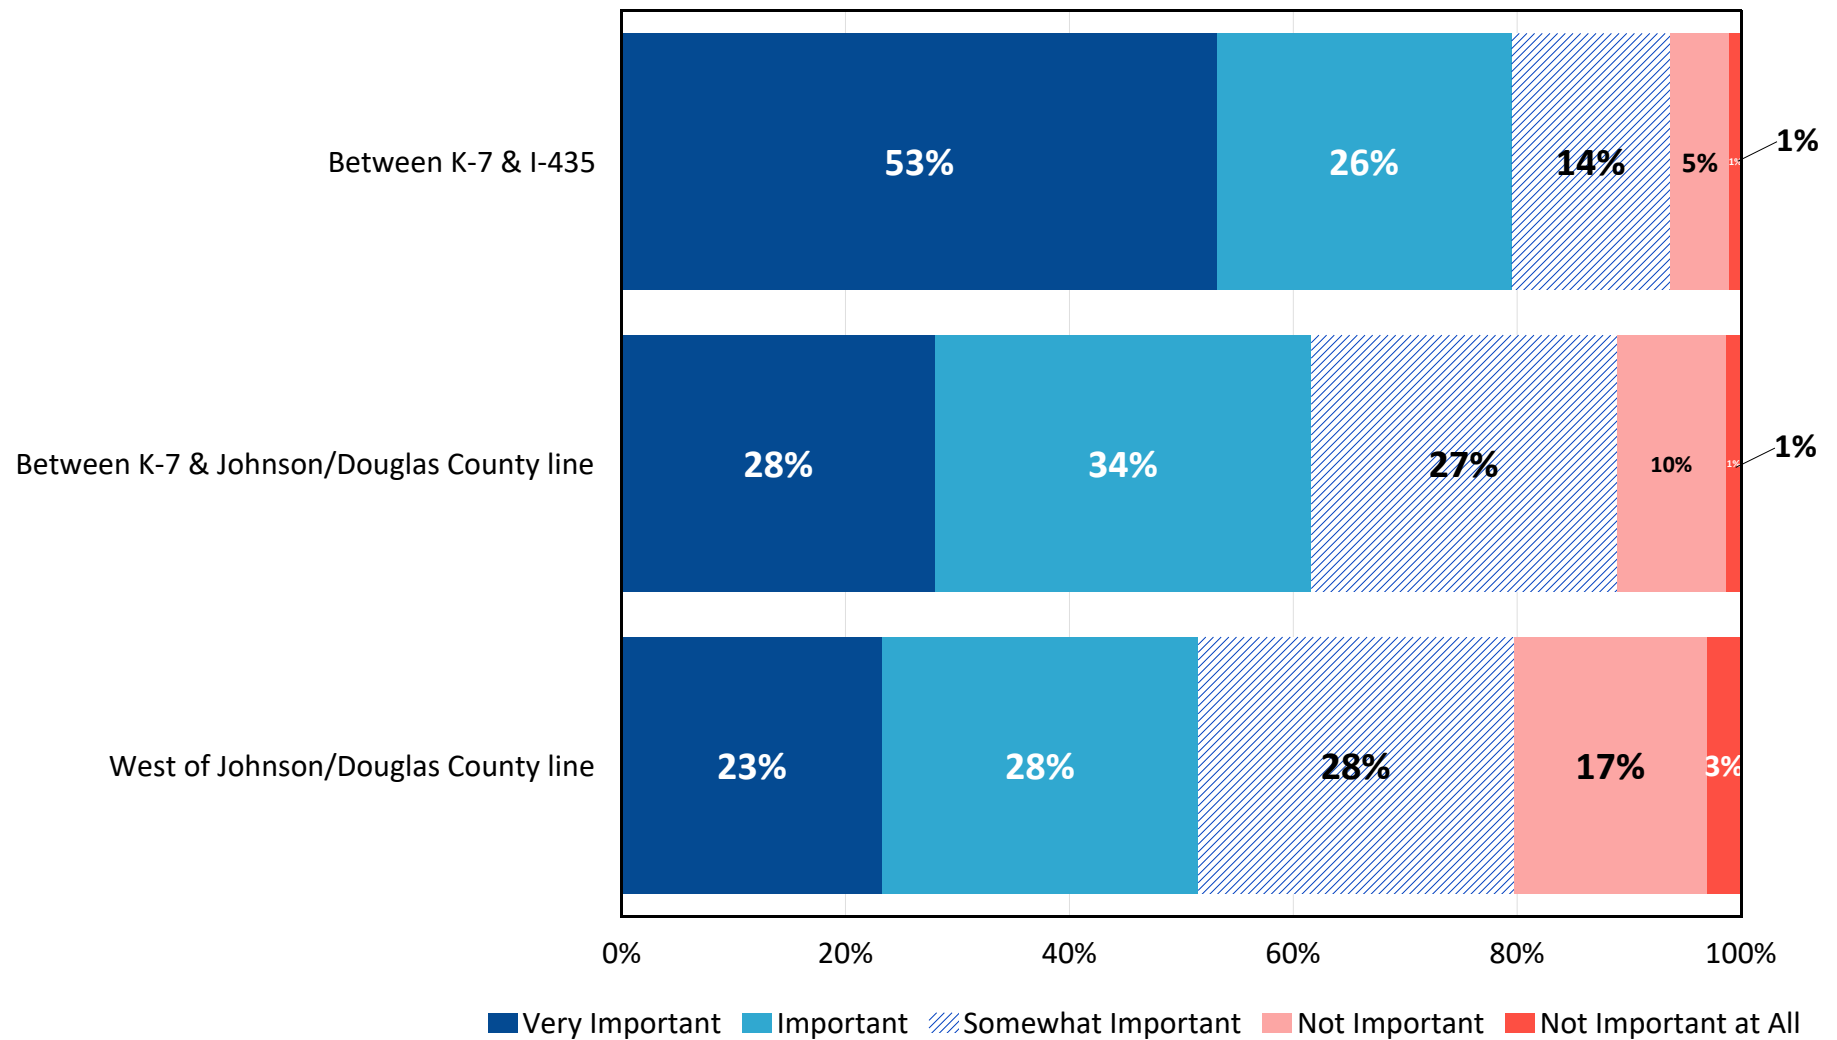

Q14. How does congestion on K-10 between K-7 and the Johnson/Douglas County line compare to other highways in Kansas?

by percentage of respondents (excluding don't knows)

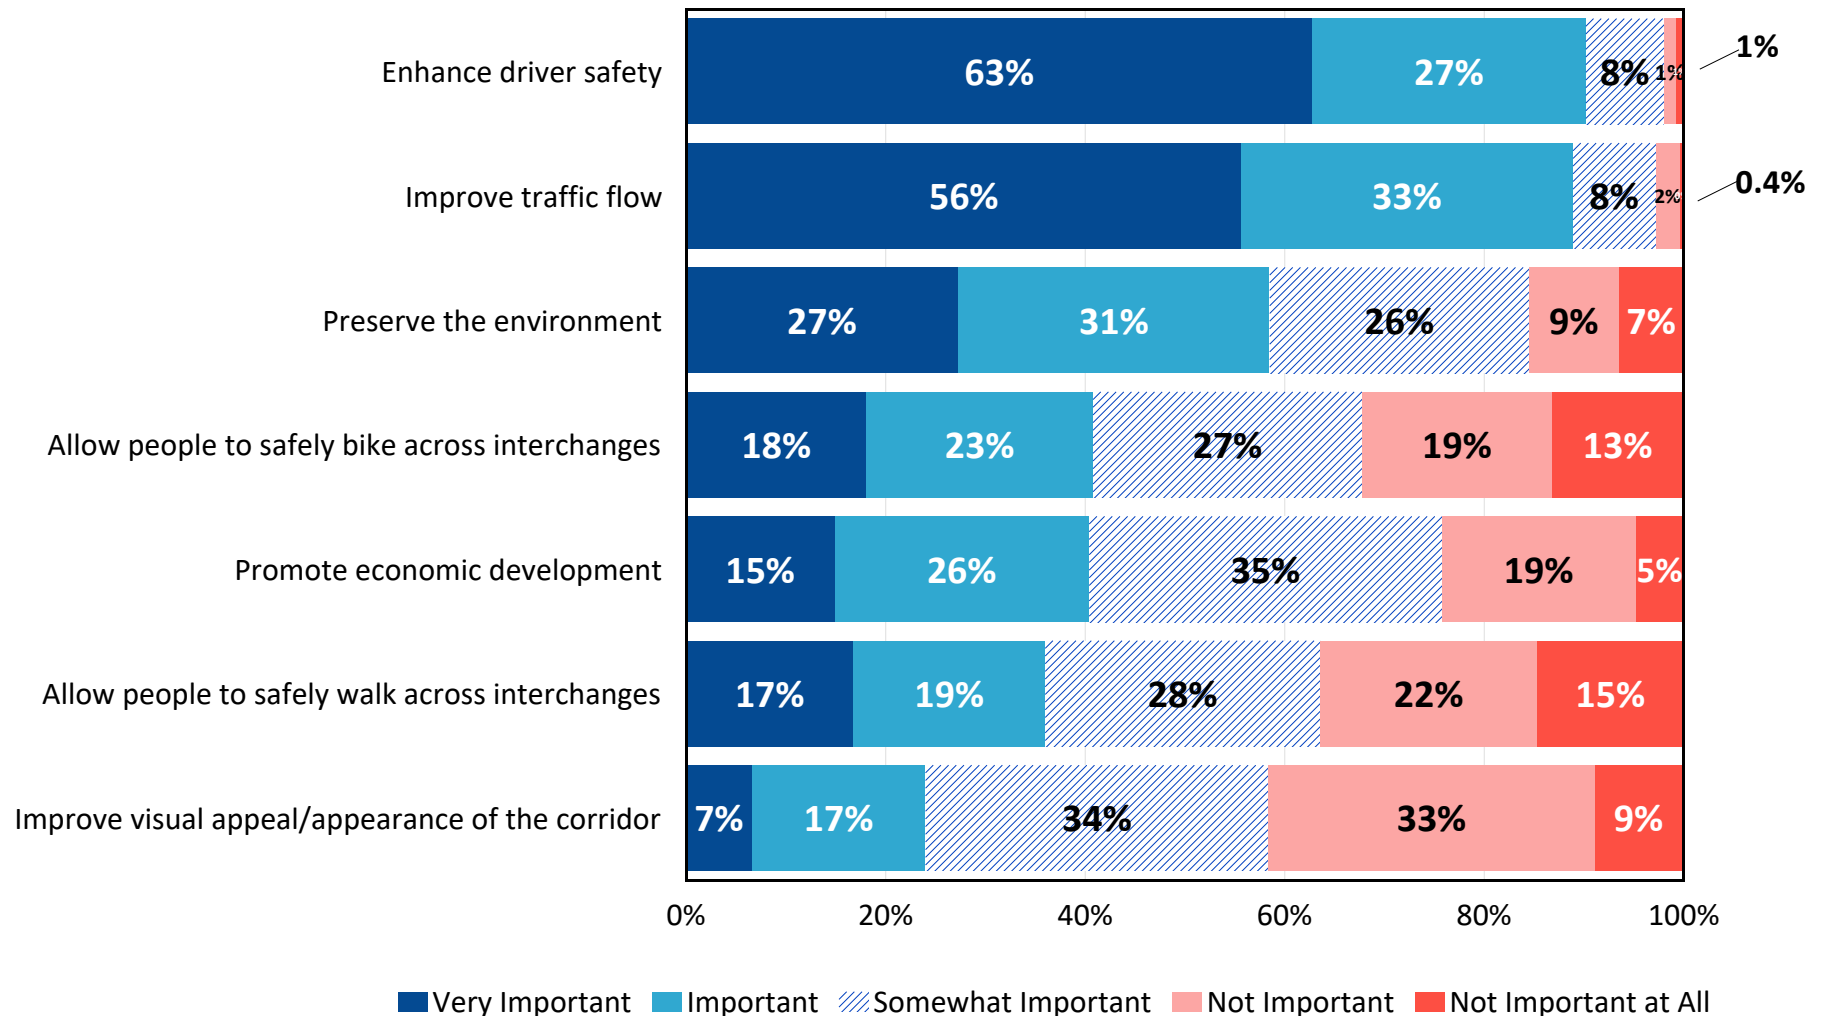

Q15. Overall, how important do you think it is to make improvements to K-10 on each of the sections of K-10 listed below?

by percentage of respondents (without "don't know")

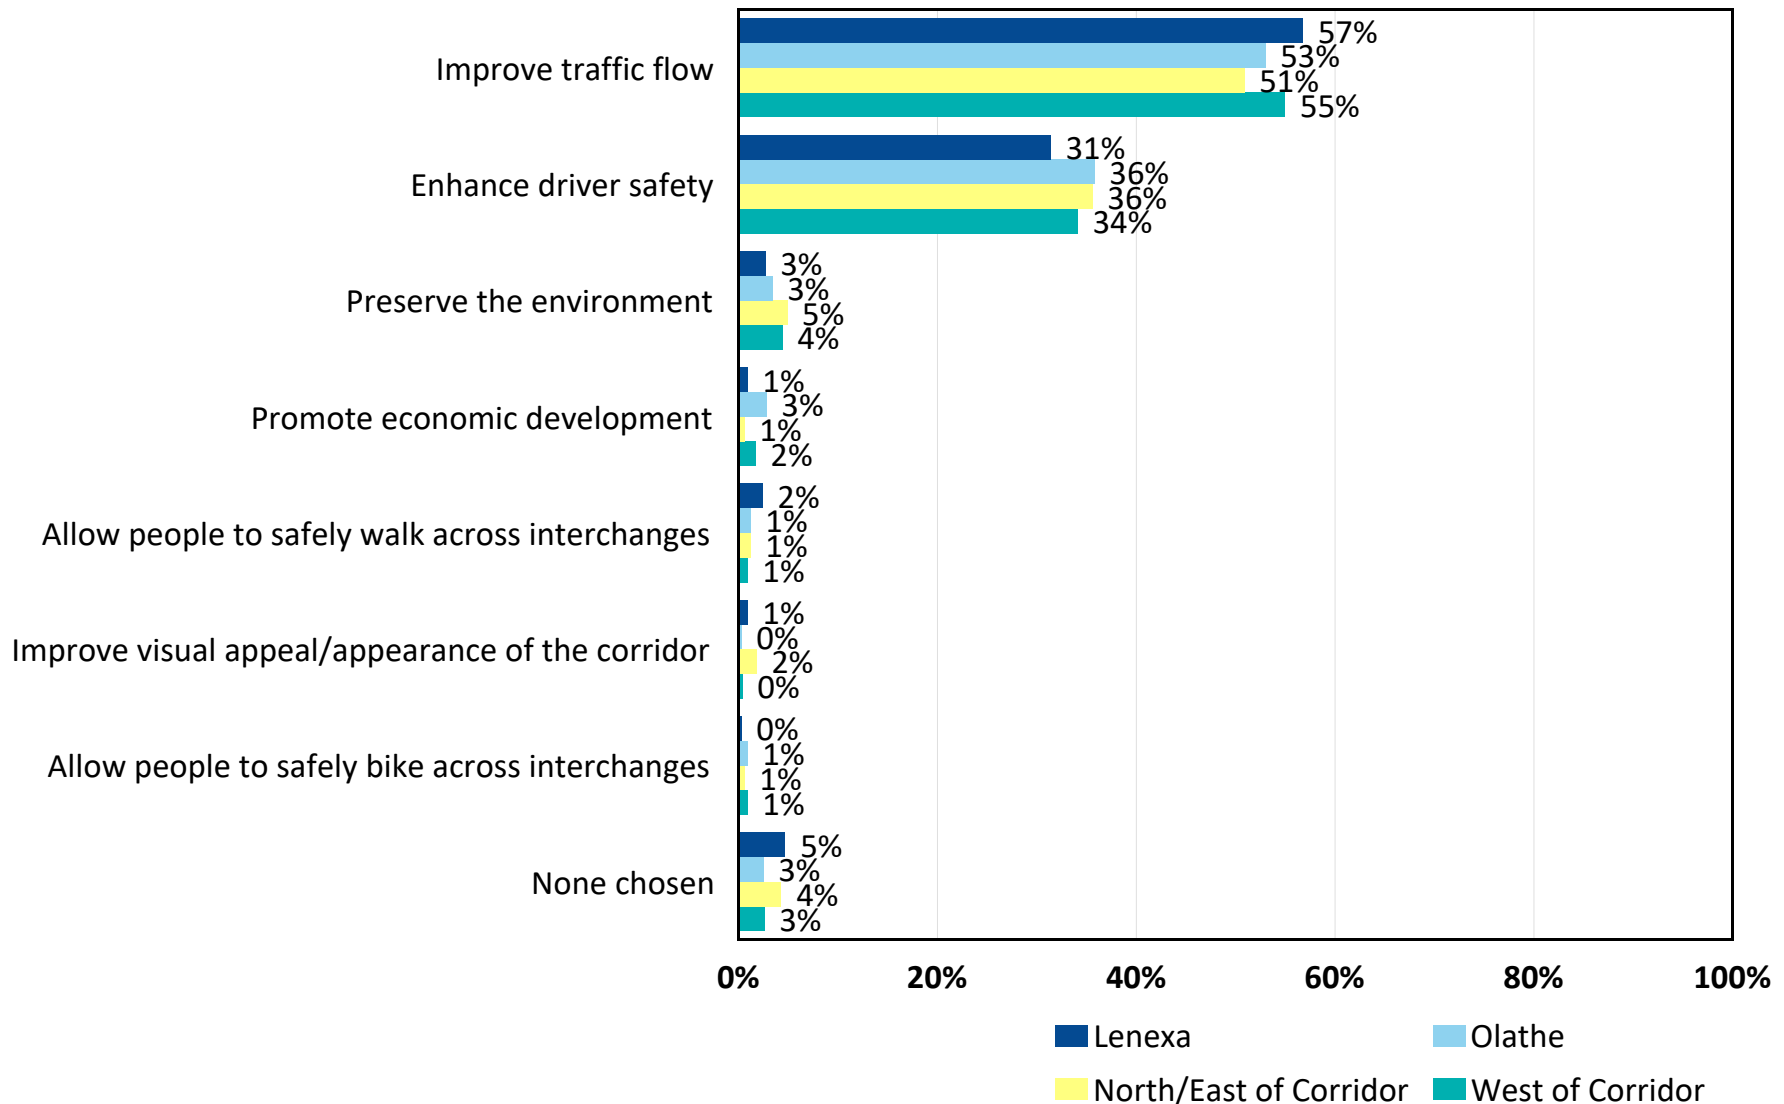

Q16. Please rate how important the following issues should be in determining the types of improvements (if any) that could be made to K-10 between the Johnson/Douglas County line and I-435

by percentage of respondents (without "don't know")

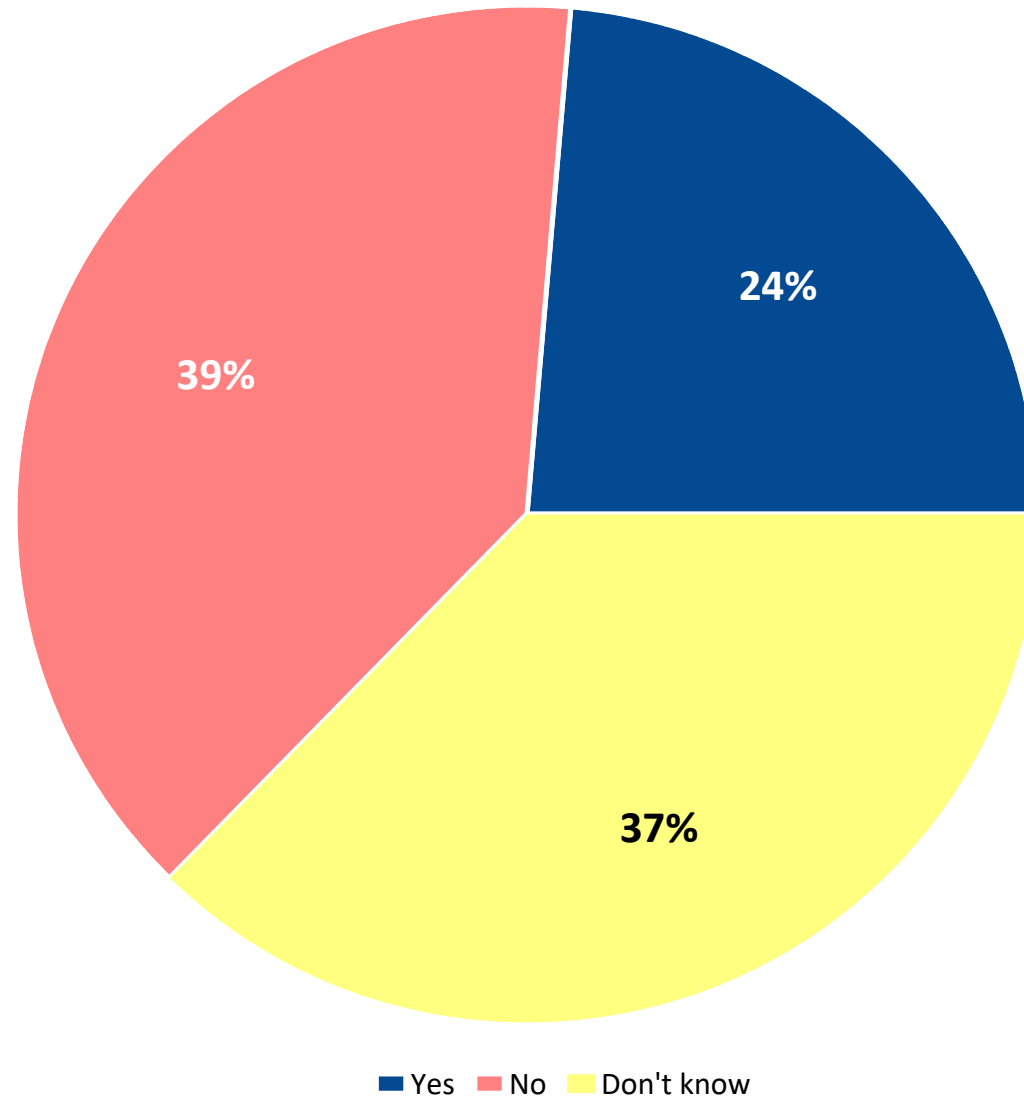

Q17. Of the following issues, which do you think should be most important in determining the types of improvements (if any) that are made to K-10 between the Johnson/Douglas County line and I-435?

by respondents who selected the item as their top choice

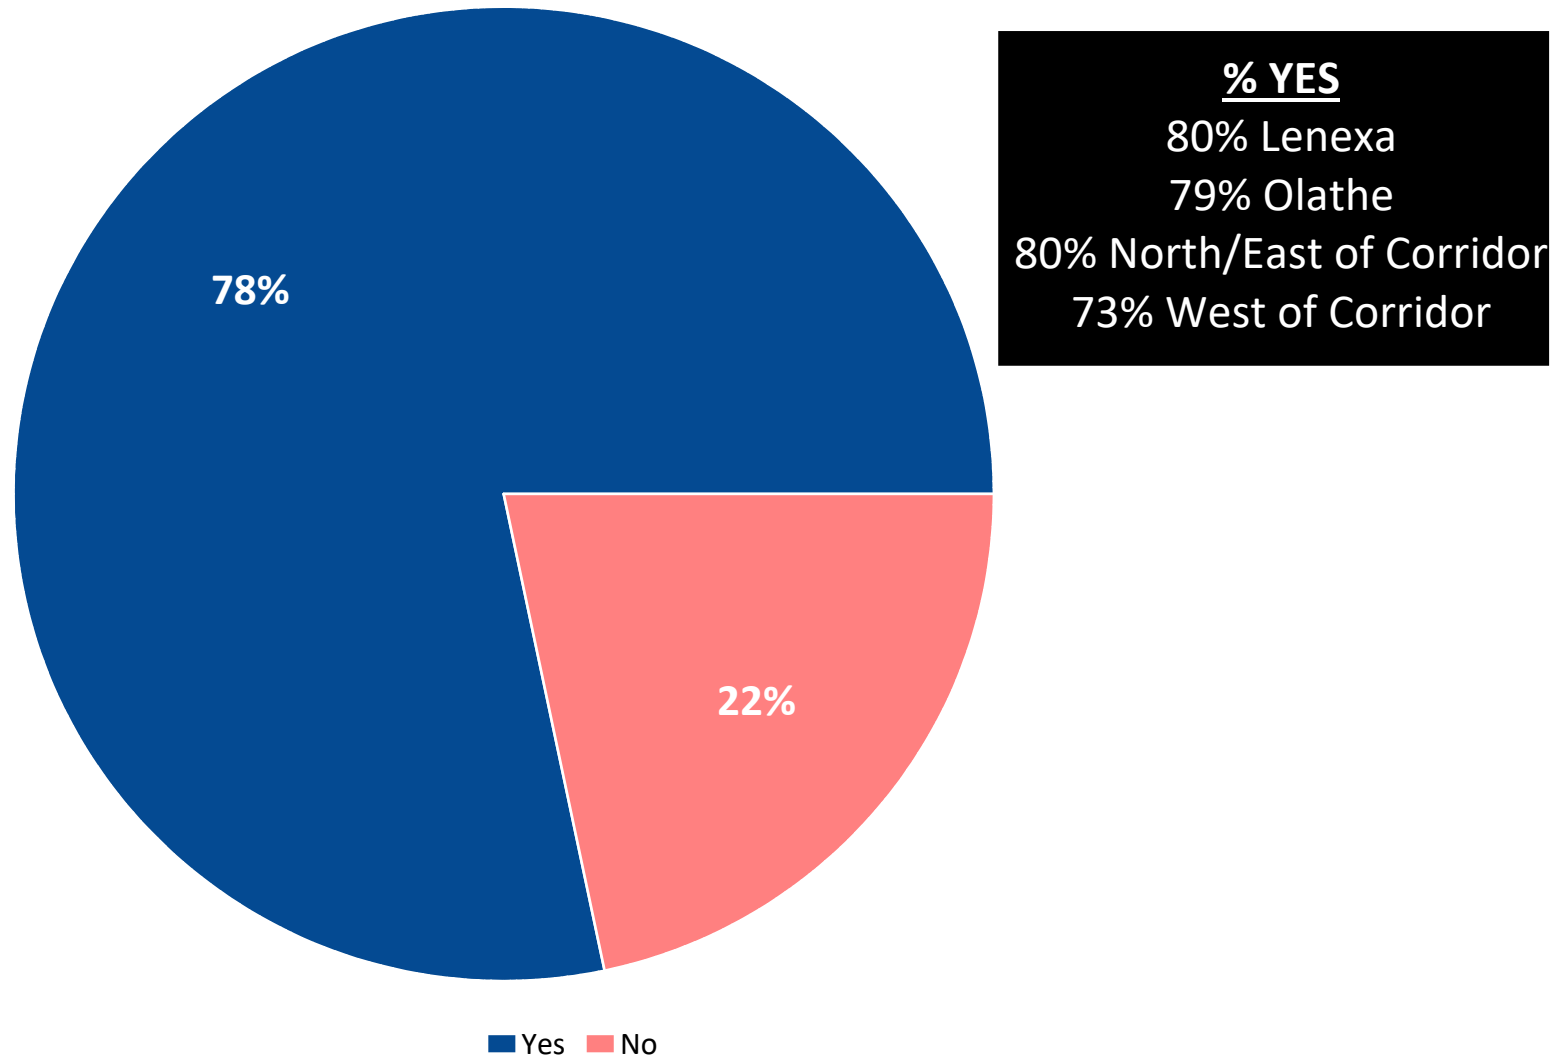

Q18. Do you think more interchanges or overpasses are needed along K-10 between the Johnson/Douglas County line and I-435?

by percentage of respondents

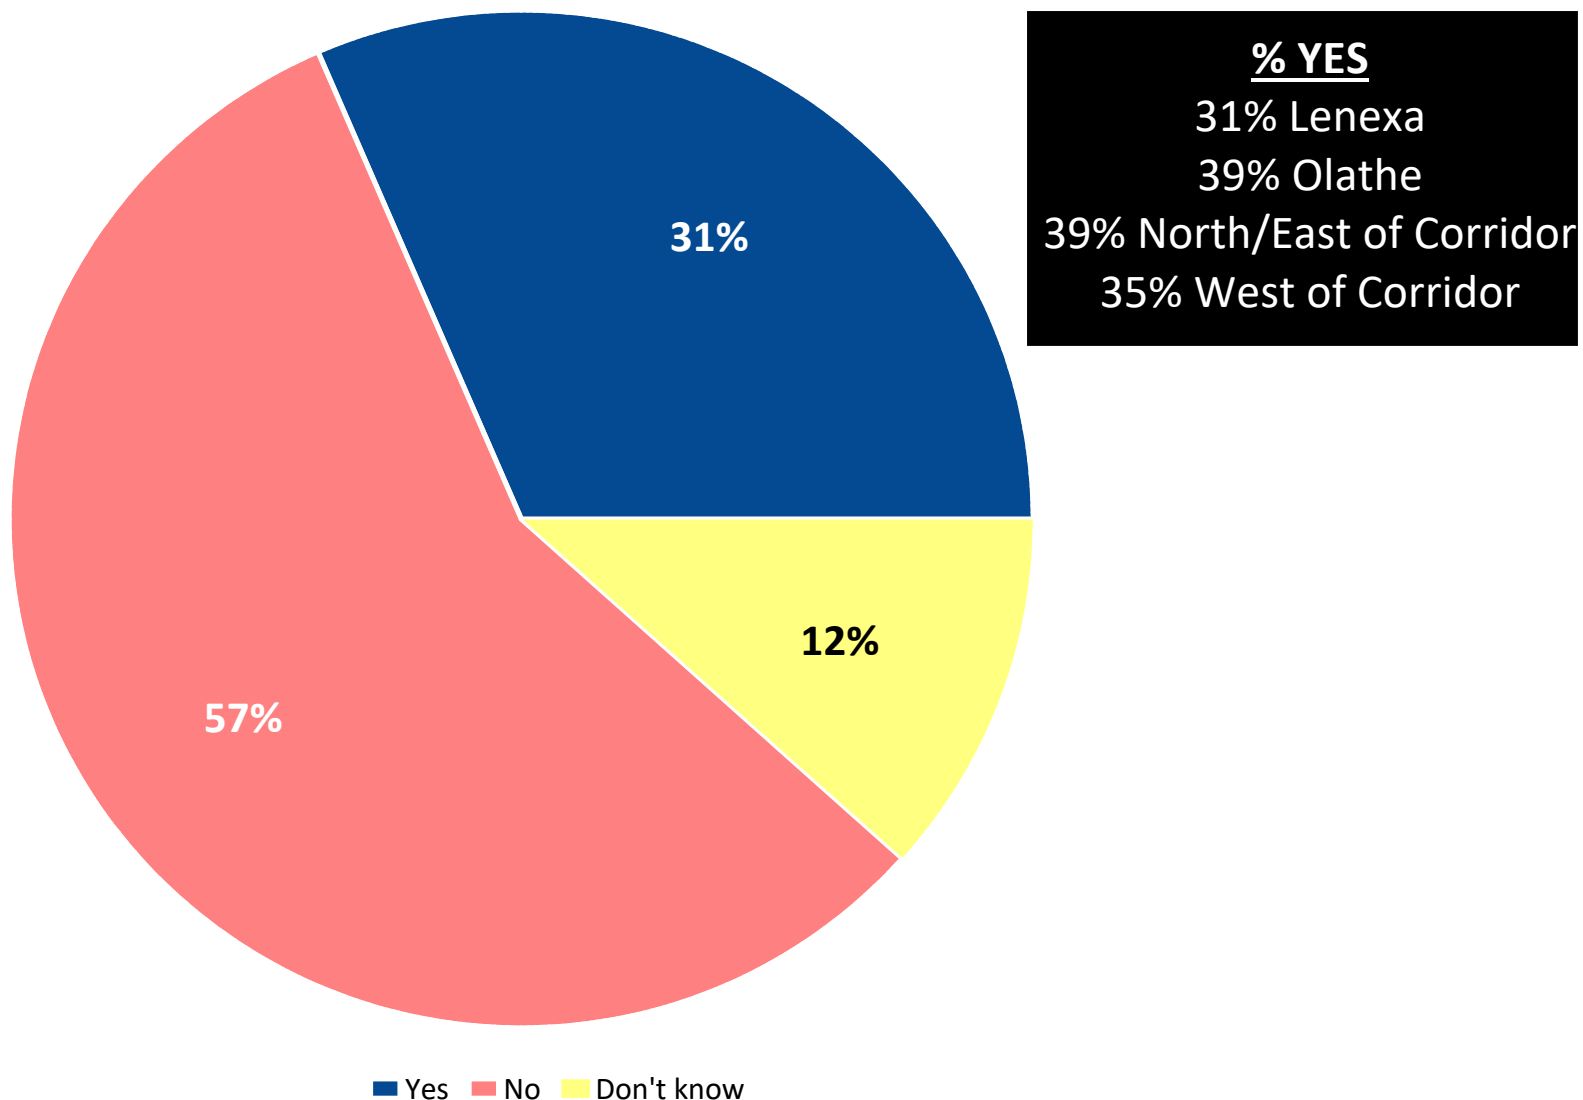

Q19. Have you seen "express toll lanes" in urban areas of other states like Texas, Colorado, or Minnesota where drivers can choose to pay a toll to drive in an express lane that bypasses congestion in untolled lanes?

by percentage of respondents

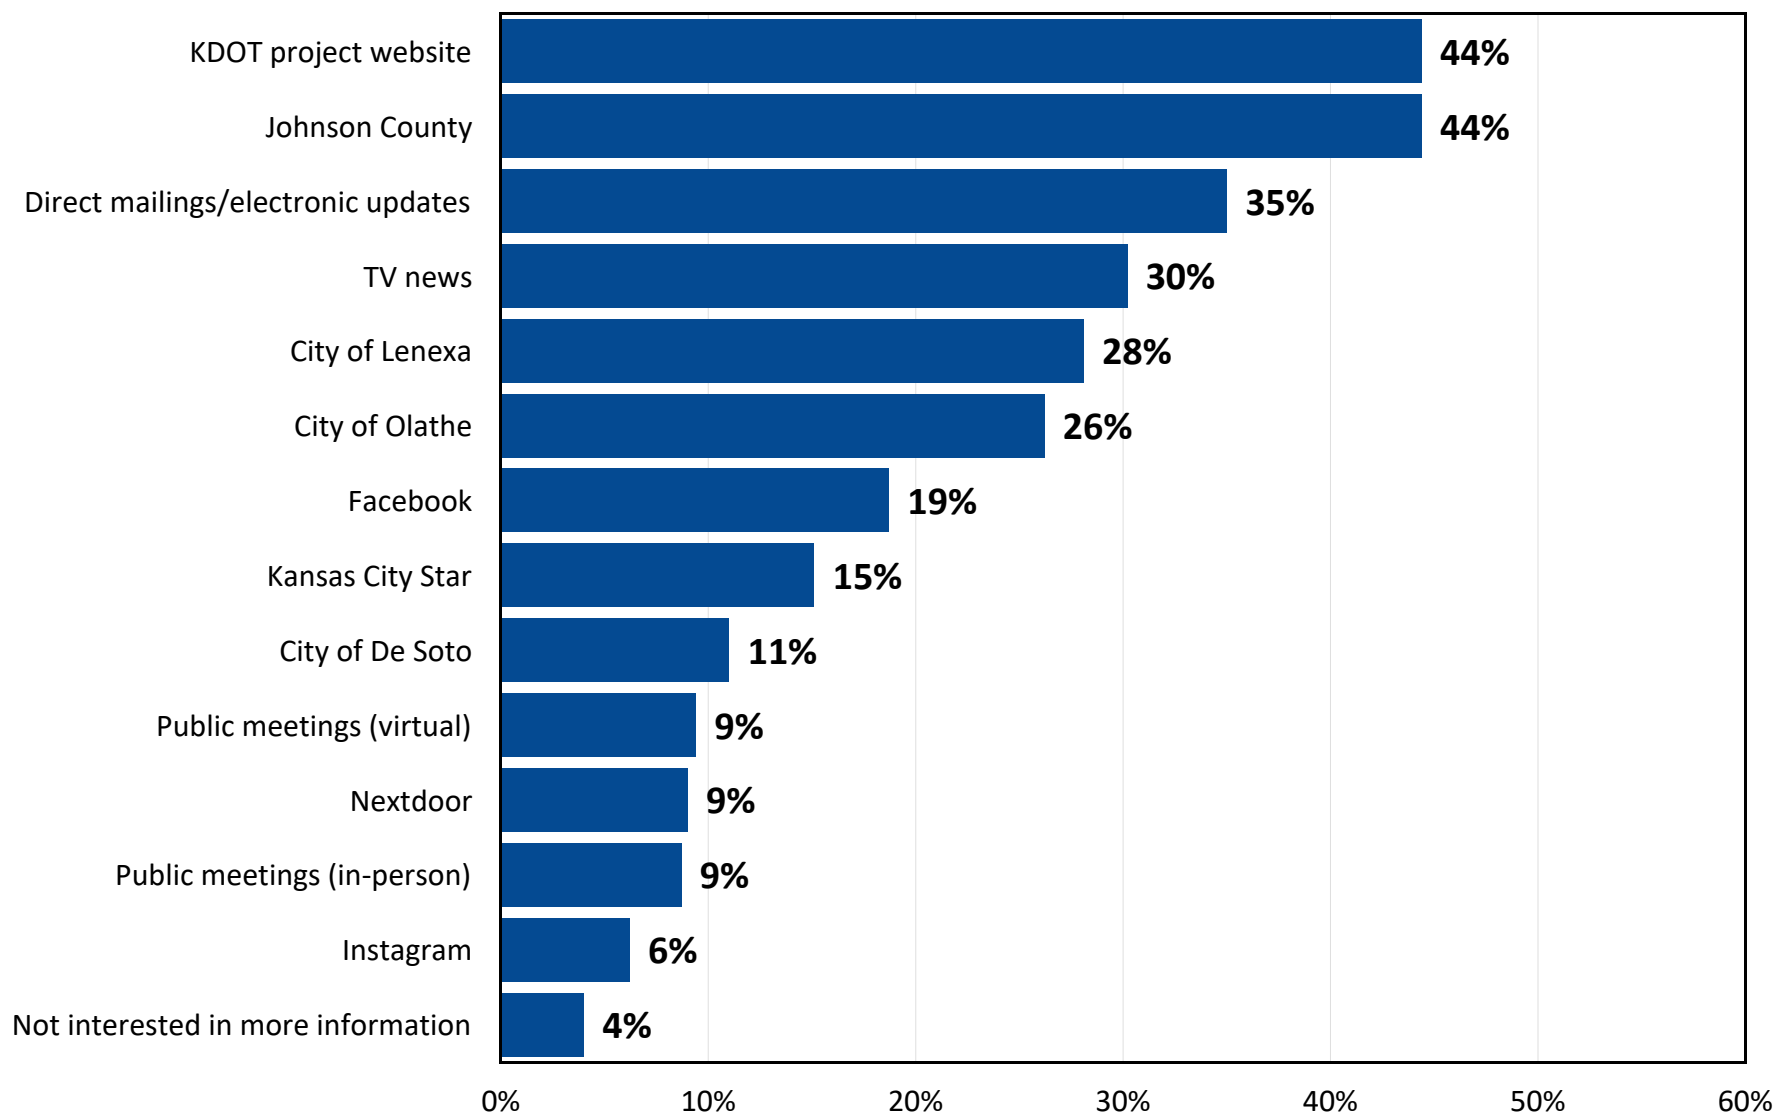

Q20. Do you generally like the idea of being able to pay a toll to bypass congestion?

by percentage of respondents

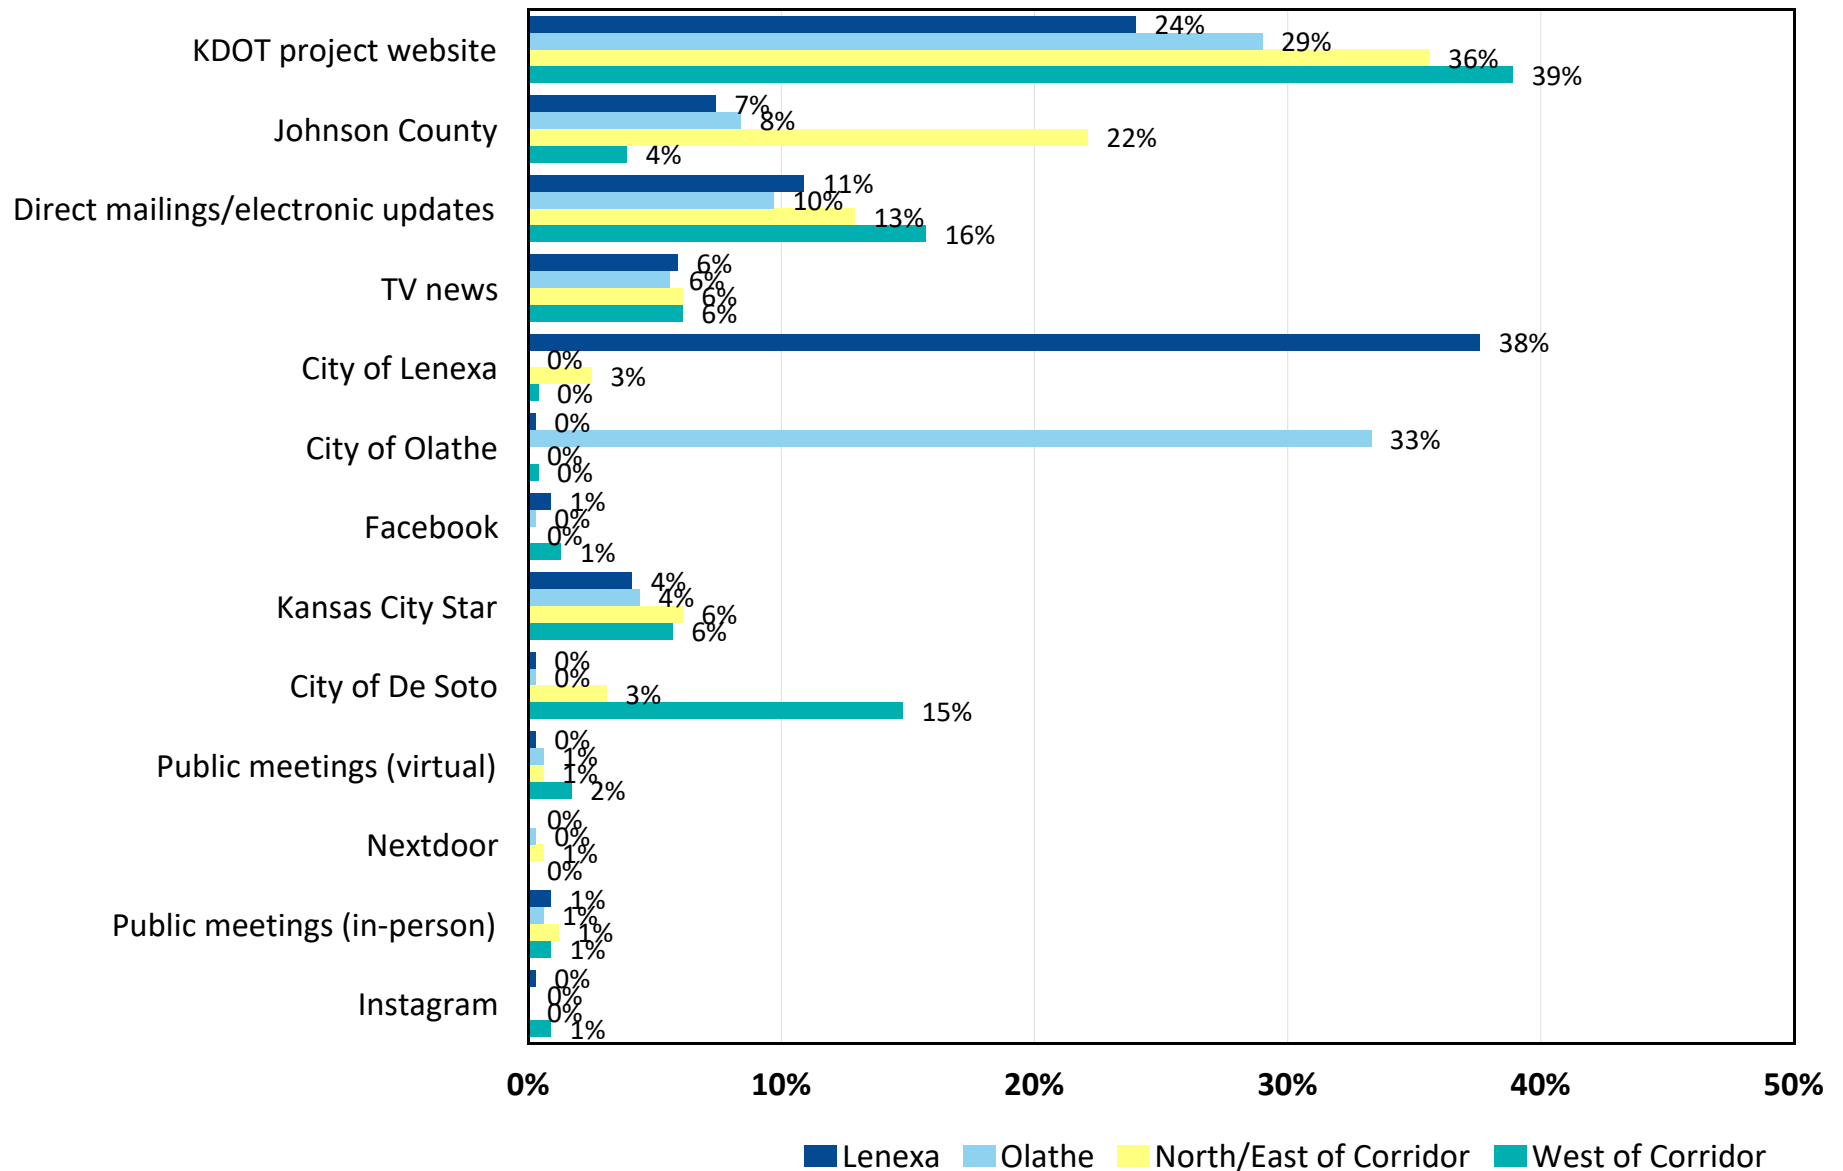

Q21. From which of the following sources would you prefer to get information about improvements that are being considered to K-10?

by percentage of respondents (multiple choices could be made)

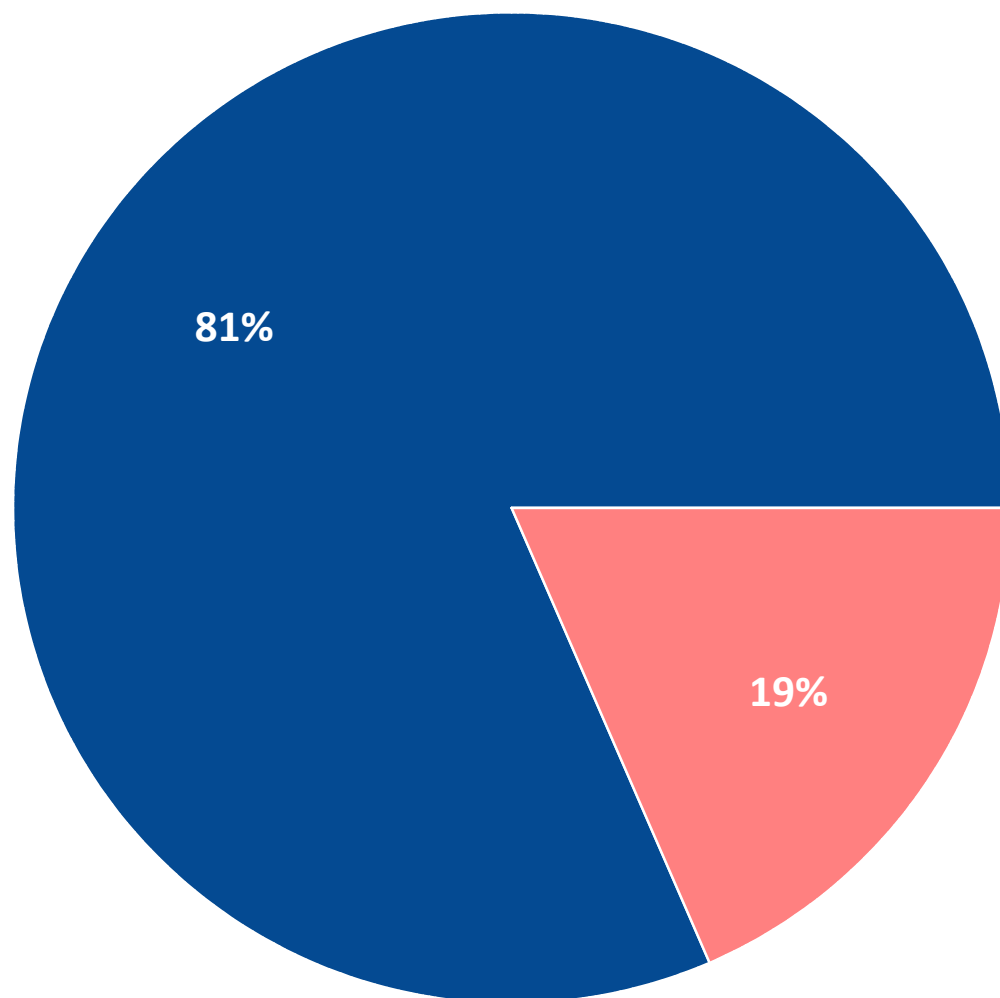

Q22. From the following list, which source do you trust most?

by respondents who selected the item as their top choice

Q23. Are you familiar with the improvements that are currently being made to U.S. 69 Highway in Overland Park that include the addition of new lanes in each direction?

by percentage of respondents

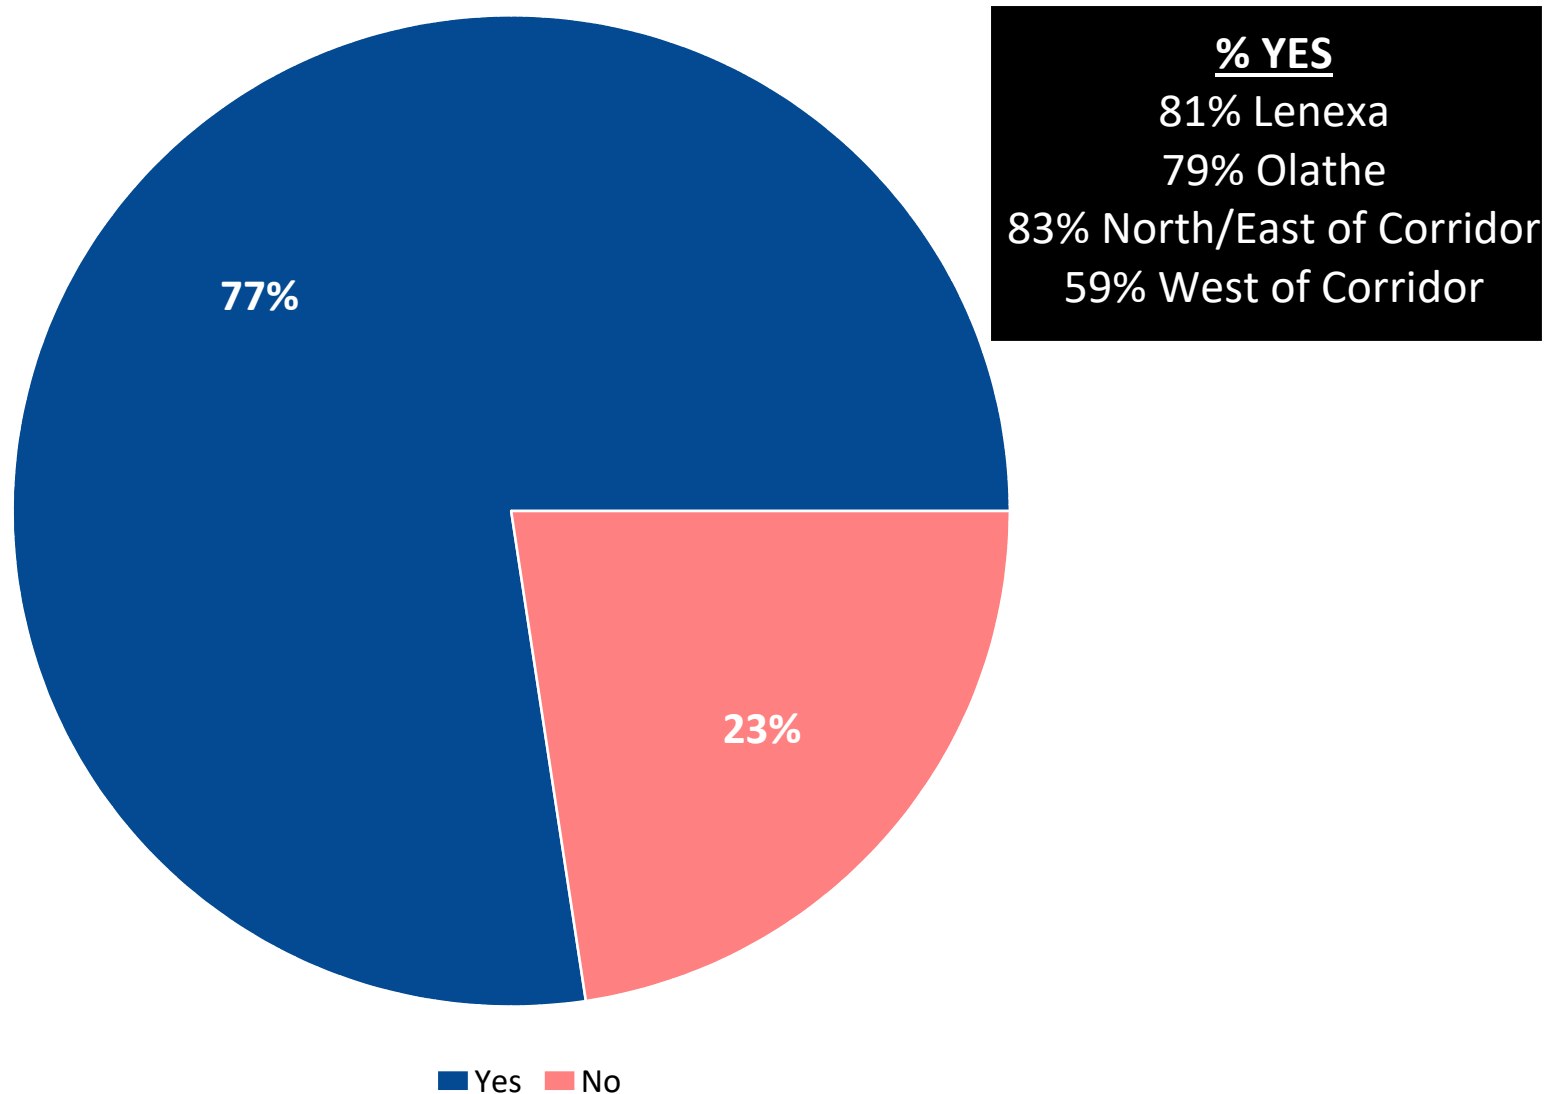

■ Yes ■ No

<u>% YES</u>
88% Lenexa
87% Olathe
91% North/East of Corridor
58% West of Corridor

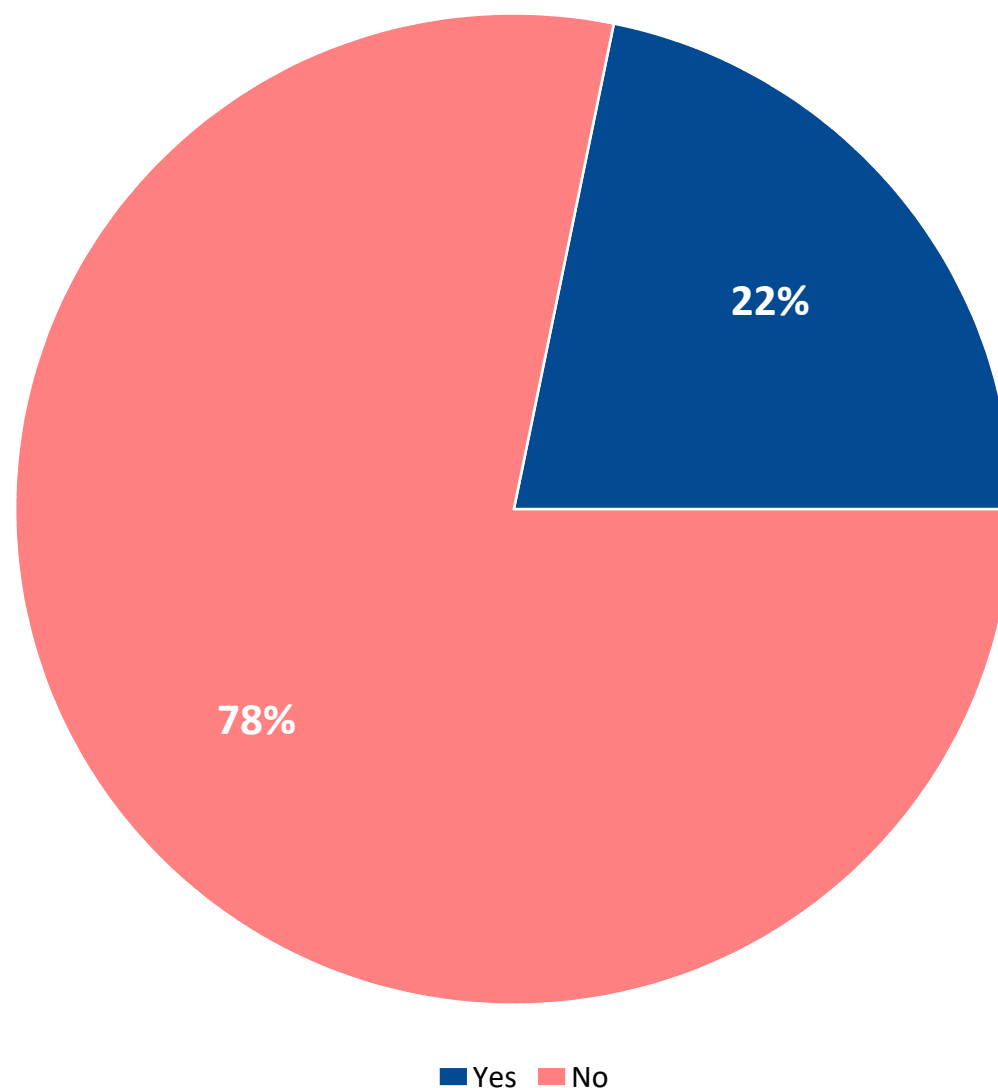

Q23a. Did you know the new lanes on U.S. 69 in Overland Park will be express toll lanes?

by percentage of respondents

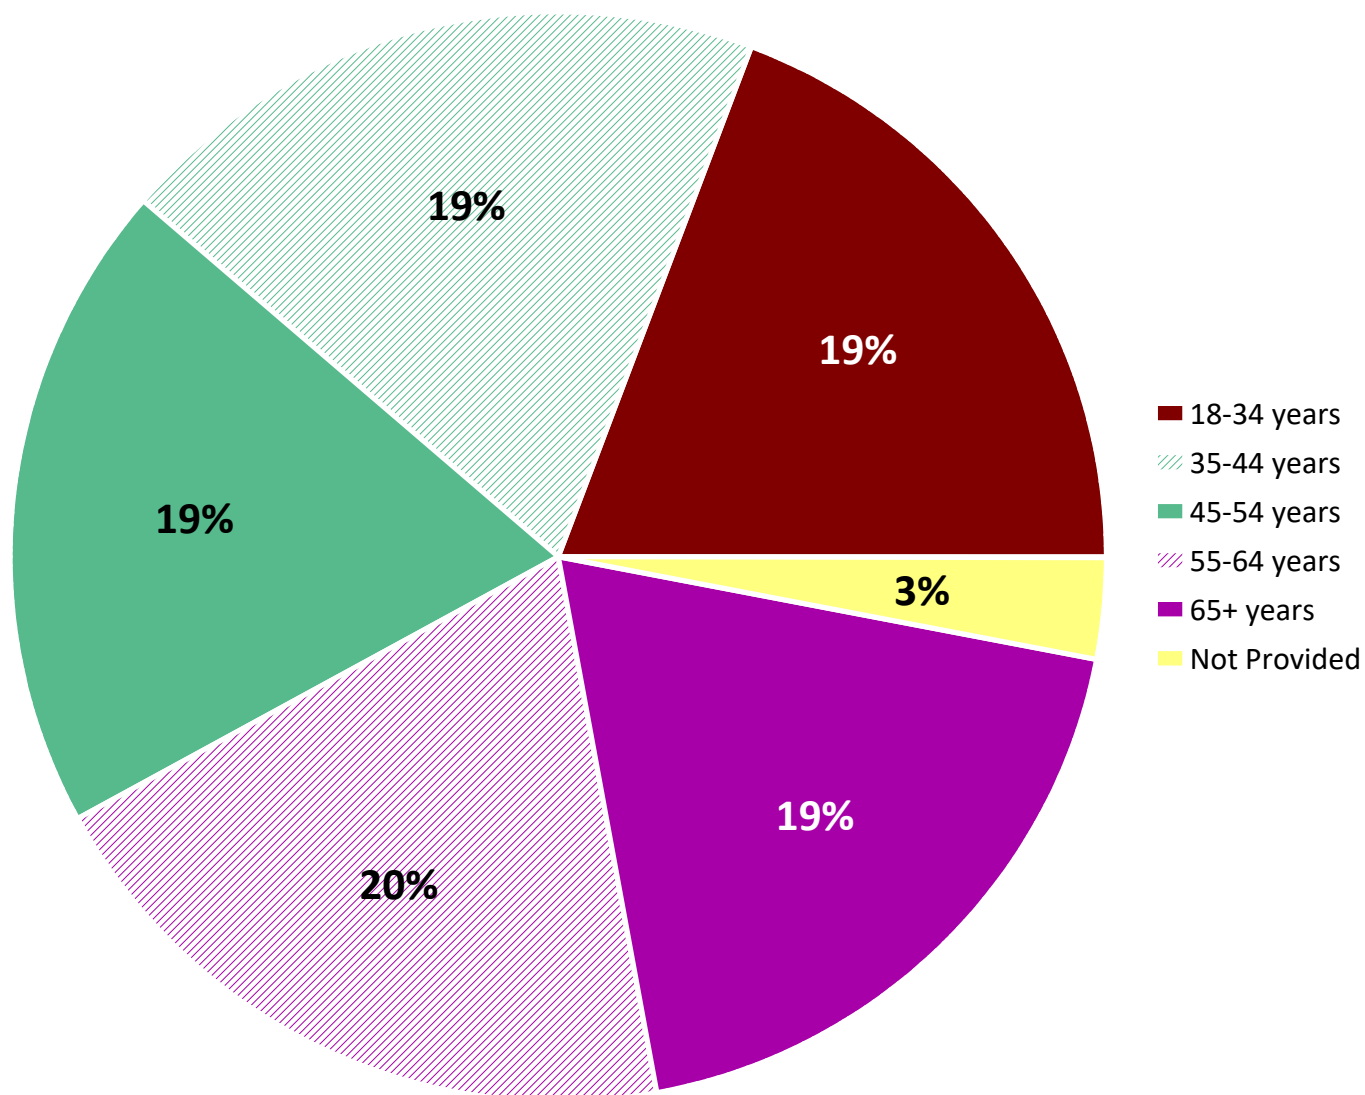

Q24. Would you be interested in participating in future meetings and/or focus groups about improvements to K-10 Highway?

by percentage of respondents

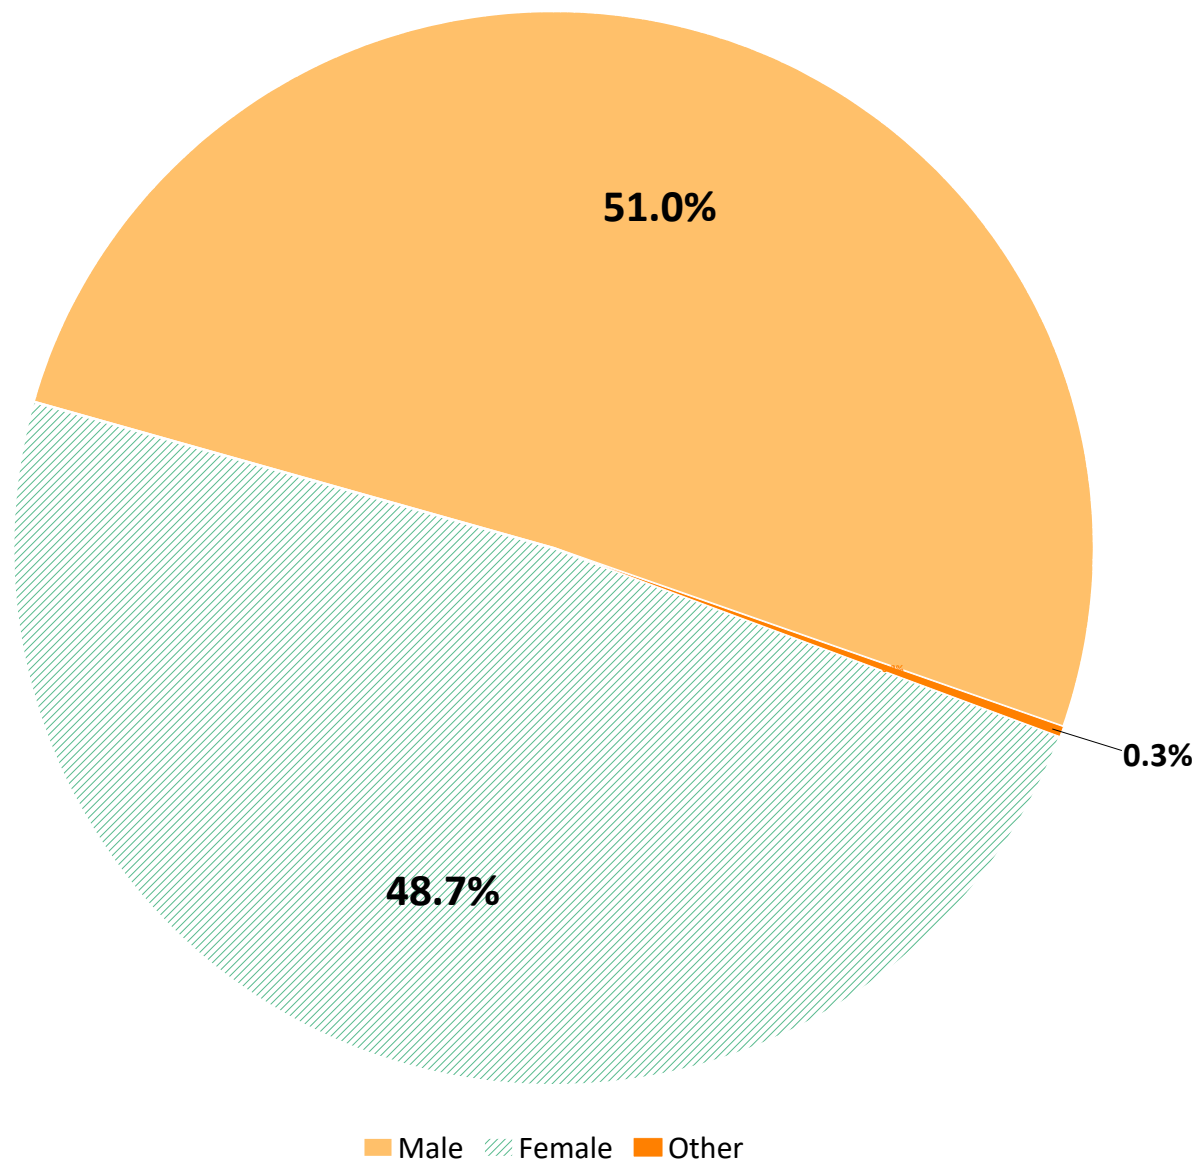

Q25. Demographics: What is your age?

by percentage of respondents

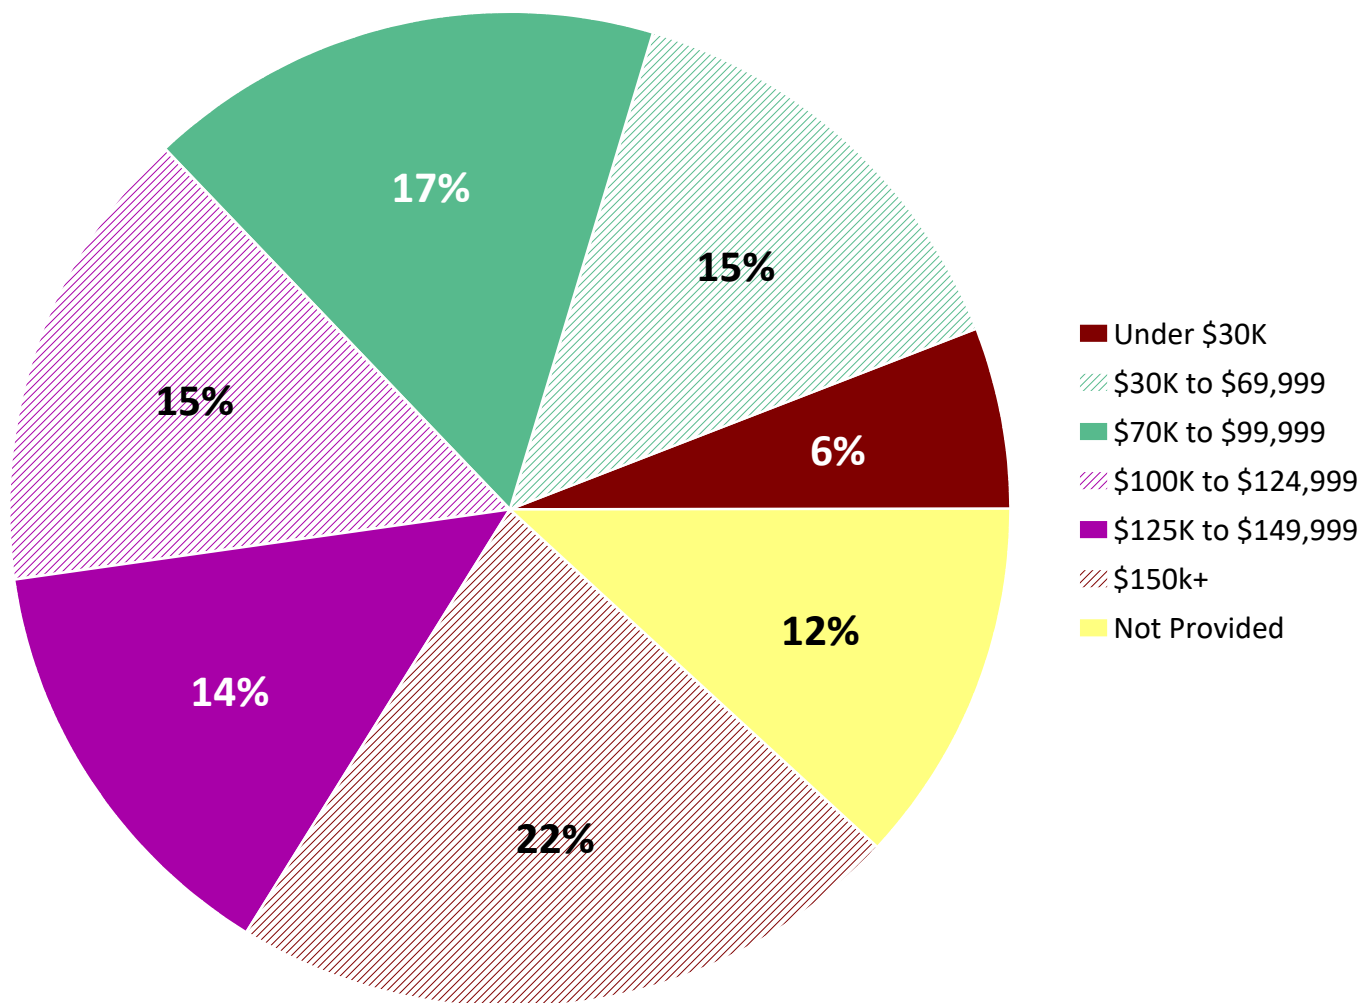

Q26. Demographics: What is your gender?

by percentage of respondents

Q27. Demographics: Would you say your total annual household income is...

by percentage of respondents

Section 2: Tabular Data

Sampling Area:

Area	Number	Percent
North/East of Study Area	163	15.5 %

Section 4: Crosstabular Data by Study Area

Q1. Before receiving this survey, did you know that KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	

Q1. Did you know KDOT was studying improvements to K-10 between I-435 & Johnson/Douglas County line

Yes	30.7%	37.0%	38.6%	45.0%	38.2%
No	69.3%	63.0%	61.4%	55.0%	61.8%

Q2. How many years have you been driving on K-10 between I-435 and the Johnson/Douglas County line? (without "don't remember")

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	

Q2. How many years have you been driving on K-10 between I-435 & Johnson/Douglas County line

Less than 5 years	7.5%	7.4%	7.0%	6.6%	7.1%
5-10 years	8.7%	12.2%	16.5%	20.7%	14.8%
10+ years	83.9%	80.4%	76.6%	72.7%	78.1%

Q3. How frequently do you travel on K-10 between I-435 and the Johnson/Douglas County line?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	
Almost daily	11.0%	35.8%	25.5%	34.1%	28.4%
A few times a week	12.3%	12.7%	17.1%	18.8%	15.3%
At least once a week	16.0%	13.9%	15.6%	14.8%	14.9%
At least once a month	35.6%	24.6%	23.4%	27.5%	26.5%
Less than once per month	25.2%	13.0%	18.4%	4.8%	14.7%

Q4. Which ONE of the following best describes the location of your home or business?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	
West of Douglas/Johnson County line	0.0%	0.0%	0.0%	62.4%	13.6%
Between K-7 Highway & Douglas/Johnson County line	2.5%	13.6%	25.5%	37.6%	20.7%
Between K-7 Highway & I-435	3.7%	41.7%	39.6%	0.0%	26.1%
East/north of K-10 & I-435 interchange (this includes everyone who would access K-10 from I-435 even if you don't live east/north of the interchange)	93.9%	44.7%	34.9%	0.0%	39.6%

Q5. If you are employed outside the home, which ONE of the following best describes the location of your workplace?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	
West of Douglas/Johnson County line	6.7%	5.6%	4.4%	24.9%	9.6%
Between K-7 Highway & Douglas/Johnson County line	5.5%	3.8%	5.6%	6.1%	5.1%
Between K-7 Highway & I-435	4.9%	6.2%	10.9%	5.7%	7.3%
East/north of K-10 & I-435 interchange (this includes everyone who would access K-10 from I-435 even if you don't live east/north of the interchange)	41.1%	45.9%	45.5%	27.9%	41.1%
Not employed outside the home	35.0%	34.3%	30.2%	33.2%	32.9%
Not provided	6.7%	4.1%	3.4%	2.2%	3.9%

Q6. For which of the following types of trips do you use K-10 most?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	
For travel between my home/ business & destinations west of Johnson/Douglas County line	35.0%	18.0%	19.6%	11.4%	19.7%
For travel between my home/ business & destinations between Johnson/Douglas County line & I-435	16.0%	19.8%	15.9%	15.3%	17.0%
For travel between destinations east/north or south of K-10 & I-435 interchange	27.0%	32.5%	38.0%	36.2%	34.2%
I complete travel for all three options equally	22.1%	28.1%	25.5%	37.1%	28.4%
Not provided	0.0%	1.5%	0.9%	0.0%	0.8%

Q7. For which of the following reasons do you typically travel on K-10 between the Johnson/Douglas County line and I-435?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	
Go to work/business-related travel	30.1%	42.3%	39.3%	42.4%	39.5%
Visit friends/relatives	50.3%	55.9%	59.5%	63.3%	57.8%
For recreation or entertainment (includes sporting events)	57.1%	66.0%	66.7%	65.1%	64.6%
Shop/run errands	29.4%	51.2%	52.3%	78.2%	54.0%
Get medical attention	6.7%	26.9%	21.5%	45.9%	26.3%
Go to school/college	7.4%	9.8%	6.2%	3.5%	6.9%
Other	1.8%	3.0%	2.8%	1.7%	2.5%

Q8. How concerned are you with driver safety when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are... (without "don't know")

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	

Q8. How concerned are you with driver safety when you travel on K-10 between Johnson/Douglas County line & I-435

Very concerned	29.7%	35.0%	34.1%	43.4%	35.8%
Somewhat concerned	43.0%	49.9%	46.7%	42.1%	46.2%
Not concerned	27.2%	15.1%	19.2%	14.5%	18.1%

Q8a. Which of the following improvements (if any) would help address your safety concerns?

N=852	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	

Q8a. Which improvements would help address your safety concerns

Improvements to interchange ramp entrances & exits	47.0%	43.7%	52.3%	36.9%	45.2%
Flattening sharp curves	34.8%	36.0%	25.0%	19.5%	28.8%
Adding a concrete median barrier separating eastbound from westbound traffic	54.8%	55.6%	46.5%	54.9%	52.6%
Adding lanes to reduce stop-and-go traffic	68.7%	76.6%	72.7%	73.3%	73.6%
Other	7.8%	7.7%	6.3%	10.8%	8.0%

Q9. How concerned are you with the predictability of travel times when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are...

N=1051

	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	

Q9. How concerned are you with predictability of travel times when you travel on K-10 between & Johnson/Douglas County line & I-435

Very concerned	13.5%	20.4%	21.2%	24.9%	20.6%
Somewhat concerned	49.7%	52.1%	47.0%	55.9%	51.0%
Not concerned	32.5%	24.3%	29.3%	18.3%	25.8%
Don't know	4.3%	3.3%	2.5%	0.9%	2.7%

Q10. How would you rate the condition of the road surface on K-10 between the Johnson/Douglas County line and I-435?

N=1051	Area				Total
	North/East of Corridor	Lenexa	Olathe	West of Corridor	
Excellent	8.0%	9.2%	6.5%	6.1%	7.5%
Good	60.7%	58.0%	57.3%	56.3%	57.8%
Fair (needs some improvement)	27.6%	28.7%	33.6%	34.1%	31.2%

--	--------------	-----------------------	-------------------------	--------------------------	--------------------------------	-------

Q16-7. Preserve the environment

Very important	22.7%	28.3%	25.3%	31.2%	30.6%	27.3%
Important	30.1%	32.9%	26.7%	31.6%	35.8%	31.2%
Somewhat important	27.3%	23.7%	30.0%	26.7%	20.1%	26.0%
Not important	9.1%	9.2%	11.3%	6.0%	11.9%	9.0%
Not important at all	10.8%	5.9%	6.7%	4.5%	1.5%	6.5%

Q17. Of the issues above in Question 16, which TWO do you think should be most important in determining the types of improvements (if any) that are made to K-10 between the Johnson/Douglas County line and I-435?

N=1051

Q3. How frequently do you travel on K-10 between I-435 & Johnson/
Douglas County line?

	Almost daily	A few times a week	At least once a week	At least once a month	Less than once per month	Total
--	--------------	-----------------------	-------------------------	--------------------------	--------------------------------	-------

Q17. Top choice

Improve traffic flow	65.6%	57.8%	47.1%	48.7%	46.5%	54.3%
Promote economic development	1.0%	1.9%	0.6%	3.2%	0.6%	1.6%
Improve visual appeal/ appearance of the corridor	0.0%	0.0%	1.3%	1.1%	1.9%	0.8%
Enhance driver safety	28.4%	26.7%	41.4%	38.0%	37.4%	34.0%
Allow people to safely walk across interchanges	1.0%	0.6%	1.3%	1.1%	4.5%	1.5%
Allow people to safely bike across interchanges	0.7%	1.9%	0.0%	0.4%	0.6%	0.7%
Preserve the environment	2.3%	6.8%	3.2%	3.9%	2.6%	3.6%
None chosen	1.0%	4.3%	5.1%	3.6%	5.8%	3.5%

Q17. Of the issues above in Question 16, which TWO do you think should be most important in determining the types of improvements (if any) that are made to K-10 between the Johnson/Douglas County line and I-435?

N=1051

Q3. How frequently do you travel on K-10 between I-435 & Johnson/
Douglas County line?

	Almost daily	A few times a week	At least once a week	At least once a month	Less than once per month	Total
--	--------------	-----------------------	-------------------------	--------------------------	--------------------------------	-------

Q17. 2nd choice

Improve traffic flow	24.4%	23.6%	31.2%	25.8%	29.7%	26.5%
Promote economic development	7.0%	6.2%	7.0%	6.1%	3.2%	6.1%
Improve visual appeal/ appearance of the corridor	3.3%	3.1%	0.6%	3.6%	2.6%	2.9%
Enhance driver safety	53.5%	44.1%	36.9%	43.4%	36.8%	44.4%
Allow people to safely walk across interchanges	2.3%	1.9%	2.5%	3.9%	4.5%	3.0%
Allow people to safely bike across interchanges	2.0%	3.7%	3.2%	2.2%	3.2%	2.7%
Preserve the environment	4.7%	8.7%	10.2%	9.3%	9.0%	8.0%
None chosen	2.7%	8.7%	8.3%	5.7%	11.0%	6.5%

Q17. Of the issues above in Question 16, which TWO do you think should be most important in determining the types of improvements (if any) that are made to K-10 between the Johnson/Douglas County line and I-435? (top 2)

N=1051

Q3. How frequently do you travel on K-10 between I-435 & Johnson/
Douglas County line?

	Almost daily	A few times a week	At least once a week	At least once a month	Less than once per month	Total
--	--------------	-----------------------	-------------------------	--------------------------	--------------------------------	-------

Q17. Sum of top 2 choices

Improve traffic flow	90.0%	81.4%	78.3%	74.6%	76.1%	80.8%
Promote economic development	8.0%	8.1%	7.6%	9.3%	3.9%	7.7%
Improve visual appeal/ appearance of the corridor	3.3%	3.1%	1.9%	4.7%	4.5%	3.6%
Enhance driver safety	81.9%	70.8%	78.3%	81.4%	74.2%	78.4%
Allow people to safely walk across interchanges	3.3%	2.5%	3.8%	5.0%	9.0%	4.6%
Allow people to safely bike across interchanges	2.7%	5.6%	3.2%	2.5%	3.9%	3.3%
Preserve the environment	7.0%	15.5%	13.4%	13.3%	11.6%	11.6%
None chosen	1.0%	4.3%	5.1%	3.6%	5.8%	3.5%

Q18. Do you think more interchanges or overpasses are needed along K-10 between the Johnson/Douglas County line and I-435?

N=1051	Q3. How frequently do you travel on K-10 between I-435 & Johnson/ Douglas County line?					Total
	Almost daily	A few times a week	At least once a week	At least once a month	Less than once per month	

Q18. Do you think more interchanges or overpasses are needed along K-10 between Johnson/Douglas County line & I-435

Yes	33.1%	22.4%	24.2%	17.2%	18.1%	23.7%
No	39.8%	42.2%	33.8%	40.1%	37.4%	39.0%
Don't know	27.1%	35.4%	42.0%	42.7%	44.5%	37.3%

Q18. Do you think more interchanges or overpasses are needed along K-10 between the Johnson/Douglas County line and I-435? (without "don't know")

N=1051	Q3. How frequently do you travel on K-10 between I-435 & Johnson/ Douglas County line?					Total
	Almost daily	A few times a week	At least once a week	At least once a month	Less than once per month	

Q18. Do you think more interchanges or overpasses are needed along K-10 between Johnson/Douglas County line & I-435

Yes	45.4%	34.6%	41.8%	30.0%	32.6%	37.8%
No	54.6%	65.4%	58.2%	70.0%	67.4%	62.2%

Q19. Have you seen "express toll lanes" in urban areas of other states like Texas, Colorado, or Minnesota where drivers can choose to pay a toll to drive in an express lane that bypasses congestion in untolled lanes?

N=1051	Q3. How frequently do you travel on K-10 between I-435 & Johnson/ Douglas County line?					Total
	Almost daily	A few times a week	At least once a week	At least once a month	Less than once per month

Section 7: Crosstabular Data by Household Income

Q1. Before receiving this survey, did you know that KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line?

N=1051	Q27. Your total annual household income						Total
	Under	\$30K to	\$70K to	\$100K to	\$125K to		
	\$30K	\$69,999	\$99,999	\$124,999	\$149,999	\$150K+	

Q1. Did you know KDOT was studying improvements to K-10 between I-435 & Johnson/Douglas County line

Yes	34.4%	35.1%	36.8%	44.7%	41.2%	39.1%	38.2%
No	65.6%	64.9%	63.2%	55.3%	58.8%	60.9%	61.8%

Q2. How many years have you been driving on K-10 between I-435 and the Johnson/Douglas County line? (without "don't remember")

N=1051	Q27. Your total annual household income						Total
	Under	\$30K to	\$70K to	\$100K to	\$125K to		
	\$30K	\$69,999	\$99,999	\$124,999	\$149,999	\$150K+	

Q2. How many years have you been driving on K-10 between I-435 & Johnson/Douglas County line

Less than 5 years	5.1%	8.6%	9.3%	10.8%	4.1%	6.1%	7.1%
5-10 years	25.4%	14.5%	11.6%	15.3%	15.6%	15.7%	14.8%
10+ years	69.5%	77.0%	79.1%	73.9%	80.3%	78.2%	78.1%

Q3. How frequently do you travel on K-10 between I-435 and the Johnson/Douglas County line?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q3. How frequently do you travel on K-10 between I-435 & Johnson/Douglas County line?

Almost daily	14.8%	16.2%	20.1%	26.4%	41.2%	43.0%	28.4%
A few times a week	14.8%	14.3%	12.6%	19.5%	12.8%	17.0%	15.3%
At least once a week	19.7%	14.9%	18.4%	11.9%	15.5%	12.6%	14.9%
At least once a month	27.9%	34.4%	28.2%	30.2%	21.6%	20.4%	26.5%
Less than once per month	23.0%	20.1%	20.7%	11.9%	8.8%	7.0%	14.7%

Q4. Which ONE of the following best describes the location of your home or business?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q4. What best describes the location of your home or business

West of Douglas/Johnson County line	29.5%	18.8%	15.5%	11.9%	10.8%	7.0%	13.6%
Between K-7 Highway & Douglas/Johnson County line	18.0%	18.2%	14.9%	22.0%	20.9%	27.4%	20.7%
Between K-7 Highway & I-435	18.0%	16.9%	23.6%	24.5%	38.5%	30.4%	26.1%
East/north of K-10 & I-435 interchange (this includes everyone who would access K-10 from I-435 even if you don't live east/north of the interchange)	34.4%	46.1%	46.0%	41.5%	29.7%	35.2%	39.6%

Q5. If you are employed outside the home, which ONE of the following best describes the location of your workplace?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q5. What best describes the location of your workplace

West of Douglas/Johnson County line	13.1%	11.0%	12.6%	8.8%	9.5%	9.6%	9.6%
Between K-7 Highway & Douglas/Johnson County line	4.9%	5.2%	2.9%	5.0%	4.7%	9.1%	5.1%
Between K-7 Highway & I-435	4.9%	7.1%	6.3%	8.2%	7.4%	10.0%	7.3%
East/north of K-10 & I-435 interchange (this includes everyone who would access K-10 from I-435 even if you don't live east/north of the interchange)	21.3%	25.3%	35.1%	41.5%	60.1%	55.2%	41.1%
Not employed outside the home	45.9%	44.2%	40.8%	32.7%	15.5%	14.8%	32.9%
Not provided	9.8%	7.1%	2.3%	3.8%	2.7%	1.3%	3.9%

Q6. For which of the following types of trips do you use K-10 most?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q6. For what types of trips do you use K-10 most

For travel between my home/ business & destinations west of Johnson/Douglas County line	18.0%	14.9%	22.4%	23.3%	20.9%	13.9%	19.7%
For travel between my home/ business & destinations between Johnson/Douglas County line & I-435	21.3%	16.2%	17.8%	20.1%	16.2%	17.0%	17.0%
For travel between destinations east/north or south of K-10 & I-435 interchange	32.8%	43.5%	34.5%	28.3%	31.1%	34.3%	34.2%
I complete travel for all three options equally	26.2%	23.4%	25.3%	28.3%	31.1%	34.3%	28.4%
Not provided	1.6%	1.9%	0.0%	0.0%	0.7%	0.4%	0.8%

Q7. For which of the following reasons do you typically travel on K-10 between the Johnson/Douglas County line and I-435?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q7. For what reasons do you typically travel on K-10 between & Johnson/Douglas County line & I-435

Go to work/business-related travel	24.6%	31.2%	31.6%	35.8%	54.7%	56.5%	39.5%
Visit friends/relatives	45.9%	56.5%	59.2%	57.9%	60.1%	57.4%	57.8%
For recreation or entertainment (includes sporting events)	52.5%	53.2%	64.4%	64.8%	70.3%	71.7%	64.6%
Shop/run errands	57.4%	47.4%	47.1%	54.7%	64.2%	55.2%	54.0%
Get medical attention	29.5%	25.3%	21.8%	30.8%	26.4%	26.1%	26.3%
Go to school/college	11.5%	5.2%	3.4%	6.3%	8.8%	9.6%	6.9%
Other	0.0%	1.3%	4.6%	5.0%	1.4%	2.2%	2.5%

Q8. How concerned are you with driver safety when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are... (without "don't know")

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q8. How concerned are you with driver safety when you travel on K-10 between Johnson/Douglas County line & I-435

Very concerned	42.4%	37.5%	29.7%	27.8%	32.0%	42.5%	35.8%
Somewhat concerned	45.8%	40.8%	50.6%	51.9%	54.4%	38.6%	46.2%
Not concerned	11.9%	21.7%	19.8%	20.3%	13.6%	18.9%	18.1%

Q8a. Which of the following improvements (if any) would help address your safety concerns?

N=852

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q8a. Which improvements would help address your safety concerns

Improvements to interchange ramp entrances & exits	44.2%	45.4%	47.1%	41.3%	42.5%	48.6%	45.2%
Flattening sharp curves	19.2%	28.6%	27.5%	22.2%	29.1%	36.2%	28.8%
Adding a concrete median barrier separating eastbound from westbound traffic	53.8%	53.8%	57.2%	47.6%	52.8%	51.9%	52.6%
Adding lanes to reduce stop-and-go traffic	63.5%	68.9%	71.0%	69.8%	85.0%	80.5%	73.6%
Other	11.5%	7.6%	13.8%	7.1%	3.9%	6.5%	8.0%

Q9. How concerned are you with the predictability of travel times when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are...

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q9. How concerned are you with predictability of travel times when you travel on K-10 between & Johnson/Douglas County line & I-435

Very concerned	27.9%	19.5%	13.2%	17.0%	23.6%	27.4%	20.6%
Somewhat concerned	47.5%	44.2%	56.3%	45.9%	60.1%	48.3%	51.0%
Not concerned	21.3%	30.5%	28.2%	33.3%	14.9%	23.0%	25.8%
Don't know	3.3%	5.8%	2.3%	3.8%	1.4%	1.3%	2.7%

Q10. How would you rate the condition of the road surface on K-10 between the Johnson/Douglas County line and I-435?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q10. How would you rate condition of road surface on K-10 between Johnson/Douglas County line & I-435

Excellent	4.9%	1.9%	8.6%	8.2%	10.8%	8.7%	7.5%
Good	54.1%	57.8%	56.9%	60.4%	54.7%	60.0%	57.8%
Fair (needs some improvement)	36.1%	35.7%	31.6%	28.9%	31.8%	28.3%	31.2%
Poor (needs major improvements)	3.3%	1.9%	1.7%	1.9%	1.4%	1.7%	1.7%
Don't Know	1.6%	2.6%	1.1%	0.6%	1.4%	1.3%	1.7%

Q11. How would you rate the condition of the interchanges (on/off ramps) between the Johnson/Douglas County line and I-435?

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+	

Q11. How would you rate condition of interchanges between Johnson/Douglas County line & I-435

Excellent	4.9%	1.3%	3.4%	4.4%	8.1%	3.0%	4.0%
Good	41.0%	49.4%	50.0%	50.3%	45.3%	49.6%	48.7%
Fair (needs some improvement)	45.9%	37.0%	34.5%	35.8%	33.8%	35.7%	35.0%
Poor (needs major improvements)	3.3%	7.1%	10.9%	6.3%	10.1%	10.0%	9.1%
Don't Know	4.9%	5.2%	1.1%	3.1%	2.7%	1.7%	3.1%

Q12. How satisfied are you with the flow of traffic on K-10 between the Johnson/Douglas County line and I-435 during the following time periods? (without "don't know")

N=1051

Q27. Your total annual household income						Total
Under \$30K	\$30K to \$69,999	\$70K to \$99,999	\$100K to \$124,999	\$125K to \$149,999	\$150K+

Laura Kelly, Governor

September 2023

Dear Johnson County and Douglas County Residents:

The Kansas Department of Transportation (KDOT) is conducting a survey to find out what Kansans think about potential future improvements to the K-10 Corridor between I-435 and the Douglas/Johnson County line. Your input is needed to help the decisions we make reflect the needs and priorities of your community.

We have selected ETC Institute to help us with the survey. ETC Institute has an outstanding record of working with transportation departments nationwide. They will prepare a report based on everyone's collective responses which will be delivered in late 2023 and posted on the K-10 website. We look forward to having these results so that we can better understand and meet your transportation needs.

Please take a few minutes to complete the enclosed survey within the next few days using one of two options. You may return your completed survey by mail using the postage-paid envelope provided, or you can complete the survey online at www.K10Survey.org. Please choose only one option.

If you have questions, please contact Delaney Tholen, Kansas Department of Transportation, at 785-296-0192.

Thank you for participating in this important process.

Sincerely,

Steven Cross, P.E.
Road Design Leader, Kansas Department of Transportation
Enclosure

K-10 Highway Corridor Survey

Please take a few minutes to complete this important survey. Your input will be used by the Kansas Department of Transportation (KDOT) as part of a comprehensive study to plan improvements to the K-10 Highway between I-435 and the Johnson/Douglas County line. We encourage you to complete the survey online at [K10Survey.org](https://www.k10survey.org). You may also complete this survey and return it in the postage-paid envelope provided.

1. **Before receiving this survey, did you know that KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line?**

____(1) Yes ____ (2) No

2. **How many years have you been driving on K-10 between I-435 and the Johnson/Douglas County line?**

____(1) Less than 5 years ____ (2) 6-10 years ____ (3) More than 10 years ____ (9) Don't remember

3. **How frequently do you travel on K-10 between I-435 and the Johnson/Douglas County line?**

____(1) Almost daily ____ (5) Less than once per month
____(2) A few times a week ____ (6) Never *[Please end the survey. It is intended for people who are familiar with K-10 Highway. If another person in your household uses K-10, please have them complete it.]*
____(3) At least once a week
____(4) At least once a month

4. **Which ONE of the following best describes the location of your home or business?**

____(1) West of the Douglas/Johnson County line
____(2) Between K-7 Highway and the Douglas/Johnson County line
____(3) Between the K-7 Highway and I-435
____(4) East/North of the K-10 and I-435 interchange (this includes everyone who would access K-10 from I-435 even if you don't live east/north of the interchange)

5. **If you are employed outside the home, which ONE of the following best describes the location of your workplace?**

____(1) West of the Douglas/Johnson County line
____(2) Between K-7 Highway and the Douglas/Johnson County line
____(3) Between the K-7 Highway and I-435
____(4) East/North of the K-10 and I-435 interchange (this includes everyone who would access K-10 from I-435 even if you don't live east/north of the interchange)
____(5) Not employed outside the home

6. **For which of the following types of trips do you use K-10 most?**

____(1) For travel between my home/business and destinations west of the Johnson/Douglas County line
____(2) For travel between my home/business and destinations between the Johnson/Douglas County line and I-435
____(3) For travel between destinations east/north or south of the K-10 and I-435 interchange
____(4) I complete travel for all three options equally

7. **For which of the following reasons do you typically travel on K-10 between the Johnson/Douglas County line and I-435? [Check all that apply.]**

____(1) Go to work/business-related travel ____ (5) Get medical attention
____(2) Visit friends/relatives ____ (6) Go to school/college
____(3) For recreation or entertainment (includes sporting events) ____ (7) Other: _____
____(4) Shop/run errands

8. How concerned are you with driver safety when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are...

- ____(1) Very concerned [Answer Q8a.] ____ (3) Not concerned
____(2) Somewhat concerned [Answer Q8a.] ____ (9) Don't know

8a. Which of the following improvements (if any) would help address your safety concerns? [Check all that apply.]

- ____(1) Improvements to interchange ramp entrances and exits
____(2) Flattening sharp curves
____(3) Adding a concrete median barrier separating eastbound from westbound traffic
____(4) Adding lanes to reduce stop-and-go traffic
____(5) Other (specify): _____

9. How concerned are you with the predictability of travel times when you travel on K-10 between the Johnson/Douglas County line and I-435? Would you say you are...

- ____(1) Very concerned ____ (3) Not concerned
____(2) Somewhat concerned ____ (9) Don't know

10. How would you rate the condition of the road surface on K-10 between the Johnson/Douglas County line and I-435?

- ____(4) Excellent ____ (1) Poor (needs major improvements)
____(3) Good ____ (9) Don't know
____(2) Fair (needs some improvement)

11. How would you rate the condition of the interchanges (on/off ramps) between the Johnson/Douglas County line and I-435?

- ____(4) Excellent ____ (1) Poor (needs major improvements)
____(3) Good ____ (9) Don't know
____(2) Fair (needs some improvement)

12. How satisfied are you with the flow of traffic on K-10 between the Johnson/Douglas County line and I-435 during the following time periods?

How satisfied are you with...		Very Satisfied	Satisfied	Neutral	Dissatisfied	Very Dissatisfied	Don't Know
1.	Eastbound in the morning between 6-9 am on weekdays (M-F)	5	4	3	2	1	9
2.	Westbound in the morning between 6-9 am on weekdays (M-F)	5	4	3	2	1	9
3.	Eastbound between 9-3:30 pm on weekdays (M-F)	5	4	3	2	1	9
4.	Westbound between 9-3:30 pm on weekdays (M-F)	5	4	3	2	1	9
5.	Eastbound in the evening between 3:30-6 pm on weekdays (M-F)	5	4	3	2	1	9
6.	Westbound in the evening between 3:30-6 pm on weekdays (M-F)	5	4	3	2	1	9
7.	All other times on weekdays	5	4	3	2	1	9
8.	On weekends (Sat & Sun)	5	4	3	2	1	9

13. How does congestion on K-10 between K-7 and I-435 compare to other highways in Kansas?

- ____(1) It has the worst congestion in the State ____ (5) Better than others
____(2) Much worse than others ____ (6) Much better than others
____(3) Worse than others ____ (9) Don't know
____(4) About the same

14. How does congestion on K-10 between K-7 and the Johnson/Douglas County line compare to other highways in Kansas?

- ____(1) It has the worst congestion in the State ____ (5) Better than others
____(2) Much worse than others ____ (6) Much better than others
____(3) Worse than others ____ (9) Don't know
____(4) About the same

15. Overall, how important do you think it is to make improvements to K-10 on each of the sections of K-10 listed below.

How important is it to make improvements to K-10:	Very Important	Important	Somewhat Important	Not Important	Not Important at All	Don't Know
1. West of the Johnson/Douglas County line	5	4	3	2	1	9
2. Between K-7 and the Johnson/Douglas County line	5	4	3	2	1	9
3. Between K-7 and I-435	5	4	3	2	1	9

16. Please rate how important the following issues should be in determining the types of improvements (if any) that could be made to K-10 between the Johnson/Douglas County line and I-435?

How important is it to design improvements that...	Very Important	Important	Somewhat Important	Not Important	Not Important at All	Don't Know
1. Improve traffic flow	5	4	3	2	1	9
2. Promote economic development	5	4	3	2	1	9
3. Improve the visual appeal/appearance of the corridor	5	4	3	2	1	9
4. Enhance driver safety	5	4	3	2	1	9
5. Allow people to safely walk across interchanges	5	4	3	2	1	9
6. Allow people to safely bike across interchanges	5	4	3	2	1	9
7. Preserve the environment	5	4	3	2	1	9

17. Of the issues above, which TWO do you think should be most important in determining the types of improvements (if any) that are made to K-10 between the Johnson/Douglas County line and I-435? [Write in your answers below using the numbers from Question 16.]

1st: ____ 2nd: ____

18. Do you think more interchanges or overpasses are needed along K-10 between the Johnson/Douglas County line and I-435?

____(1) Yes ____ (2) No ____ (9) Don't know

19. Have you seen "express toll lanes" in urban areas of other states like Texas, Colorado, or Minnesota where drivers can choose to pay a toll to drive in an express lane that bypasses congestion in untolled lanes?

____(1) Yes ____ (2) No

20. Do you generally like the idea of being able to pay a toll to bypass congestion?

____(1) Yes ____ (2) No [Answer Q20a.] ____ (9) Don't know

20a. Why not? _____

21. From which of the following sources would you prefer to get information about improvements that are being considered to K-10? [Check all that apply.]

- | | |
|--|--|
| ____ (01) KDOT project website | ____ (09) Facebook |
| ____ (02) The City of De Soto | ____ (10) Instagram |
| ____ (03) The City of Lenexa | ____ (11) Nextdoor |
| ____ (04) The City of Olathe | ____ (12) Public meetings (in-person) |
| ____ (05) Johnson County | ____ (13) Public meetings (virtual) |
| ____ (06) Kansas City Star | ____ (14) Not interested in more information |
| ____ (07) TV News | ____ (15) Other: _____ |
| ____ (08) Direct mailings/electronic updates | |

22. From the list above, which TWO sources do you trust most? [Write in your answers below using the numbers from the list in Question 21, or circle "NONE."]

1st: ____ 2nd: ____ NONE

23. Are you familiar with the improvements that are currently being made to U.S. 69 Highway in Overland Park that include the addition of new lanes in each direction?

____(1) Yes [Answer Q23a.] ____ (2) No

23a. Did you know the new lanes on U.S. 69 in Overland Park will be express toll lanes?

____(1) Yes ____ (2) No

24. Would you be interested in participating in future meetings and/or focus groups about improvements to K-10 Highway? These meetings will be conducted virtually.

____(1) Yes [Answer Q24a.] ____ (2) No

24a. Please provide your contact information.

Name: _____

Phone: _____

Email: _____

25. What is your age? ____ years

26. What is your gender? ____ (1) Male ____ (2) Female ____ (3) Other: _____

27. Would you say your total annual household income is...

____ (1) Under \$30,000 ____ (3) \$70,000 to \$99,999 ____ (5) \$125,000 to \$149,999
____ (2) \$30,000 to \$69,999 ____ (4) \$100,000 to \$124,999 ____ (6) \$150,000 or more

28. What is your home zip code? _____

29. OPTIONAL: If you have any specific issues or concerns related to K-10, between the Johnson/Douglas County line to I-435, that you would like to share with KDOT, please write them in the space below.

This concludes the survey. Thank you for your time!

Please return your completed survey in the enclosed postage-paid envelope addressed to:
ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061

Your responses will remain completely confidential. The information printed to the right will ONLY be used to better understand how people who live in different areas responded to the survey questions. If your address is not correct, please provide the correct information. Thank you.

KDOT K-10 Highway Corridor Survey

...helping organizations make better decisions since 1982

KDOT K-10 Highway Corridor Survey Executive Summary

Purpose

ETC Institute administered a survey in March and April 2024 for the Kansas Department of Transportation (KDOT). The purpose of the survey was to gather statistically valid input from residents in Johnson and Douglas counties about improvements that are being considered to the K-10 corridor between I-435 and the Johnson/Douglas County line. Data collected from this survey will be used to ensure that the needs and priorities of the community are incorporated into the decision-making process.

Methodology

ETC Institute mailed a survey packet to a random sample of households in eastern Johnson and Douglas Counties in March 2024. Each packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at K10Survey.org.

To prevent people who were not residents of the survey area from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not counted.

The goal was to obtain surveys from at least 800 residents. This goal was far exceeded, with a total of 1,068 residents responding to the survey. Of these, 361 were residents of Lenexa, 373 were residents of Olathe, 127 were residents of De Soto, 102 were residents who lived north or east of the corridor, and 105 were residents who lived west of the corridor. The overall results for the sample of 1,068 respondents have a precision of at least $\pm 3.0\%$ at the 95% level of confidence.

This report contains the following:

- Section 1: Charts showing the overall results of the survey
- Section 2: Tabular data showing the results for all questions on the survey
- Section 3: Crosstabulations that show the results by study area (north/east of the corridor, Lenexa, Olathe, De Soto, and west of the corridor)
- Section 4: A copy of the cover letter and survey instrument

The major findings of the survey are summarized on the following pages.

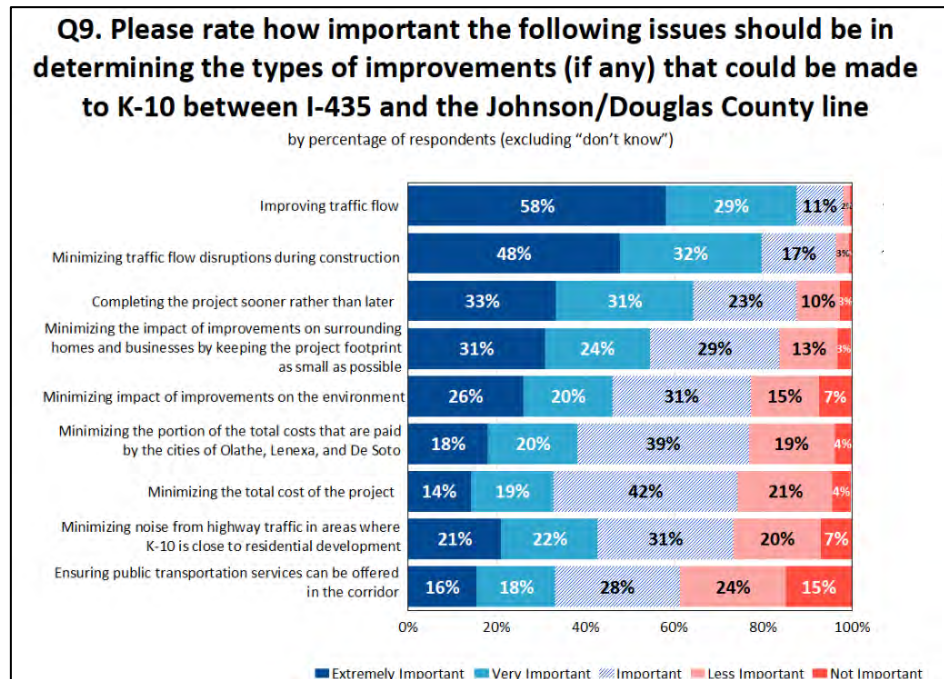

KDOT K-10 Highway Corridor Survey Executive Summary

Major Findings

Residents Think it is Important to Make Improvements to K-10

- Most of the residents surveyed (98%) thought improving traffic flow was an important improvement to make to the K-10 corridor between I-435 and the Johnson/Douglas County line; 97% thought it was important to minimize traffic flow disruptions during construction, and 87% thought it was important to complete the project sooner rather than later.
- The same three items listed above were the improvements that residents indicated were most important, based on the sum of their top three choices.

Residents Are Concerned About Drive Time and the Amount of Traffic on the K-10 Corridor

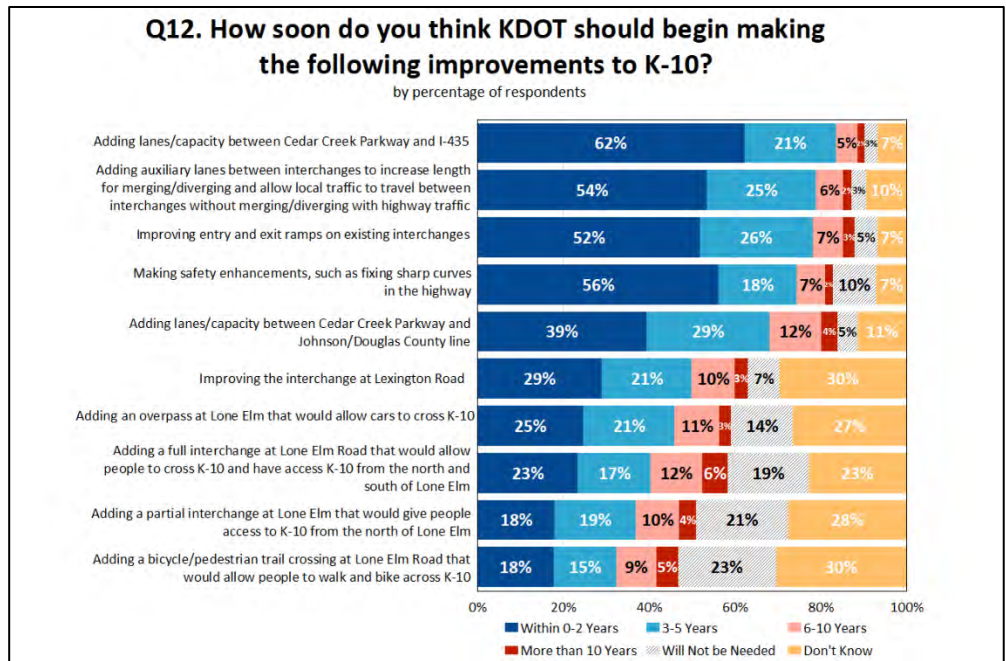

- Residents were asked the maximum amount of time it would take to drive their most common trip on K-10 between I-435 and the Johnson/Douglas County line before the trip time would be unacceptable. Sixteen percent (16%) of the residents surveyed indicated a trip time of 41 minutes or more would be unacceptable; 8% thought 31 to 40 minutes would be unacceptable, 29% thought 21 to 30 minutes would be unacceptable, and nearly half (49%) thought a drive time of up to 20 minutes would be unacceptable. Most residents surveyed (90%) indicated that it currently takes 30 minutes or less to complete their trip.
- Forty-six percent (46%) of the residents surveyed think the amount of traffic on K-10 between I-435 and Johnson/Douglas County will triple over the next 20 years; 37% think the amount of traffic will double, and 12% think there will be 50% more traffic over the next 20 years.

KDOT K-10 Highway Corridor Survey Executive Summary

Timing of Improvements to K-10

- Eighty-three percent (83%) of residents surveyed indicated that adding lanes/capacity between Cedar Creek Parkway and I-435 should begin within the next five years. Other improvements that residents think should be made within the next five years include: adding auxiliary lanes between interchanges to increase length for merging/diverging and allow local traffic to travel between interchanges without merging/diverging with highway traffic (79%), improving entry and exit ramps on existing interchanges (74%), adding lanes/capacity between Cedar Creek Parkway and Johnson/Douglas County line (79%), improving the interchange at Lexington Road (74%), adding an overpass at Lone Elm that would allow cars to cross K-10 (74%), adding a full interchange at Lone Elm Road that would allow people to cross K-10 and have access K-10 from the north and south of Lone Elm (74%), adding a partial interchange at Lone Elm that would give people access to K-10 from the north of Lone Elm (74%), and adding a bicycle/pedestrian trail crossing at Lone Elm Road that would allow people to walk and bike across K-10 (74%).

- Based on the sum of their top four choices, the improvements to K-10 that residents indicated were most important were: 1) adding lanes/capacity between Cedar Creek Parkway and I-435, 2) adding auxiliary lanes between interchanges to increase length for merging/diverging and allow local traffic to travel between interchanges without merging/diverging with highway traffic, 3) improving entry and exit ramps on existing interchanges, and 4) adding lanes/capacity between Cedar Creek Parkway and the Johnson/Douglas County line.

OTHER FINDINGS

- Nearly half (49%) of the residents surveyed indicated they knew KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line before they received the survey. Eighteen percent (18%) of residents learned about KDOT's efforts to plan improvements through news stories or media coverage, and 12% learned through Facebook/social media.
- Thirty-two percent (32%) of residents surveyed thought the sources of information provided by KDOT were "very useful" or "useful" in helping them understand efforts to improve K-10; 48% thought the

KDOT K-10 Highway Corridor Survey Executive Summary

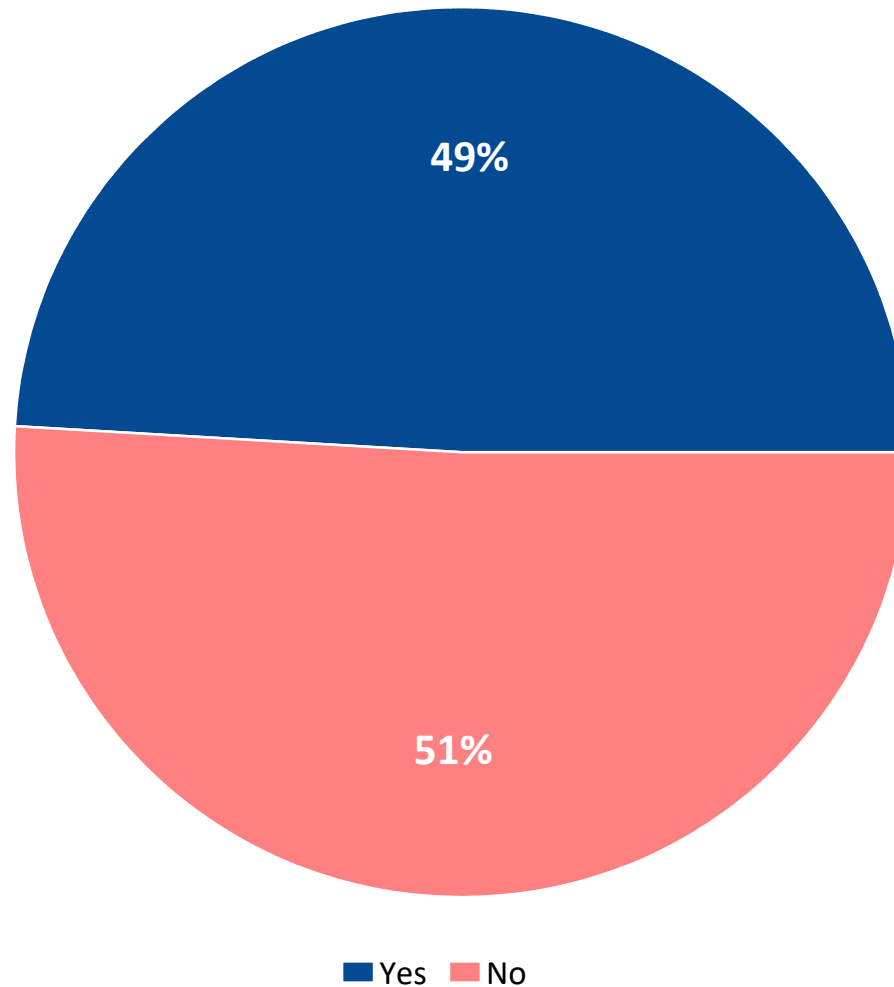

sources were “somewhat useful,” and 18% did not find the sources useful. The remaining 2% did not have an opinion.

- Twenty-seven percent (27%) of the residents surveyed rated KDOT’s efforts to keep them informed of planned improvements to K-10 between I-435 and the Johnson/Douglas County line as “excellent” or “good;” 47% rated KDOT’s efforts as “average,” and 25% gave ratings of “poor” or “very poor.” The remaining 2% did not have an opinion.
- Seventy-seven percent (77%) of the residents surveyed think K-10 is “very important” to businesses and jobs in Olathe, Lenexa, and De Soto, and 83% think K-10 is “very important” to commuters in these areas.
- Forty-one percent (41%) of the residents surveyed indicated they would use a full interchange at Lone Elm Road that would allow them to drive across K-10 and have access to K-10 from the north and southside of K-10.

Section 1: Charts & Graphs

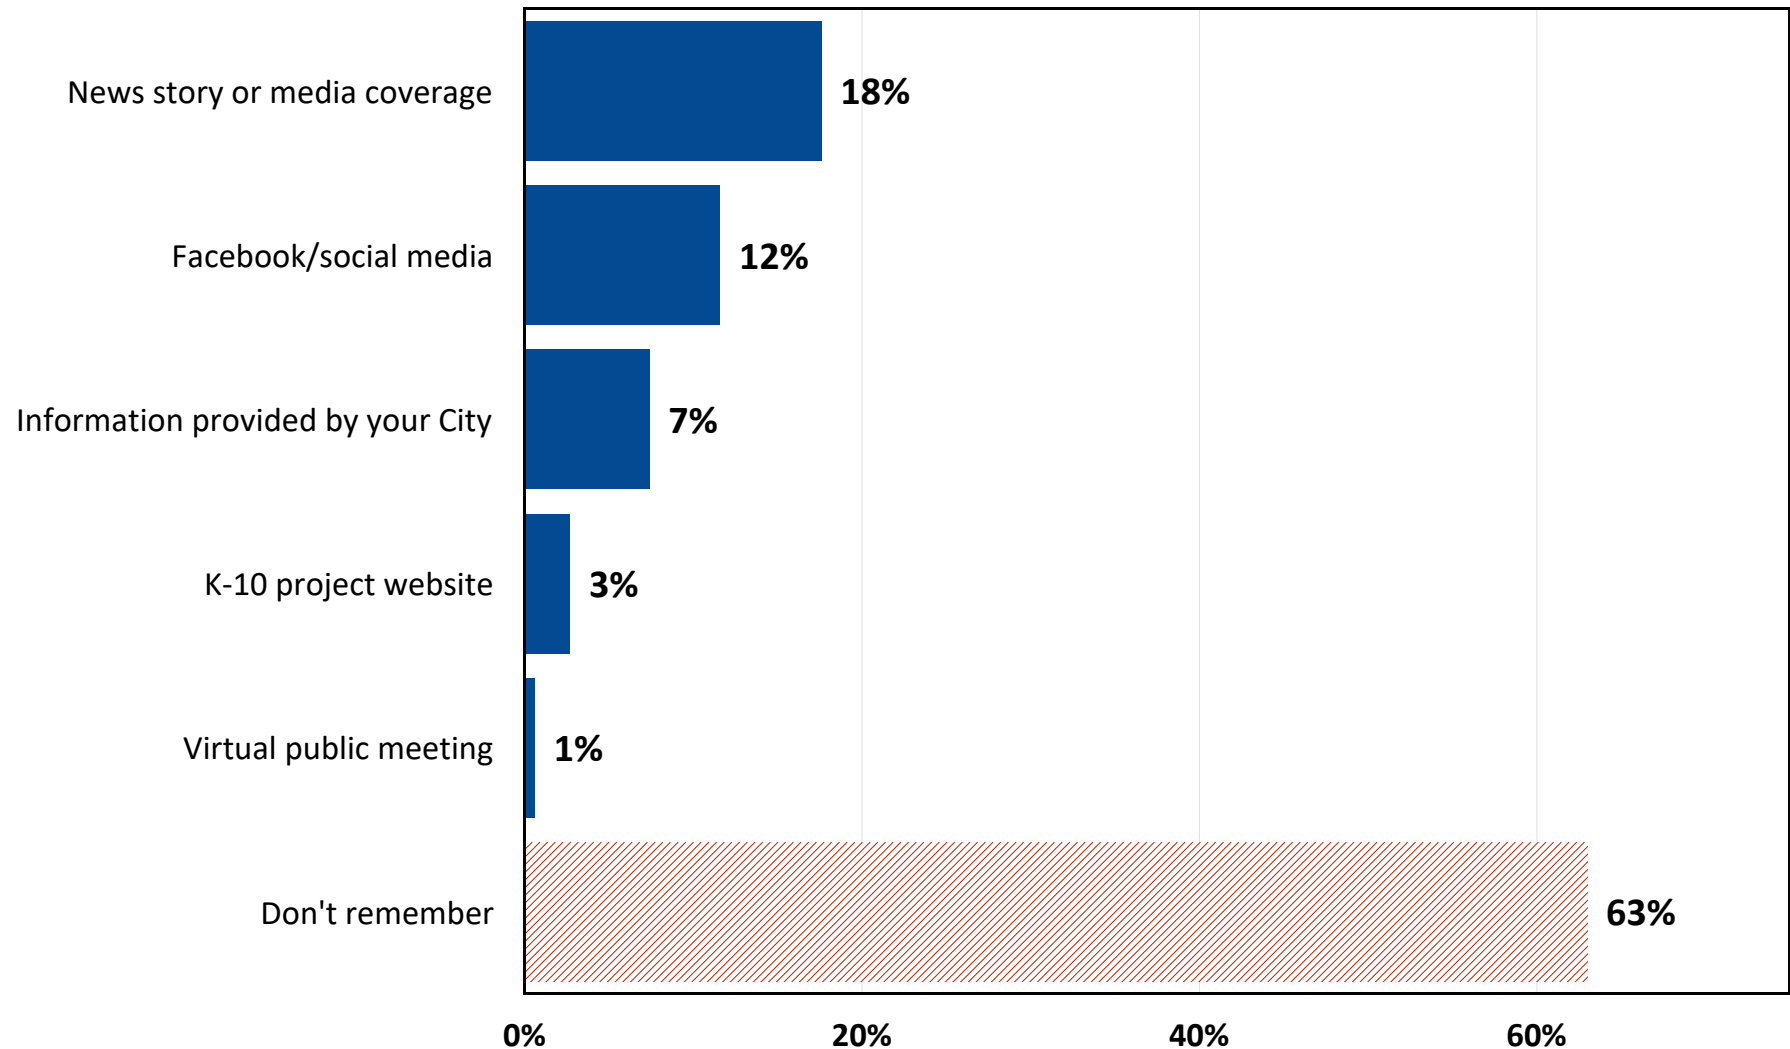

Q1. Before receiving this survey, did you know that KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line?

by percentage of respondents

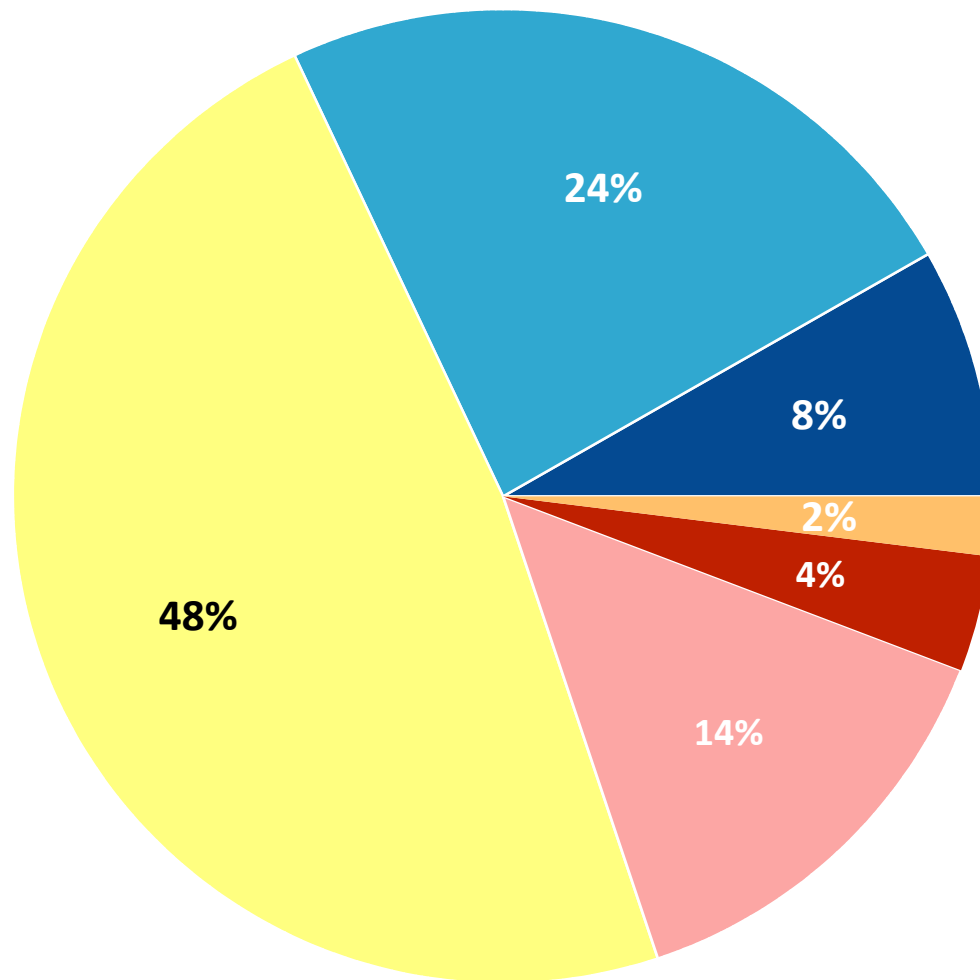

Q1a. How did you learn about KDOT's efforts to plan improvements to K-10 between I-435 and the Johnson/Douglas County line?

by percentage of respondents (multiple choices could be made)

Q1b. How useful were these sources in helping you understand efforts to improve K-10?

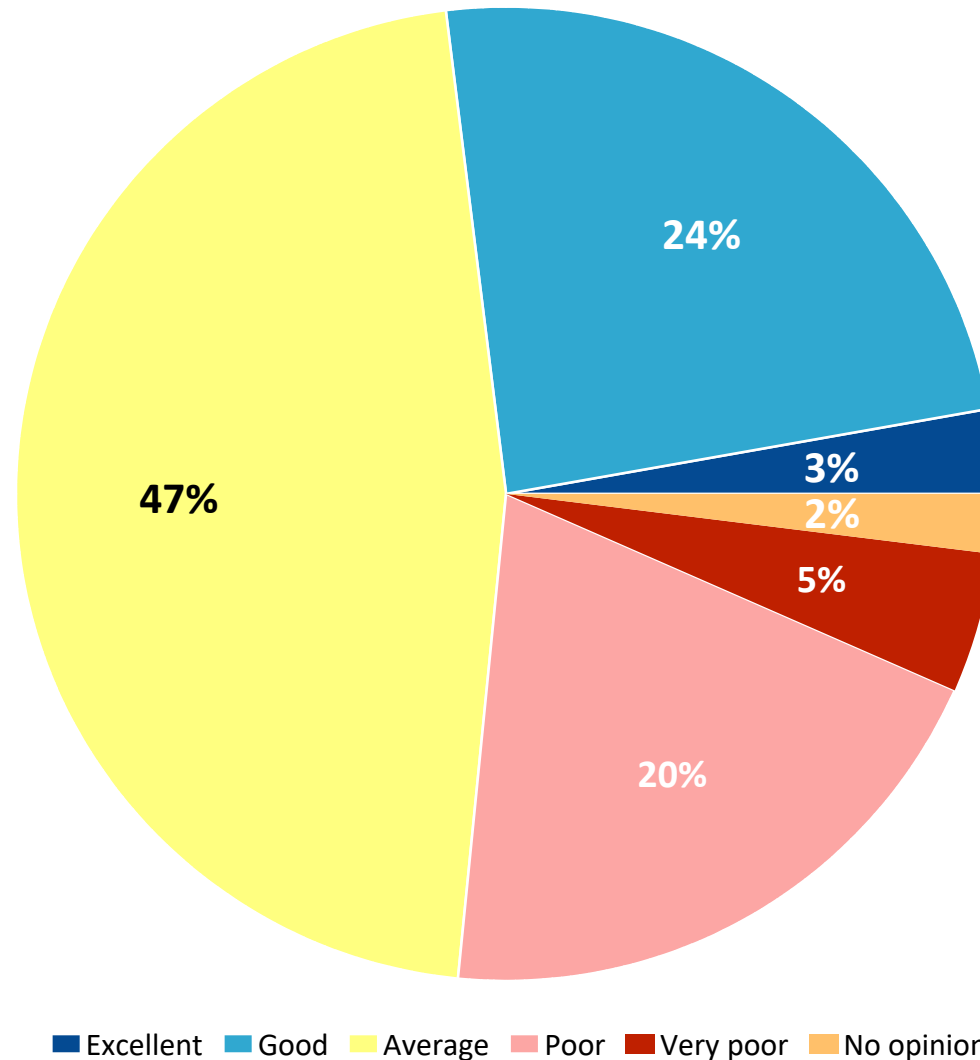

by percentage of respondents

■ Very useful
 ■ Useful
 ■ Somewhat useful
 ■ Not useful
 ■ Not useful at all
 ■ No opinion

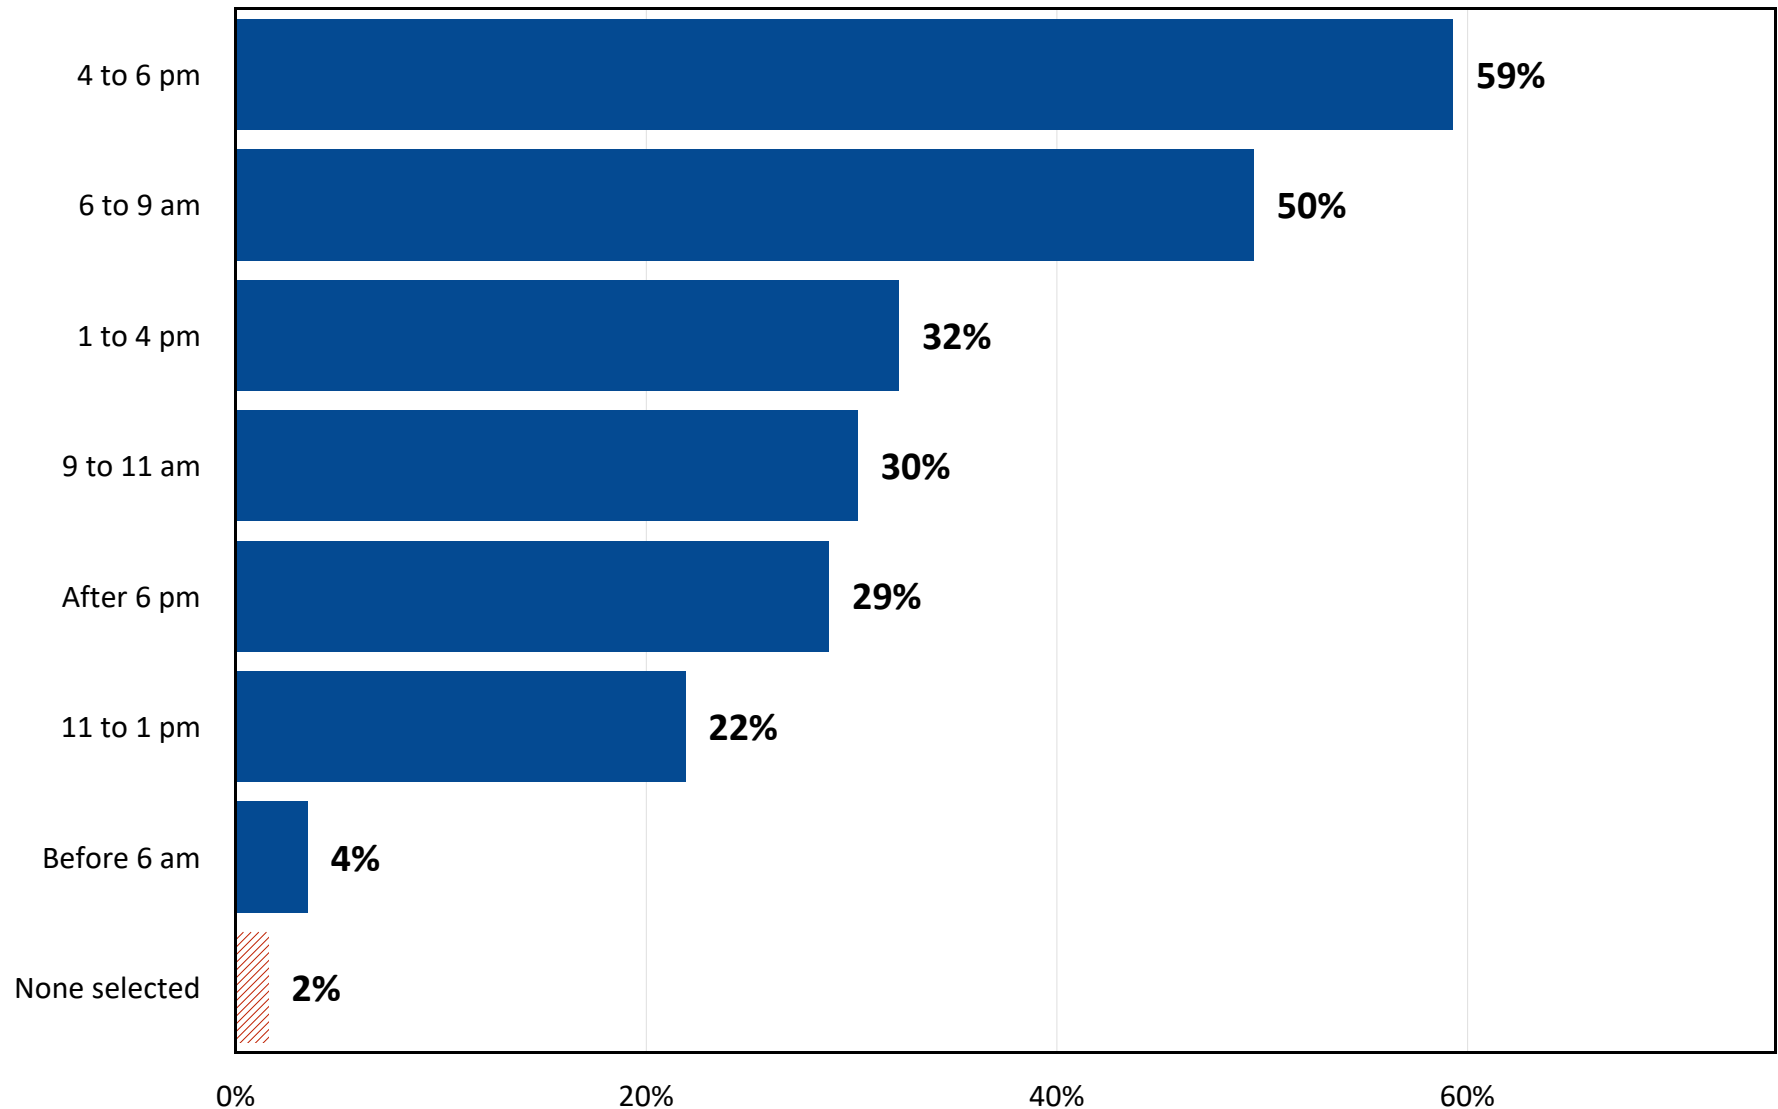

Q1c. Overall, how well would you rate KDOT's efforts to keep residents informed of planned improvements to K-10 between I-435 and the Johnson/Douglas County line?

by percentage of respondents

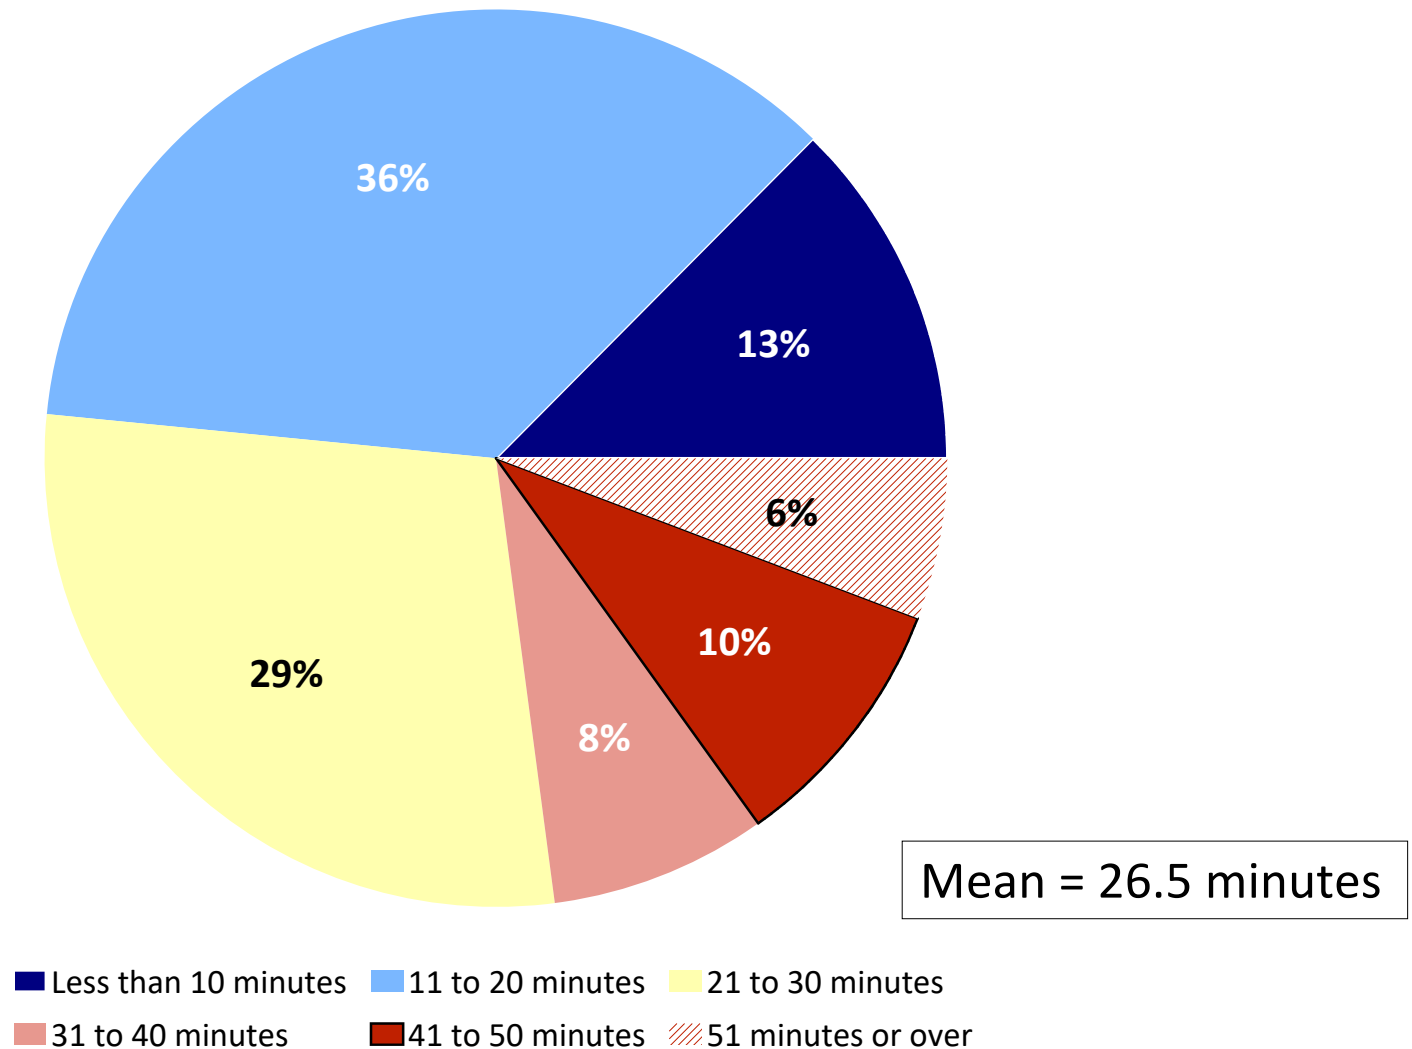

Q2. What time(s) of day do you travel most frequently on K-10 between I-435 and the Johnson/Douglas County line?

by percentage of respondents (multiple choices could be made)

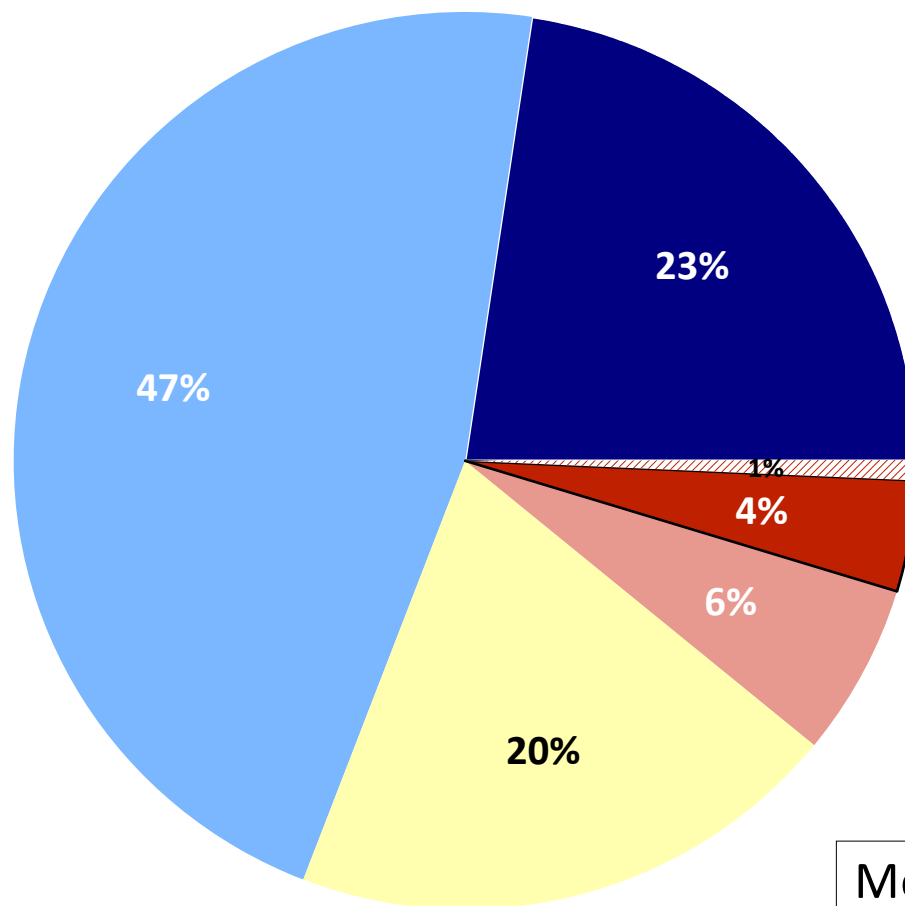

Q3. Thinking about your most common trip on K-10 between I-435 and the Johnson/Douglas County line, what is the maximum time this trip could take before the trip time would be unacceptable?

by percentage of respondents (excluding "don't know")

Q4. How long does this trip in Question 3 take you to complete now?

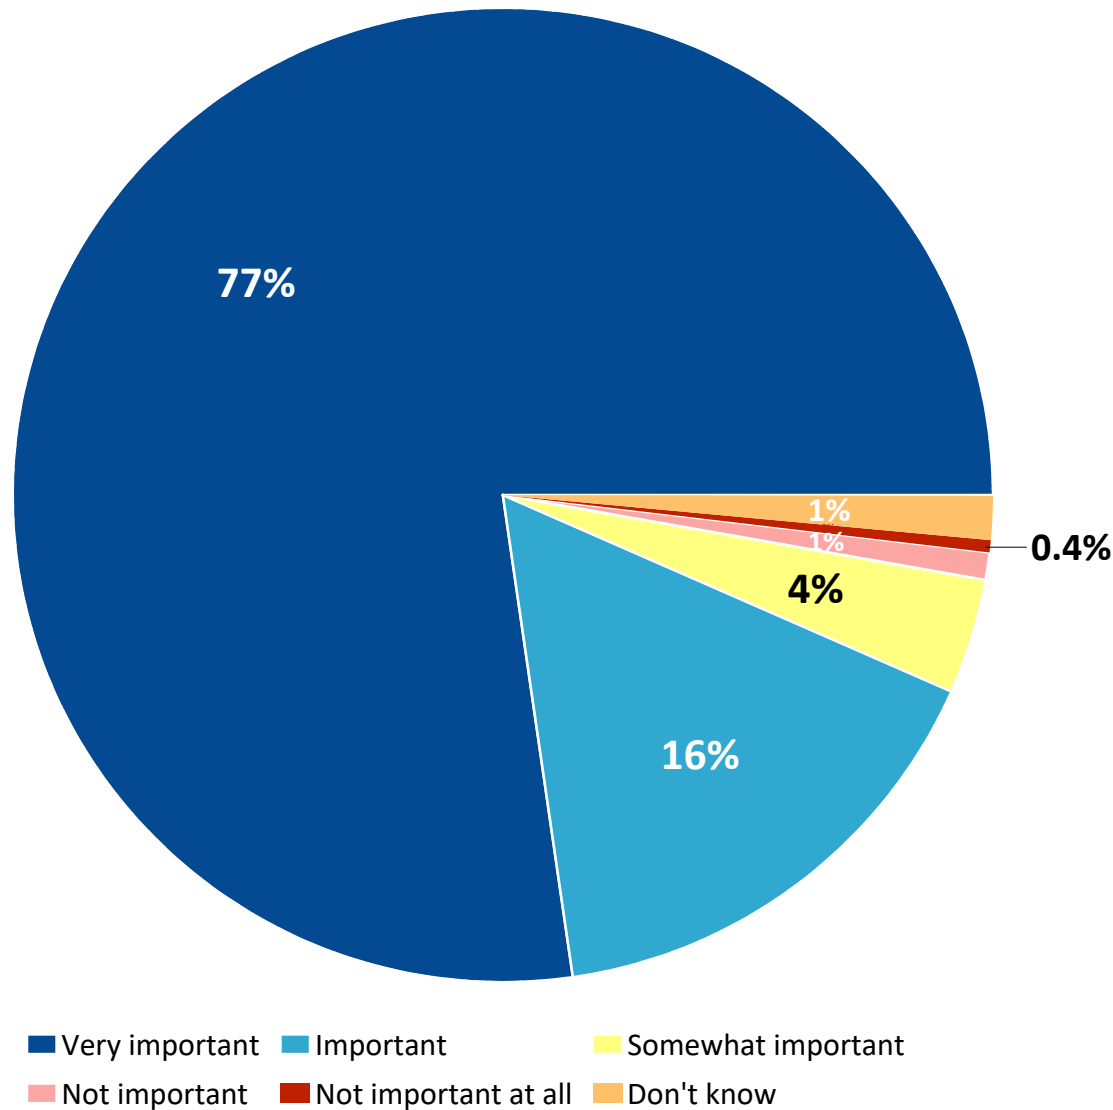

by percentage of respondents (excluding "don't know")

■ Less than 10 minutes
 ■ 11 to 20 minutes
 ■ 21 to 30 minutes
■ 31 to 40 minutes
 ■ 41 to 50 minutes
 ▨ 51 minutes or over

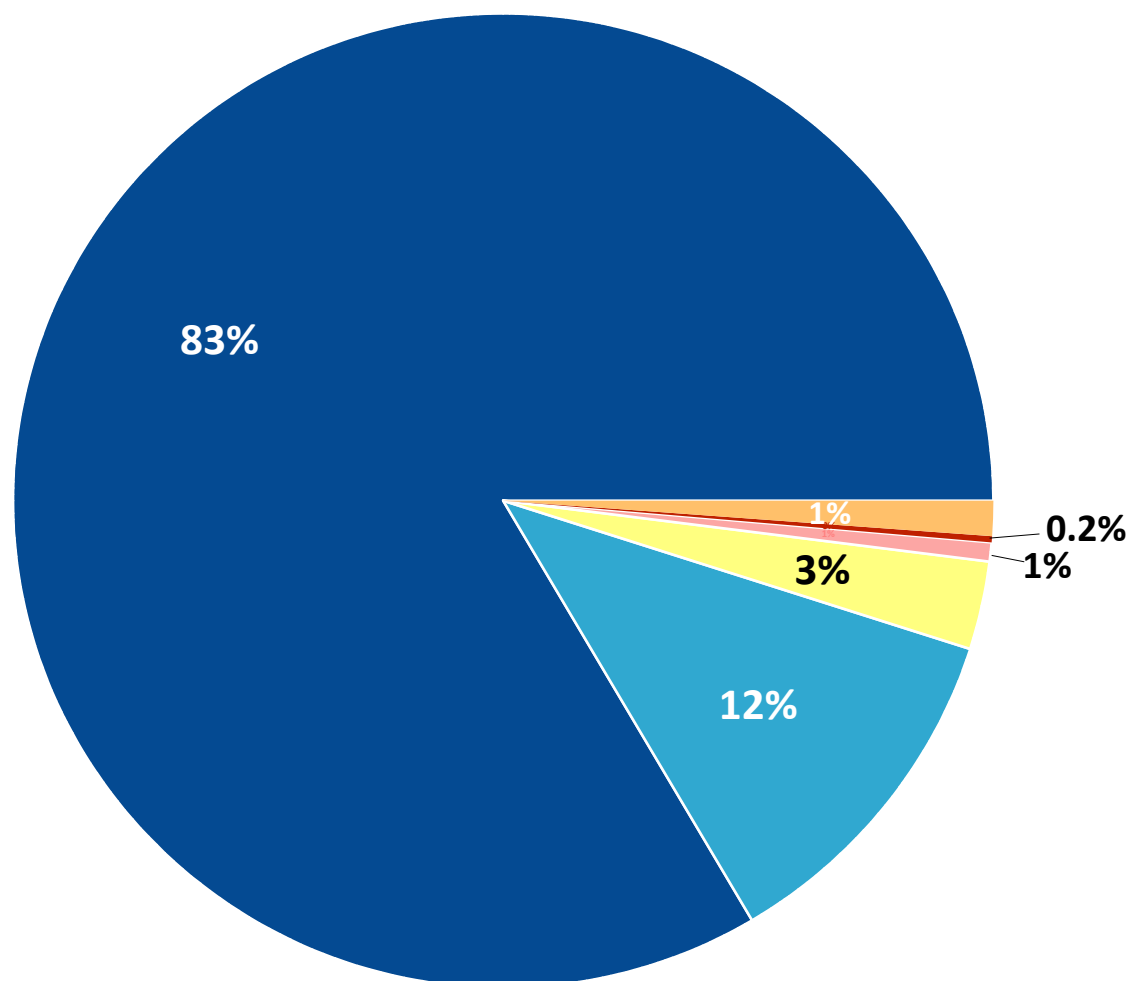

Q5. How important do you think K-10 is to businesses and jobs in Olathe, Lenexa, and De Soto?

by percentage of respondents

Q6. How important do you think K-10 is to commuters in Olathe, Lenexa, and De Soto?

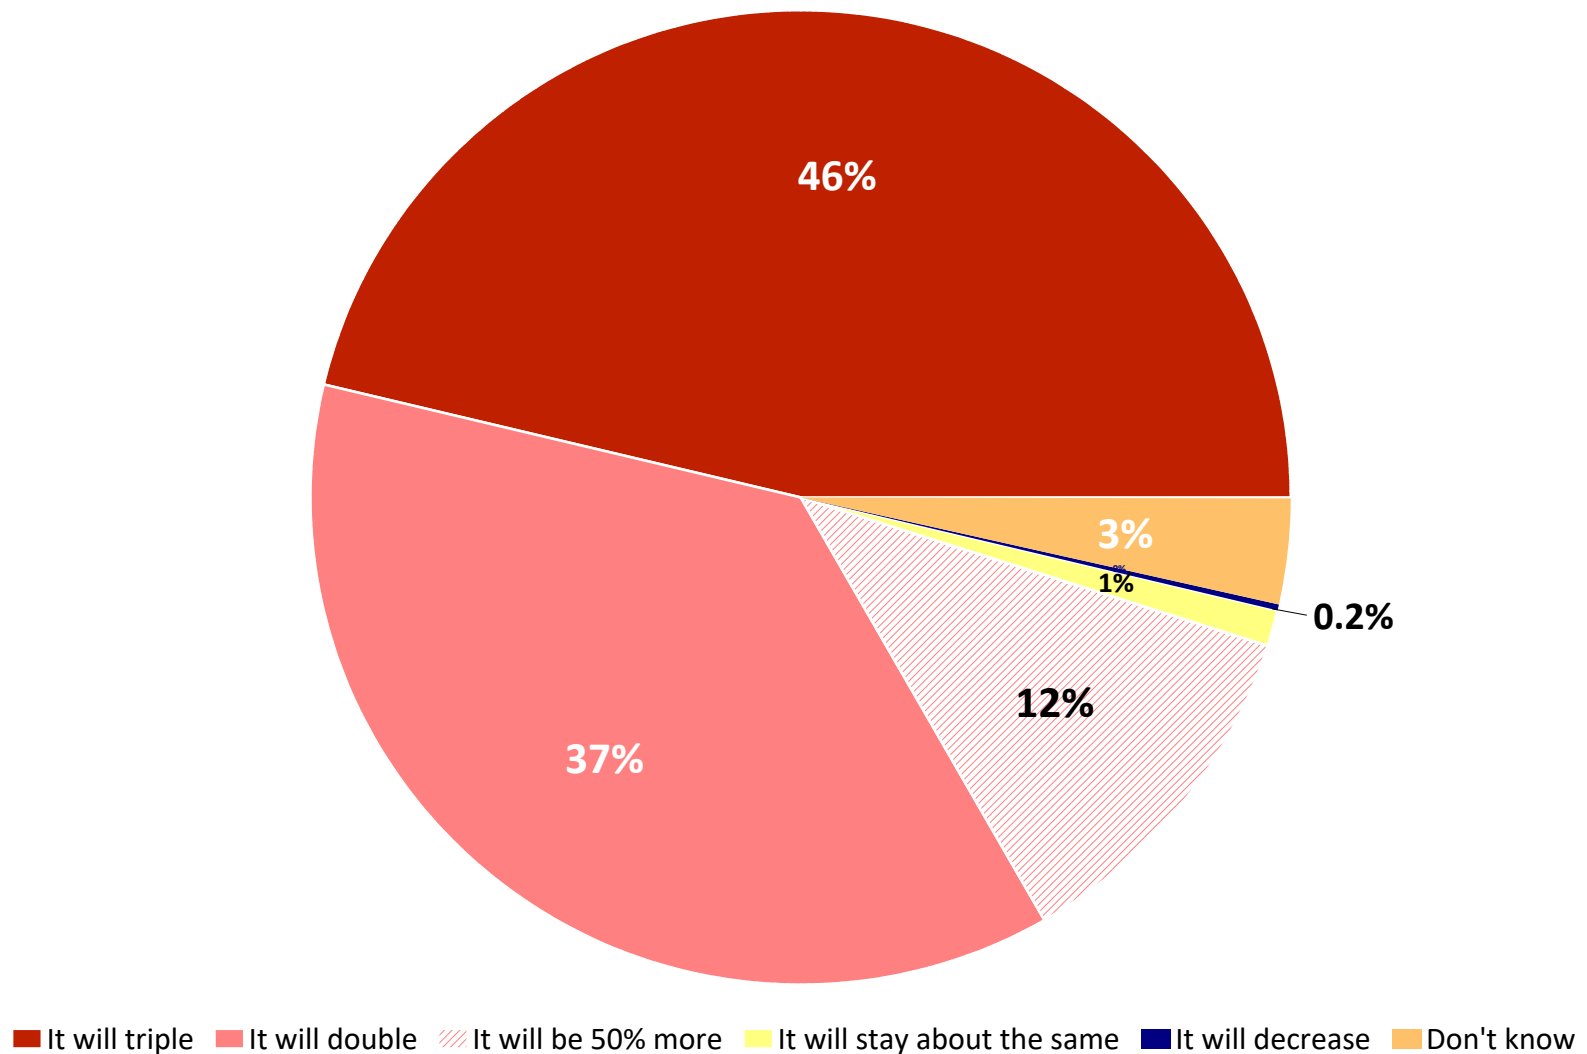

by percentage of respondents

■ Very important
 ■ Important
 ■ Somewhat important
■ Not important
 ■ Not important at all
 ■ Don't know

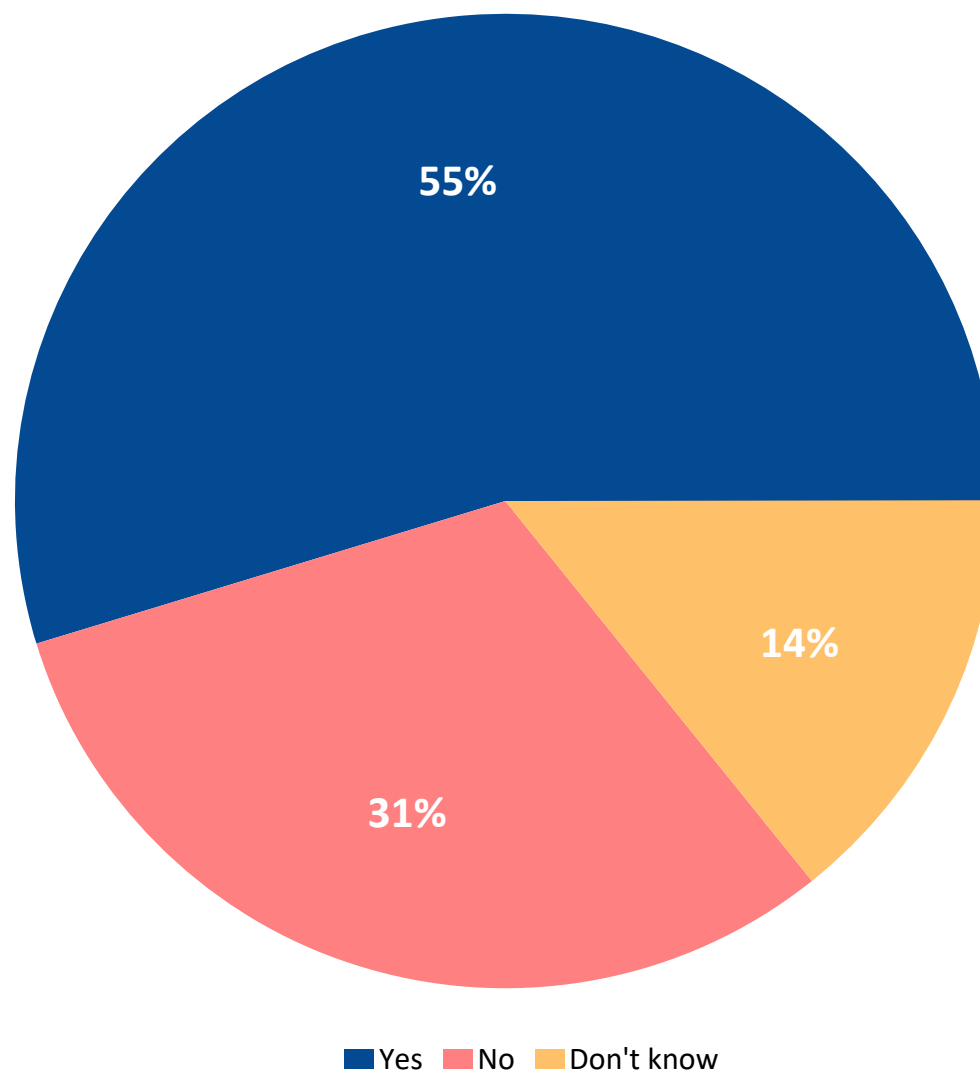

Q7. How do you think the amount of traffic on K-10 between I-435 and Johnson/Douglas County will change over the next 20 years?

by percentage of respondents

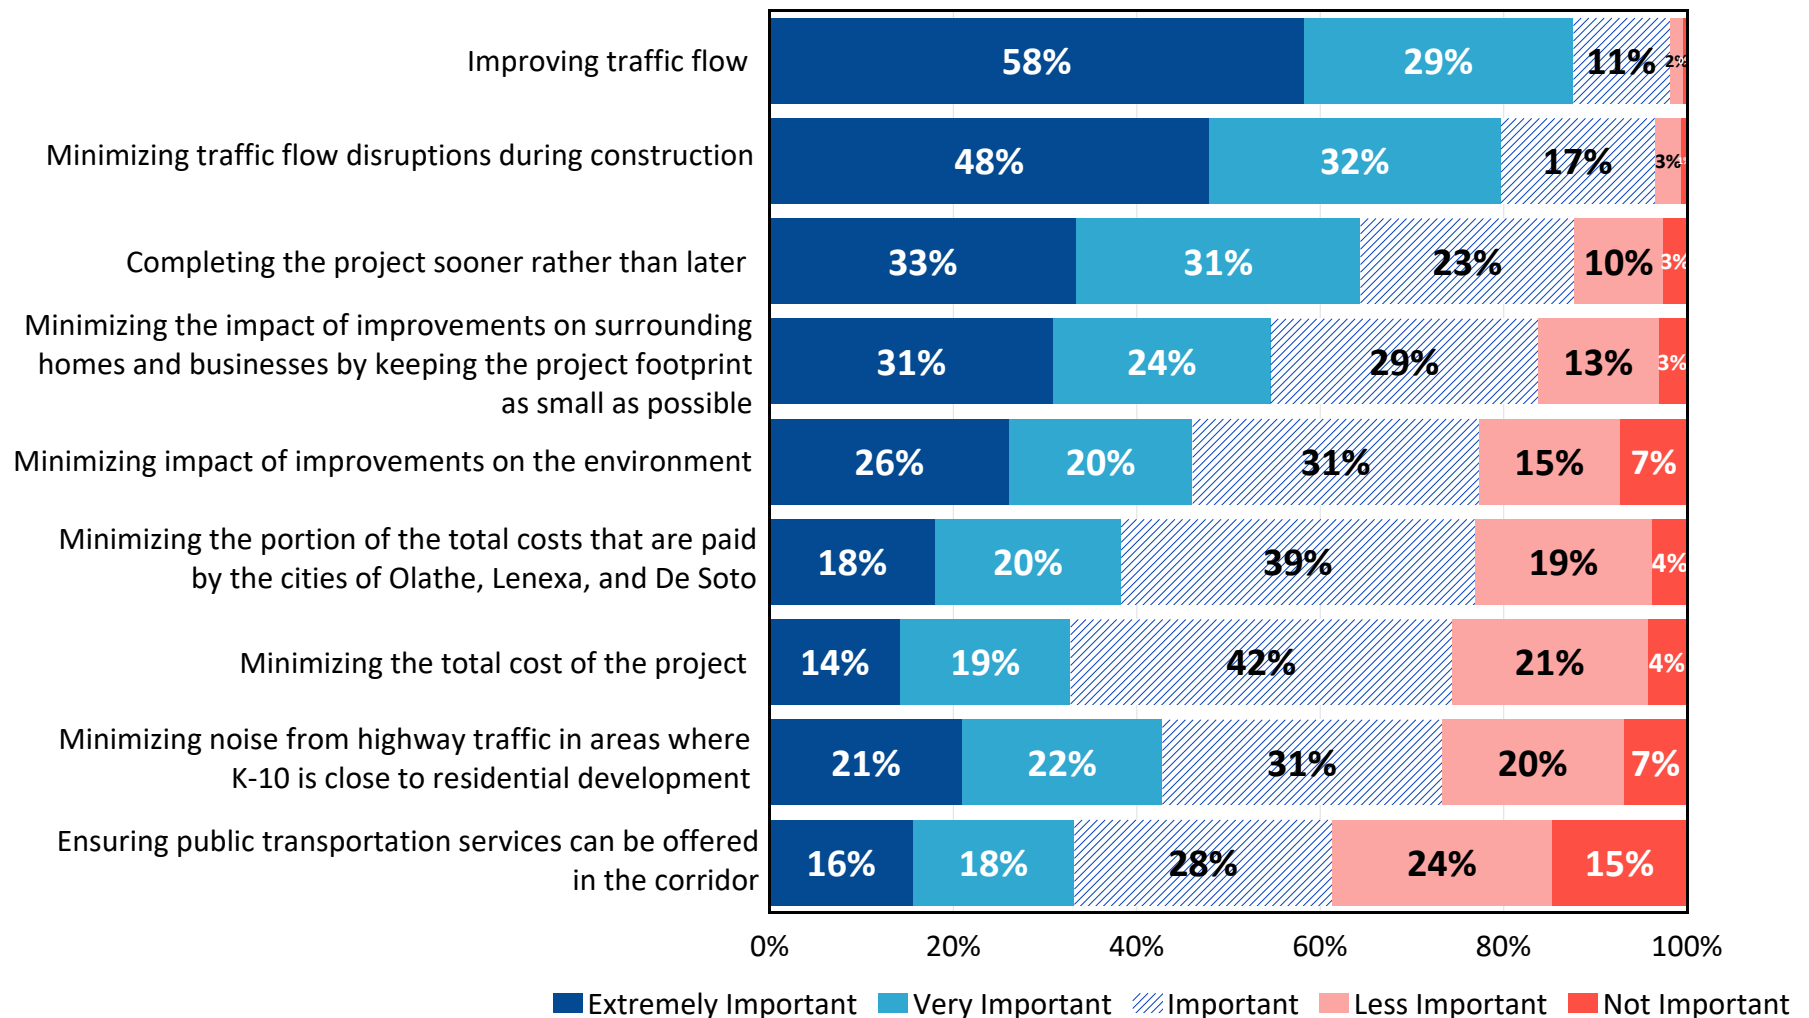

Q8. Are you aware that local City and County governments are expected to make contributions to construct major highway projects that are important to their communities?

by percentage of respondents

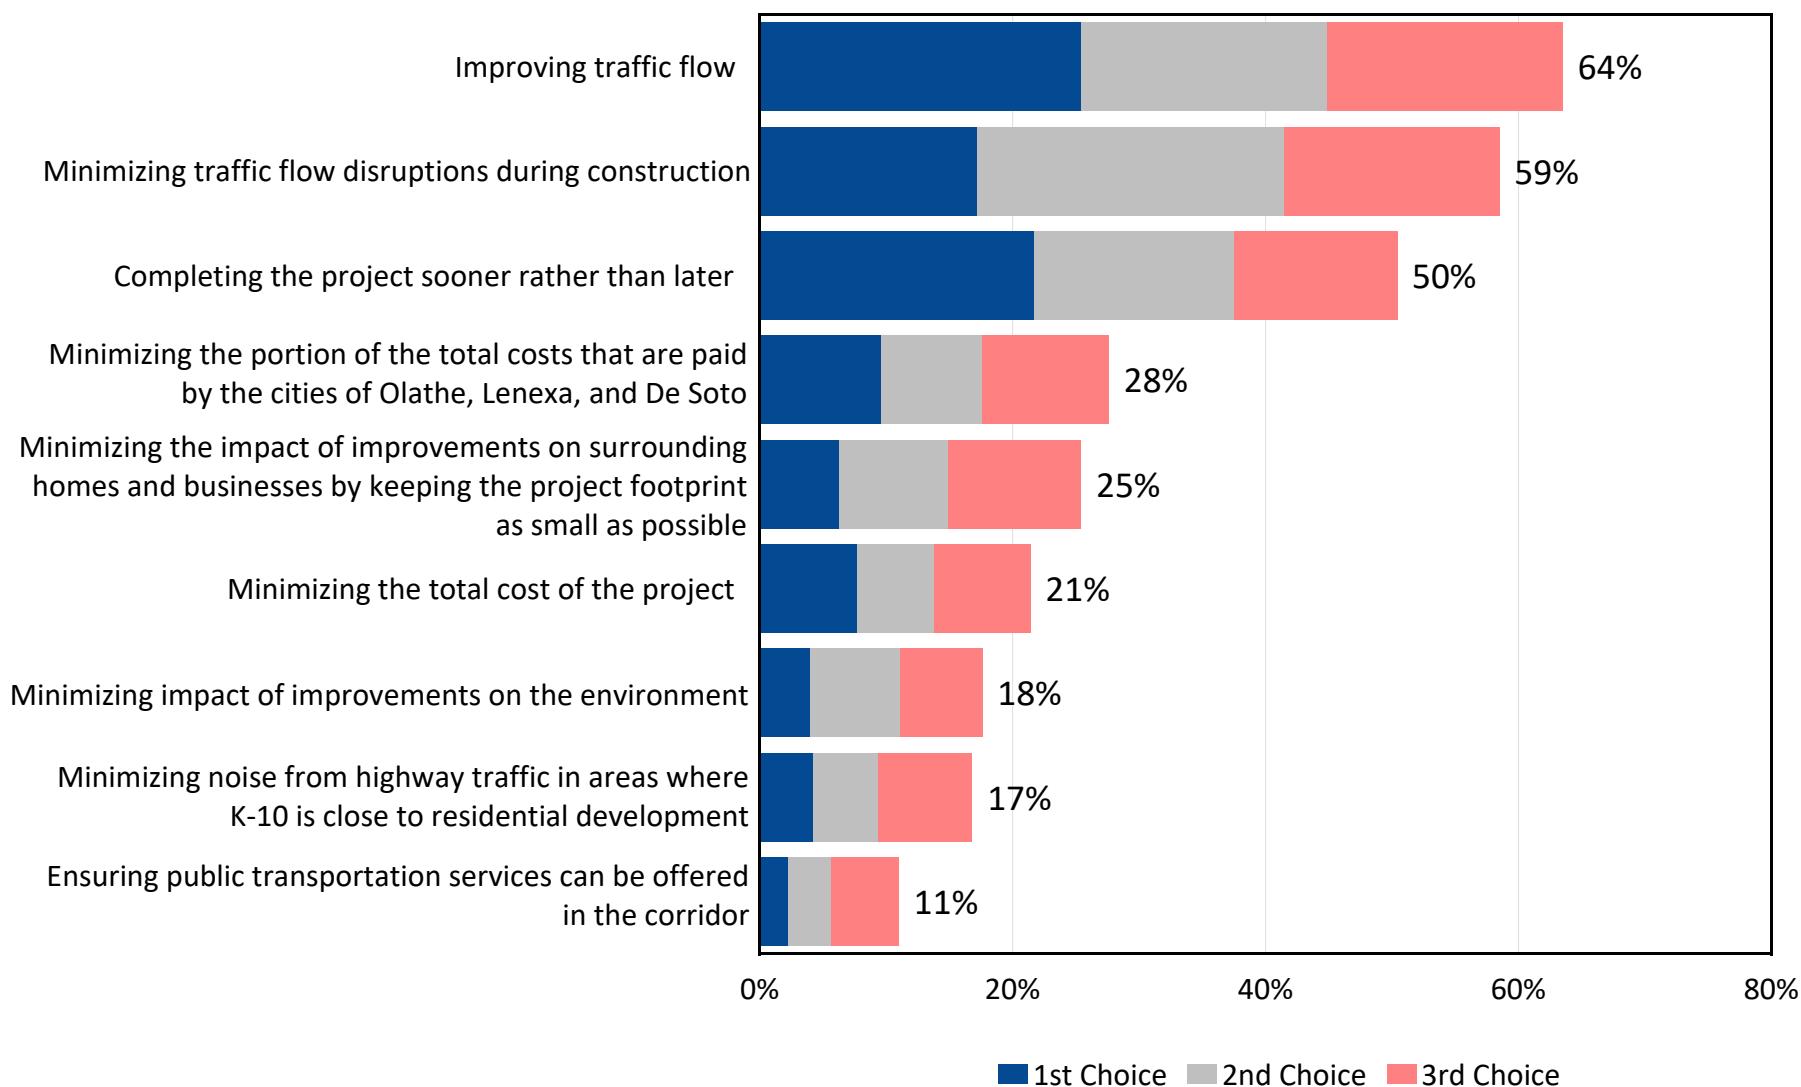

Q9. Please rate how important the following issues should be in determining the types of improvements (if any) that could be made to K-10 between I-435 and the Johnson/Douglas County line

by percentage of respondents (excluding “don’t know”)

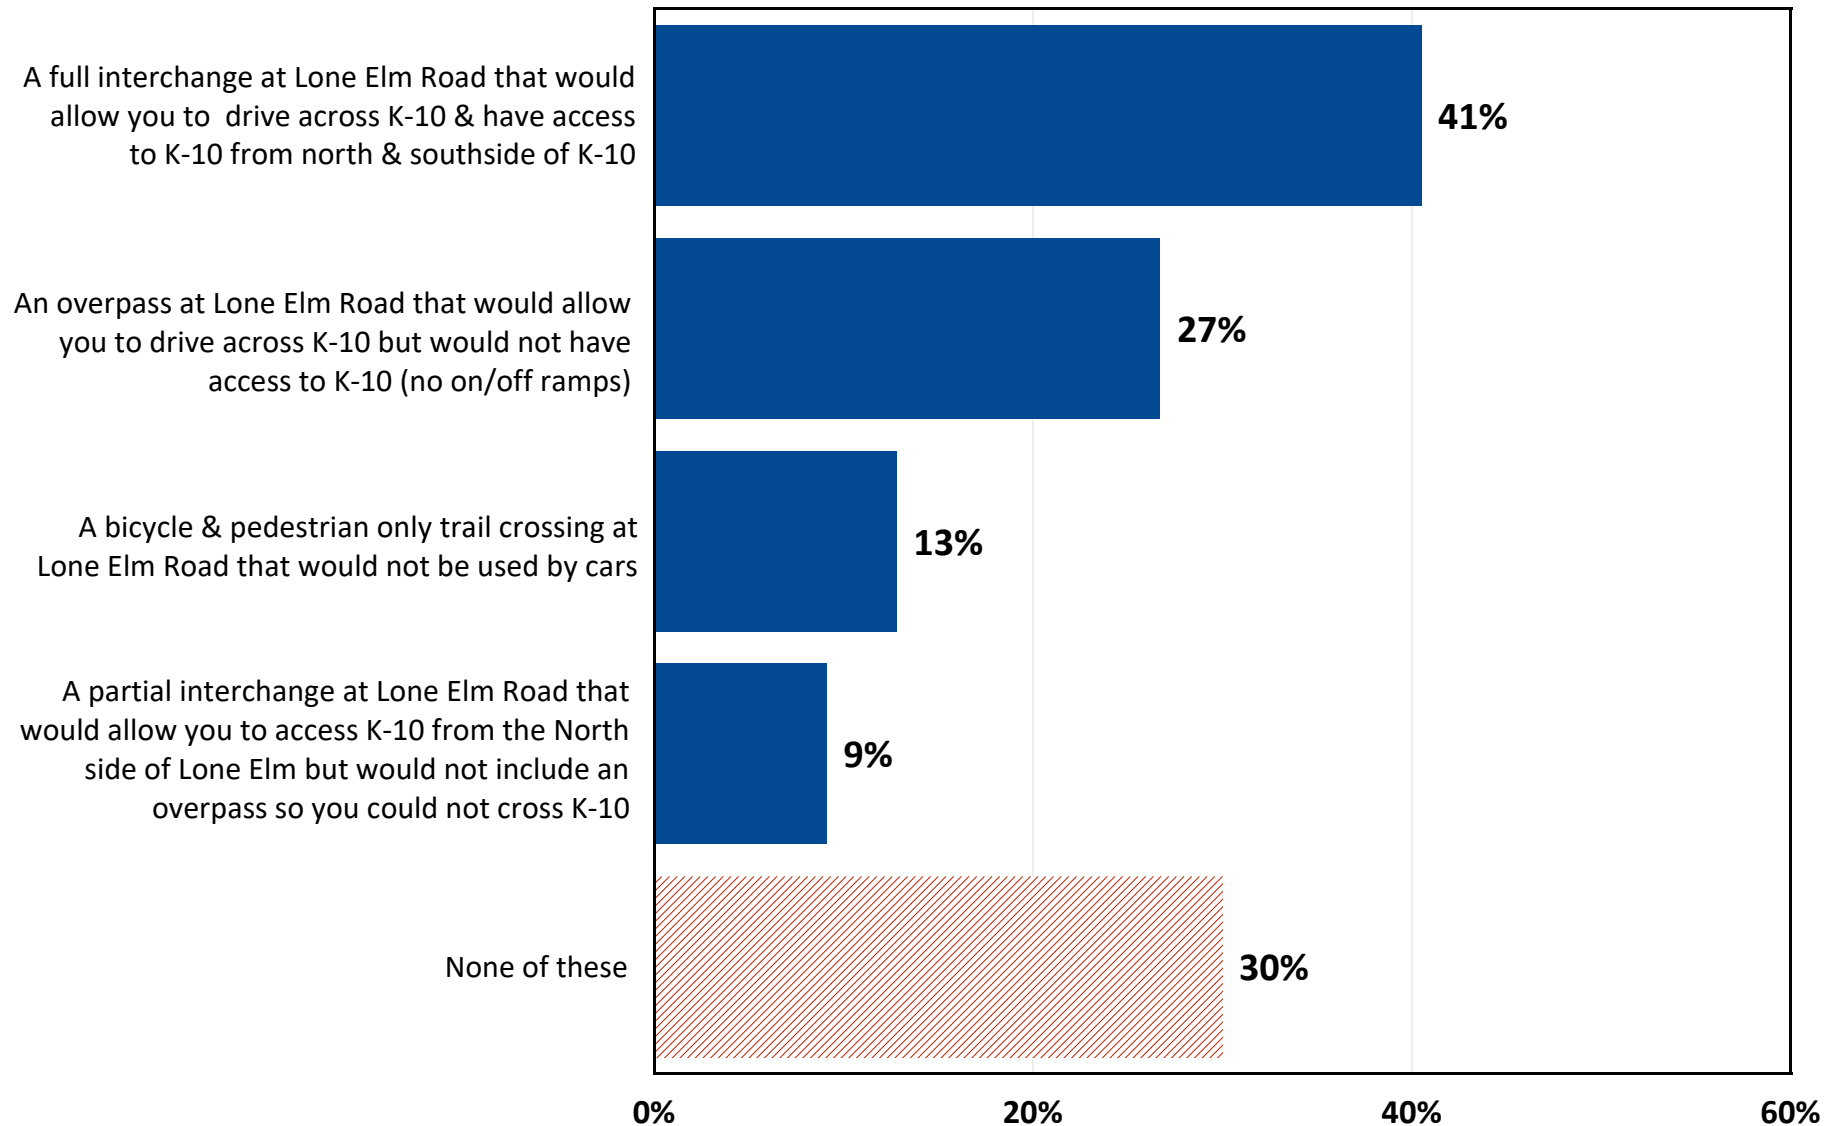

Q10. Which THREE of the items listed in Question 9 are most important?

by percentage of respondents who selected the item as one of their top three choices

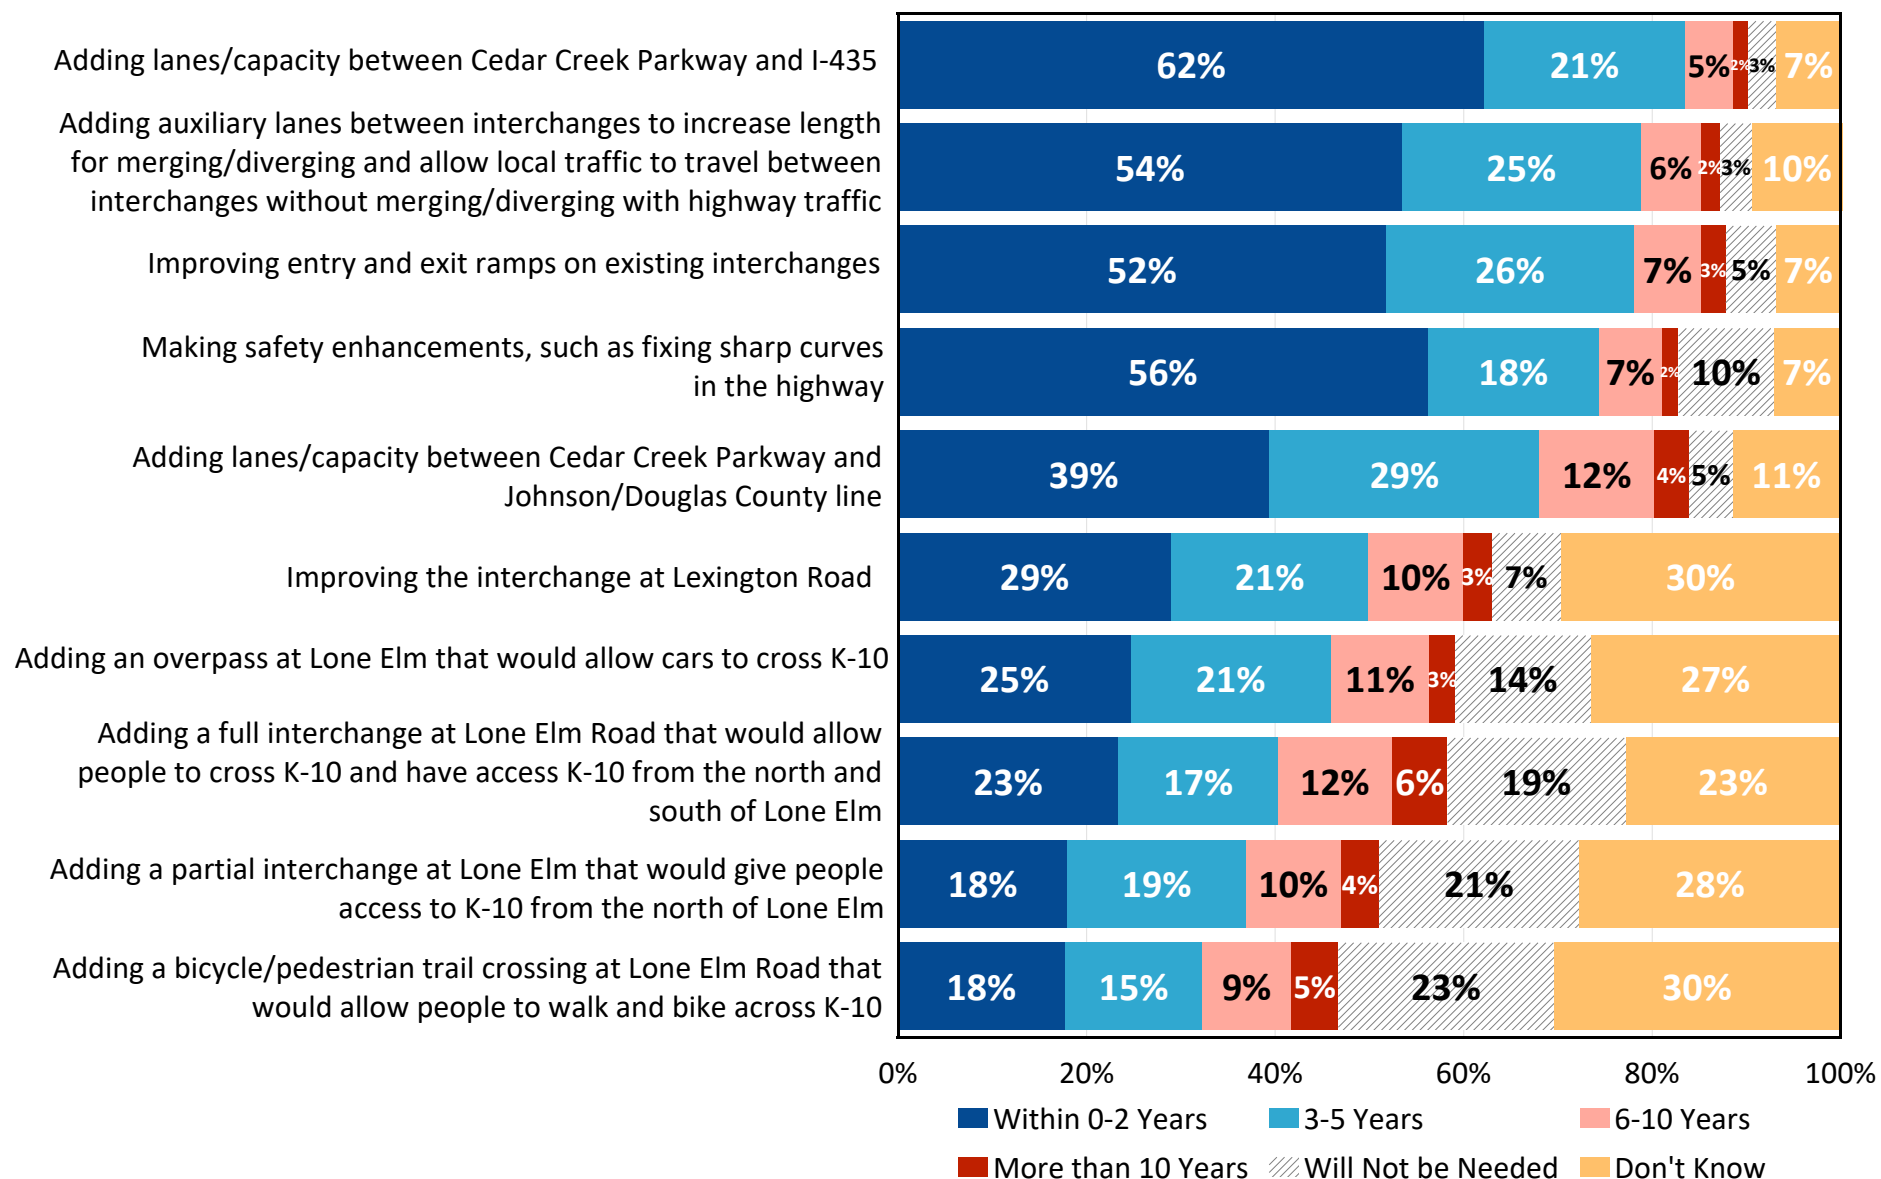

Q11. Which of the following would you USE at Lone Elm Road?

by percentage of respondents (multiple choices could be made)

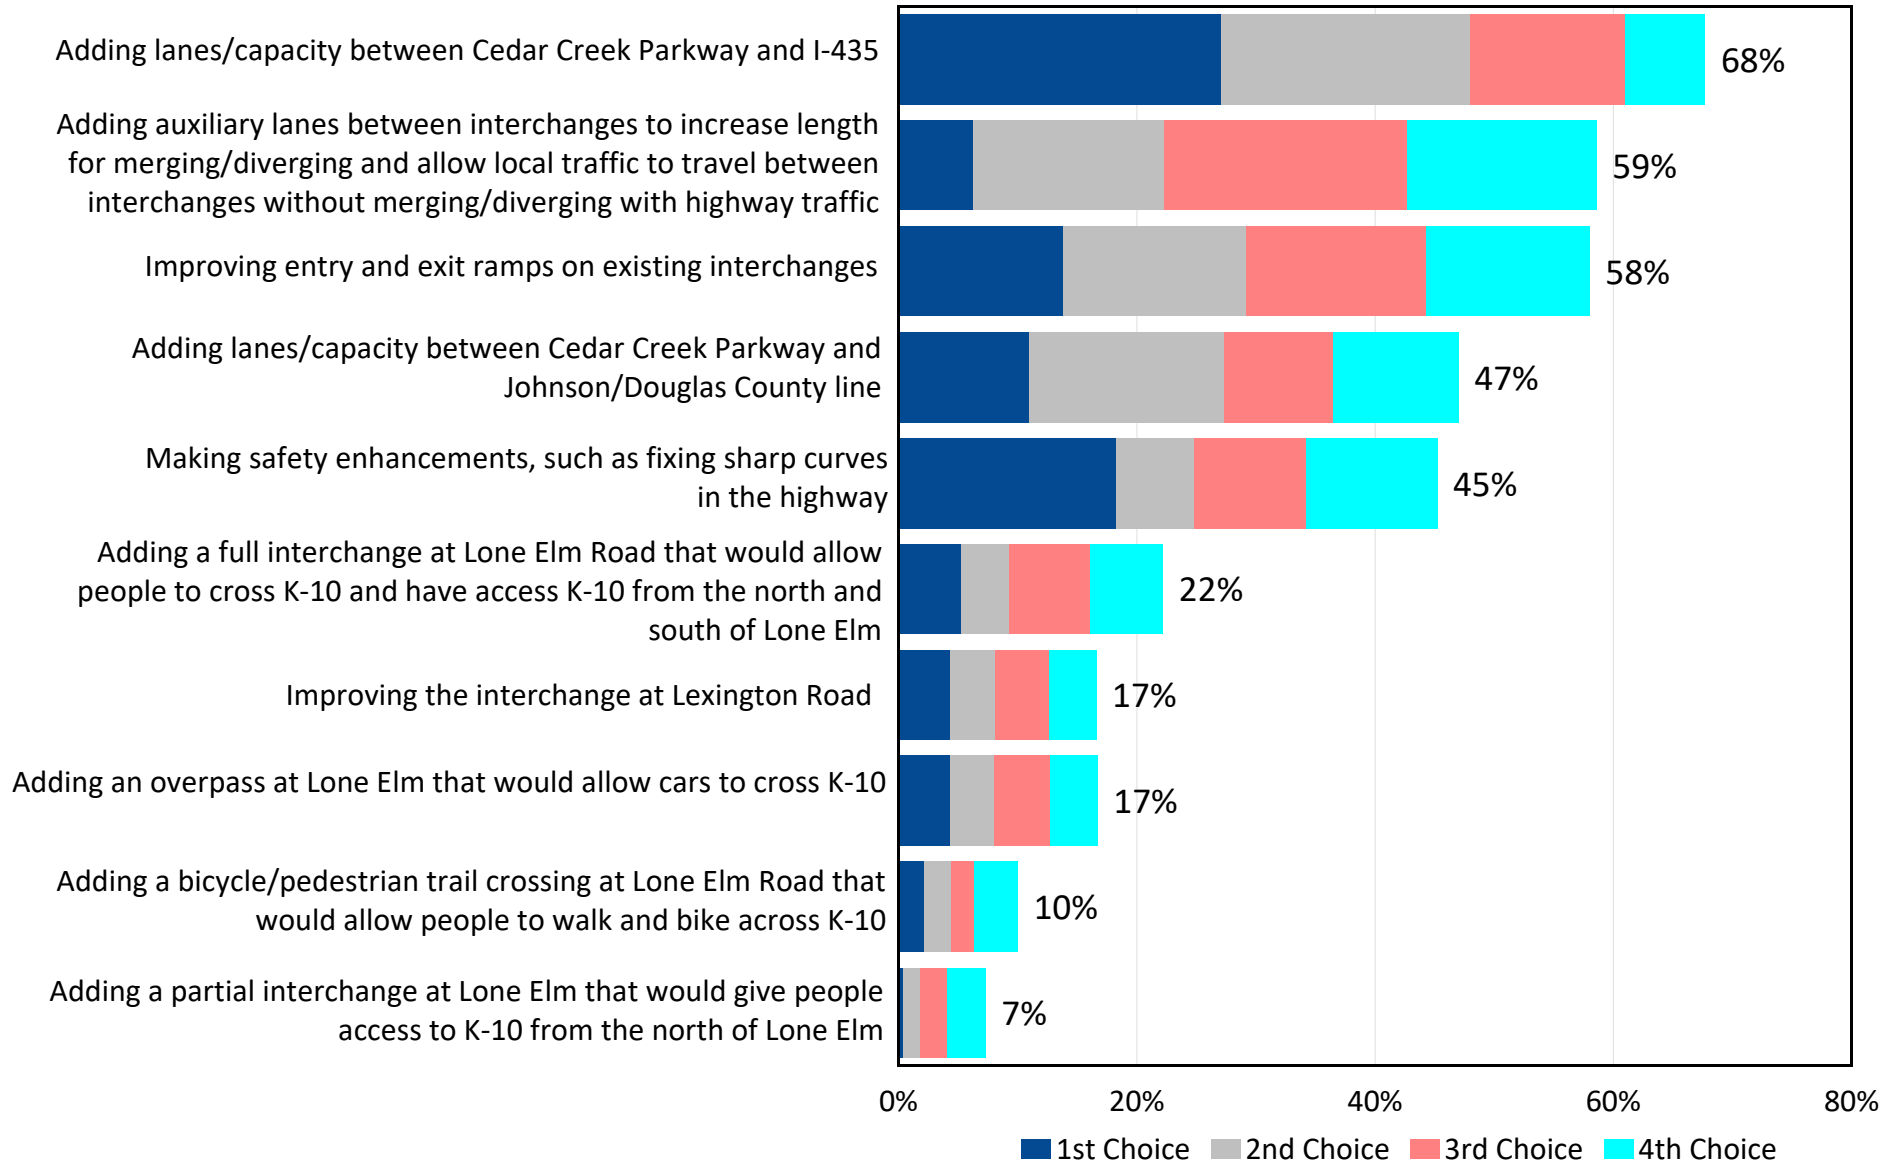

Q12. How soon do you think KDOT should begin making the following improvements to K-10?

by percentage of respondents

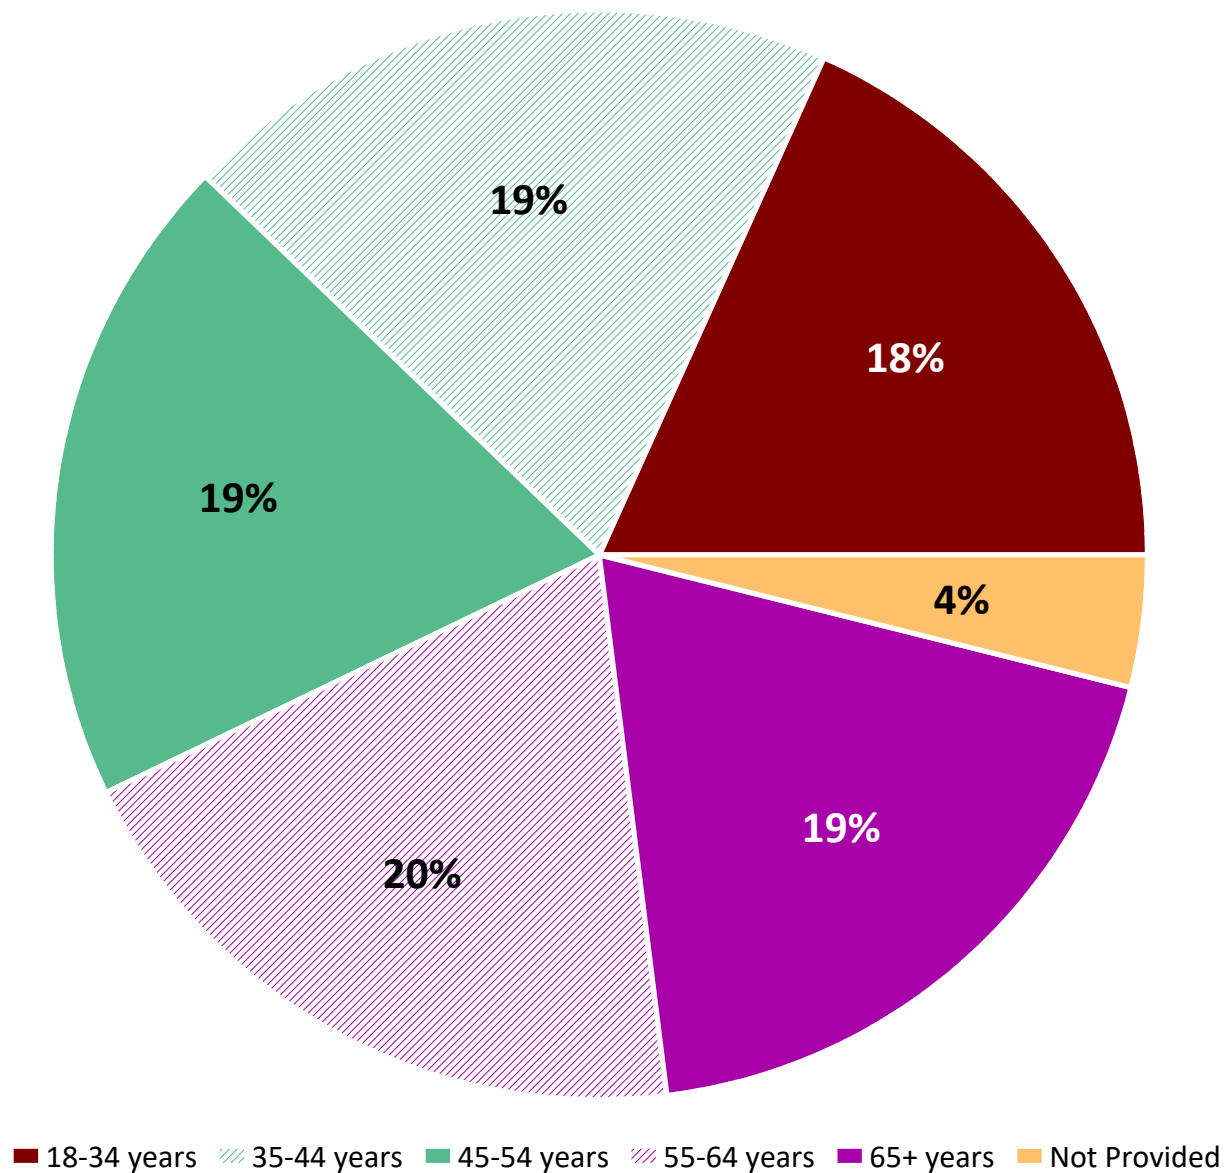

Q13. Which FOUR of the items listed in Question 12 are most important?

by percentage of respondents who selected the item as one of their top four choices

Q14. What is your age?

by percentage of respondents

Section 2: Tabular Data

Distribution of All Respondent by Area

Area	Number	Percent
De Soto	127	11.9 %
Lenexa	361	33.8 %
Olathe	373	34.9 %

Q10. Which THREE of the items listed in Question 9 above are most important?

<u>Q10. 3rd choice</u>	<u>Number</u>	<u>Percent</u>
Minimizing total cost of project	81	7.6 %
Minimizing portion of total costs that are paid by cities of Olathe, Lenexa, & De Soto	107	10.0 %
Completing project sooner rather than later	138	12.9 %
Minimizing traffic flow disruptions during construction	182	17.0 %
Minimizing impact of improvements on surrounding homes & businesses by keeping project footprint as small as possible	112	10.5 %
Minimizing impact of improvements on the environment	69	6.5 %
Ensuring public transportation services can be offered in the corridor	57	5.3 %
Improving traffic flow	199	18.6 %
Minimizing noise from highway traffic in areas where K-10 is close to residential development	79	7.4 %
None chosen	44	4.1 %
Total	1068	100.0 %

Q10. Which THREE of the items listed in Question 9 above are most important? (top 3)

<u>Q10. Sum of Top 3 choices</u>	<u>Number</u>	<u>Percent</u>
Improving traffic flow	678	63.5 %
Minimizing traffic flow disruptions during construction	625	58.5 %
Completing project sooner rather than later	539	50.5 %
Minimizing portion of total costs that are paid by cities of Olathe, Lenexa, & De Soto	294	27.5 %
Minimizing impact of improvements on surrounding homes & businesses by keeping project footprint as small as possible	271	25.4 %
Minimizing total cost of project	228	21.3 %
Minimizing impact of improvements on the environment	188	17.6 %
Minimizing noise from highway traffic in areas where K-10 is close to residential development	180	16.9 %
Ensuring public transportation services can be offered in the corridor	118	11.0 %
None chosen	17	1.6 %
Total	3138	

Q11. Which of the following would you USE at Lone Elm Road?

<u>Q11. Which following would you use at Lone Elm Road</u>	<u>Number</u>	<u>Percent</u>
A partial interchange at Lone Elm Road that would allow you to access K-10 from North side of Lone Elm but would not include an overpass so you could not drive across K-10	97	9.1 %
An overpass at Lone Elm Road that would allow you to drive across K-10 but would not have access to K-10 (no on/off ramps)	285	26.7 %
A full interchange at Lone Elm Road that would allow you to drive across K-10 & have access K-10 from north & southside of K-10	433	40.5 %
A bicycle & pedestrian only trail crossing at Lone Elm Road that would not be used by cars	137	12.8 %
<u>None of these</u>	<u>320</u>	<u>30.0 %</u>
Total	1272	

Q12. How soon do you think KDOT should begin making the following improvements to K-10?

(N=1068)

	Within 0-2 years	3-5 years	6-10 years	More than 10 years	Will not be needed	Don't know
Q12-1. Making safety enhancements, such as fixing sharp curves in the highway	56.2%	18.2%	6.6%	1.8%	10.1%	7.1%
Q12-2. Improving entry & exit ramps on existing interchanges	51.8%	26.3%	7.1%	2.6%	5.4%	6.7%
Q12-3. Improving interchange at Lexington Road	29.0%	20.9%	10.1%	3.0%	7.3%	29.7%
Q12-4. Adding lanes/capacity between Cedar Creek Parkway & Johnson/Douglas County line	39.4%	28.7%	12.1%	3.7%	4.7%	11.3%
Q12-5. Adding lanes/capacity between Cedar Creek Parkway & I-435	62.2%	21.3%	5.1%	1.6%	3.0%	6.8%
Q12-6. Adding auxiliary lanes between interchanges to increase length for merging/diverging & allow local traffic to travel between interchanges without merging/diverging with highway traffic	53.5%	25.3%	6.4%	2.0%	3.4%	9.6%
Q12-7. Adding a partial interchange at Lone Elm that would give people access to K-10 from north of Lone Elm	18.0%	18.9%	10.1%	4.0%	21.3%	27.7%
Q12-8. Adding an overpass at Lone Elm that would allow cars to cross K-10	24.7%	21.2%	10.5%	2.7%	14.4%	26.5%
Q12-9. Adding a full interchange at Lone Elm Road that would allow people to cross K-10 & have access K-10 from north & south of Lone Elm	23.4%	16.9%	12.1%	5.9%	18.9%	22.8%
Q12-10. Adding a bicycle/pedestrian trail crossing at Lone Elm Road that would allow people to walk & bike across K-10	17.7%	14.6%	9.4%	5.0%	22.9%	30.4%

Q13. Which FOUR of the items listed in Question 12 above are most important?

Q13. Top choice	Number	Percent
Making safety enhancements, such as fixing sharp curves in the highway	195	18.3 %
Improving entry & exit ramps on existing interchanges	147	13.8 %
Improving interchange at Lexington Road	46	4.3 %
Adding lanes/capacity between Cedar Creek Parkway & Johnson/Douglas County line	118	11.0 %
Adding lanes/capacity between Cedar Creek Parkway & I-435	289	27.1 %
Adding auxiliary lanes between interchanges to increase length for merging/diverging & allow local traffic to travel between interchanges without merging/diverging with highway traffic	67	6.3 %
Adding a partial interchange at Lone Elm that would give people access to K-10 from north of Lone Elm	4	0.4 %
Adding an overpass at Lone Elm that would allow cars to cross K-10	46	4.3 %
Adding a full interchange at Lone Elm Road that would allow people to cross K-10 & have access K-10 from north & south of Lone Elm	56	5.2 %
Adding a bicycle/pedestrian trail crossing at Lone Elm Road that would allow people to walk & bike across K-10	24	2.2 %
None chosen	76	7.1 %
Total	1068	100.0 %

Q13. 2nd choice	Number	Percent
Making safety enhancements, such as fixing sharp curves in the highway	69	6.5 %
Improving entry & exit ramps on existing interchanges	165	15.4 %
Improving interchange at Lexington Road	41	3.8 %
Adding lanes/capacity between Cedar Creek Parkway & Johnson/Douglas County line	174	16.3 %
Adding lanes/capacity between Cedar Creek Parkway & I-435	223	20.9 %
Adding auxiliary lanes between interchanges to increase length for merging/diverging & allow local traffic to travel between interchanges without merging/diverging with highway traffic	171	16.0 %
Adding a partial interchange at Lone Elm that would give people access to K-10 from north of Lone Elm	15	1.4 %
Adding an overpass at Lone Elm that would allow cars to cross K-10	39	3.7 %
Adding a full interchange at Lone Elm Road that would allow people to cross K-10 & have access K-10 from north & south of Lone Elm	44	4.1 %
Adding a bicycle/pedestrian trail crossing at Lone Elm Road that would allow people to walk & bike across K-10	23	2.2 %
None chosen	104	9.7 %
Total	1068	100.0 %

Q13. Which FOUR of the items listed in Question 12 above are most important?

<u>Q13. 3rd choice</u>	<u>Number</u>	<u>Percent</u>
Making safety enhancements, such as fixing sharp curves in the highway	100	9.4 %
Improving entry & exit ramps on existing interchanges	161	15.1 %

Laura Kelly, Governor

March 2024

Dear Johnson County and Douglas County Residents:

The Kansas Department of Transportation (KDOT) is conducting a survey to find out what Kansans think about potential future improvements to the K-10 Corridor between I-435 and the Douglas/Johnson County line. Your input is needed to help the decisions we make reflect the needs and priorities of your community.

We have selected ETC Institute to help with the survey. ETC Institute has an outstanding record of working with transportation departments nationwide. Once the survey has closed, a summary of what was learned will be posted on the K-10 website spring of 2024. The team looks forward to having the survey results so we can better understand and meet your transportation needs for this important regional corridor.

Please take a few minutes to complete the enclosed survey within the next few days using one of two options. You may return your completed survey by mail using the postage-paid envelope provided, or you can complete the survey online at K10Survey.org. Please choose only one option.

If you have questions, please contact Delaney Tholen, KDOT Public Affairs Manager, at 785-296-0192.

Thank you for participating in this important process.

Sincerely,

Steven Cross, P.E.
Road Design Leader, KDOT
Enclosure

K-10 Corridor Survey

Please take a few minutes to complete this important survey. Your input will be used by the Kansas Department of Transportation (KDOT) as part of a comprehensive study to plan improvements to K-10 Highway between I-435 and the Johnson/Douglas County line. We encourage you to complete the survey online by scanning the QR code to the right or going to [K10Survey.org](https://www.k10survey.org). You may also complete this survey and return it in the postage-paid envelope provided.

1. **Before receiving this survey, did you know KDOT was studying improvements to K-10 between I-435 and the Johnson/Douglas County line?**
 ____ (1) Yes ____ (2) No *[Go to Q2.]*
- 1a. **How did you learn about KDOT's efforts to plan improvements to K-10 between I-435 and the Johnson/Douglas County line? *[Check all that apply.]***
 ____ (1) Facebook/social media ____ (4) Information provided by your city
 ____ (2) Virtual public meeting ____ (5) News story or media coverage
 ____ (3) K-10 project website ____ (6) Other: _____
- 1b. **How useful were these sources in helping you understand efforts to improve K-10?**
 ____ (5) Very useful ____ (3) Somewhat useful ____ (1) Not useful at all
 ____ (4) Useful ____ (2) Not useful
- 1c. **Overall, how well would you rate KDOT's efforts to keep residents informed of planned improvements to K-10 between I-435 and the Johnson/Douglas County line?**
 ____ (5) Excellent ____ (3) Average ____ (1) Very poor
 ____ (4) Good ____ (2) Poor
2. **What time(s) of day do you travel most frequently on K-10 between I-435 and the Johnson/Douglas County line? *[Check all that apply.]***
 ____ (1) Before 6am ____ (3) 9-11am ____ (5) 1-4pm ____ (7) After 6pm
 ____ (2) 6-9am ____ (4) 11-1pm ____ (6) 4-6pm
3. **Thinking about your most common trip on K-10 between I-435 and the Johnson/Douglas County line, what is the maximum time this trip could take before the trip time would be unacceptable?**
 Maximum Time: ____ minutes
4. **How long does this trip take you to complete now?**
 Current Time to Complete Trip in Question 3: ____ minutes
5. **How important do you think K-10 is to businesses and jobs in Olathe, Lenexa, and De Soto?**
 ____ (5) Very important ____ (3) Somewhat important ____ (1) Not important at all
 ____ (4) Important ____ (2) Not important ____ (9) Don't know
6. **How important do you think K-10 is to commuters in Olathe, Lenexa, and De Soto?**
 ____ (5) Very important ____ (3) Somewhat important ____ (1) Not important at all
 ____ (4) Important ____ (2) Not important ____ (9) Don't know

7. How do you think the amount of traffic on K-10 between I-435 and Johnson/Douglas County will change over the next 20 years?

- ☐ (5) It will triple ☐ (2) It will stay about the same
☐ (4) It will double ☐ (1) It will decrease
☐ (3) It will be 50% more ☐ (9) Don't know

8. Are you aware that local city and county governments are expected to make contributions to construct major highway projects that are important to their communities?

- ☐ (1) Yes ☐ (2) No ☐ (9) Don't know

9. Please rate how important the following issues should be in determining the types of improvements (if any) that could be made to K-10 between I-435 and the Johnson/Douglas County line.

Issues	Extremely Important	Very Important	Important	Less Important	Not Important	Don't Know
1. Minimizing the total cost of the project	5	4	3	2	1	9
2. Minimizing the portion of the total costs that are paid by the cities of Olathe, Lenexa, and De Soto	5	4	3	2	1	9
3. Completing the project sooner rather than later	5	4	3	2	1	9
4. Minimizing traffic flow disruptions during construction	5	4	3	2	1	9
5. Minimizing the impact of improvements on surrounding homes and businesses by keeping the project footprint as small as possible	5	4	3	2	1	9
6. Minimizing the impact of improvements on the environment	5	4	3	2	1	9
7. Ensuring public transportation services can be offered in the corridor	5	4	3	2	1	9
8. Improving traffic flow	5	4	3	2	1	9
9. Minimizing noise from highway traffic in areas where K-10 is close to residential development	5	4	3	2	1	9

10. Which **THREE** of the items listed above are most important? *[Write the numbers from Question 9 that correspond to your top three choices in the spaces provided below.]*

1st Choice: _____ 2nd Choice: _____ 3rd Choice: _____

Lone Elm Road

11. Which of the following would you **USE** at Lone Elm Road? *[Check all that apply.]*

- ☐ (1) A **partial interchange** at Lone Elm Road that would allow you to access K-10 from the North side of Lone Elm but would not include an overpass so you could not drive across K-10
☐ (2) An **overpass** at Lone Elm Road that would allow you to drive across K-10 but would not have access to K-10 (no on/off ramps)
☐ (3) A **full interchange** at Lone Elm Road that would allow you to drive across K-10 and have access K-10 from the north and southside of K-10
☐ (4) A **bicycle and pedestrian only trail crossing** at Lone Elm Road that would not be used by cars
☐ (5) None of these

12. How soon do you think KDOT should begin making the following improvements to K-10? [Make one choice in each row.]

Improvement	Within 0-2 Years	3-5 Years	6-10 Years	More than 10 Years	Will Not Be Needed	Don't Know
01. Making safety enhancements, such as fixing sharp curves in the highway	5	4	3	2	1	9
02. Improving entry and exit ramps on existing interchanges	5	4	3	2	1	9
03. Improving the interchange at Lexington Road	5	4	3	2	1	9
04. Adding lanes/capacity between Cedar Creek Parkway and Johnson/Douglas County line	5	4	3	2	1	9
05. Adding lanes/capacity between Cedar Creek Parkway and I-435	5	4	3	2	1	9
06. Adding auxiliary lanes between interchanges to increase length for merging/diverging and allow local traffic to travel between interchanges without merging/diverging with highway traffic	5	4	3	2	1	9
07. Adding a partial interchange at Lone Elm that would give people access to K-10 from the north of Lone Elm	5	4	3	2	1	9
08. Adding an overpass at Lone Elm that would allow cars to cross K-10	5	4	3	2	1	9
09. Adding a full interchange at Lone Elm Road that would allow people to cross K-10 and have access K-10 from the north and south of Lone Elm	5	4	3	2	1	9
10. Adding a bicycle/pedestrian trail crossing at Lone Elm Road that would allow people to walk and bike across K-10	5	4	3	2	1	9

13. Which FOUR of the items listed above are most important? [Write the numbers from Question 12 that correspond to your top four choices in the spaces provided below.]

1st Choice: _____ 2nd Choice: _____ 3rd Choice: _____ 4th Choice: _____

14. What is your age? _____ years

15. What is your home zip code? _____

16. If you have any specific issues or concerns related to K-10 between I-435 and the Johnson/Douglas County line that you would like to share with KDOT, please write them in the space provided below.

17. If you would like to receive updates on developments on K-10 and/or would be interested in participating in future meetings and/or focus groups about improvements to K-10 between I-435 and the Johnson/Douglas County line, please provide your contact information below.

Name: _____

Email: _____ Phone: _____

This concludes the survey. Thank you for your time!

Please return your completed survey in the enclosed postage-paid envelope addressed to:
ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061

For more information on the K-10 Capacity Improvements Project, visit the project website at k10.ksdot.gov.

Your responses will remain completely confidential. The information printed to the right will ONLY be used to better understand how people who live in different areas responded to the survey questions. If your address is not correct, please provide the correct information. Thank you.
